**MOTION BY WELLS, SECOND BY KENDRICK, to CLOSE the Public Hearing.**

**MOTION CARRIED BY UNANIMOUS VOTE.**

Mayor Wells praised the work of staff on submitting the 2020/2021 Budget.

Discussion ensued among Council and Staff concerning the following:

- Duties that can be delegated from the Police Department to other non-sworn officers;
- Majority of the comments submitted were in support of the ECPD;
- Consideration of additional funding for ECPD;
- Social Workers to assist ECPD;
- Average of 75,000 calls for service a year, including proactive actions;
- Cost of transporting service from ECPD to County Jail; and
- Consideration of adding back \$120,000 to ECPD to reinstate the transportation service.

**PUBLIC HEARINGS: (Item 11 – Continued)**

**MOTION BY KENDRICK, SECOND BY McCLELLAN, to AMEND the El Cajon Police Budget by adding \$120,000.**

**MOTION CARRIED BY UNANIMOUS VOTE.**

City Manager Mitchell recommended re-opening Item 16: Compensation for Executive and Unrepresented Employees (A-29), City Manager and City Attorney, to allow for a comment submitted by Stephanie Harper, which was received after the cut off time approved to prepare and organize the hundreds of comments received for the Budget Item.

**MOTION BY WELLS, SECOND BY McCLELLAN, to RECONSIDER Item 16, Compensation for Executive and Unrepresented Employees (A-29), City Manager and City Attorney.**

**MOTION CARRIED BY UNANIMOUS VOTE.**

Mayor Wells requested that Ms. Harper's comment be read.

City Clerk Cortez stated that there was no comment submitted under Ms. Harper's name, and read the one comment received at 2:01 p.m. regarding Item 16. The comment by the anonymous submitter disapproved of a cost of living increase for the Executive and Unrepresented Employees.

City Attorney Foley clarified that a new vote was required, as the item had been reconsidered, and the previous vote was void.

**MOTION BY WELLS, SECOND BY McCLELLAN, to CLOSE the Public Hearing.**

**MOTION CARRIED BY UNANIMOUS VOTE.**

**MOTION BY WELLS, SECOND BY McCLELLAN, to APPROVE changes in compensation for Executive and Unrepresented Employees (A-29), City Manager and City Attorney.**

**MOTION CARRIED BY UNANIMOUS VOTE.**

City Attorney Foley stated that the previous vote regarding Item 11 for Budget adoption, only increased the Police Department budget by \$120,000, and requested the City Council approve the Resolutions to adopt the budget as the City of Cajon, the Housing Authority, and acting as the Successor Agency to the former Redevelopment Agency Board.

**PUBLIC HEARINGS: (Item 11 – Continued)**

**MOTION BY WELLS, SECOND BY McCLELLAN, to ADOPT Resolution No. 069-20, to ADOPT the Fiscal Year 2020-21 Annual Budget with the previously amended increase for the Police Department budget by \$120,000.**

**MOTION CARRIED BY UNANIMOUS VOTE.**

**MOTION BY WELLS, SECOND BY McCLELLAN, to ADOPT Resolution No. 070-00, Approving and Adopting the Annual Appropriations Limit for Fiscal Year 2020-21.**

**MOTION CARRIED BY UNANIMOUS VOTE.**

**MOTION BY McCLELLAN, SECOND BY ORTIZ, to ADOPT Resolution No. 071-20, Approving Designation of General Fund Balances.**

**MOTION CARRIED BY UNANIMOUS VOTE.**

**MOTION BY McCLELLAN, SECOND BY KENDRICK, to Acting as the Housing Authority Board of Directors, ADOPT Resolution No. ECHA-31 Adopting the Fiscal Year 2020-21 Budget.**

**MOTION CARRIED BY UNANIMOUS VOTE.**

**MOTION BY McCLELLAN, SECOND BY KENDRICK, to Acting as the Successor Agency to the former Redevelopment Agency Board of Directors, ADOPT Resolution No. SA 001-20, Adopting the Fiscal Year 2020-21 Budget.**

**MOTION CARRIED BY UNANIMOUS VOTE.**

**CLOSED SESSIONS:** None

**Adjournment:** Mayor Wells adjourned the Adjourned Regular Joint Meeting of the El Cajon City Council/Housing Authority/Successor Agency to the El Cajon Redevelopment Agency held this 23<sup>rd</sup> day of June 2020, at 6:36 p.m., to Tuesday, June 23, 2020, at 3:00 p.m.

City Council  
Agenda Report

**DATE:** July 14, 2020  
**TO:** Honorable Mayor and City Councilmembers  
**FROM:** Dennis Davies, Deputy Director of Public Works  
**SUBJECT:** Authorizing the Sole Source Purchase of a Replacement Vehicle

---

**RECOMMENDATION:**

That the City Council adopts the next Resolution, in order, to:

1. Authorize the sole source purchase of a replacement vehicle and its contents, which were destroyed by fire on May 30, 2020; and
2. Appropriate \$90,000 from the General Fund for the purchase of a replacement vehicle and the destroyed contents.

**BACKGROUND:**

On Saturday, May 30, 2020, the Heartland Fire Chief's Ford F-150 pickup truck was destroyed during civil unrest in La Mesa. The City has submitted an insurance claim and has received authorization to replace the vehicle and its contents at full present-day replacement value.

Heartland Fire & Rescue has requested the Ford F-150 truck be replaced with a Ford Explorer. The Ford Explorer has a slightly lower replacement cost, but is more versatile for the Fire Chief's use.

The City's Fleet personnel have located a 2020 Ford Explorer that is currently available from Kearney Mesa Ford. Production has slowed and the supply of vehicles is limited due to the pandemic. Ordering a customized vehicle from the factory would take six months to a year. For these reasons, staff recommends that the City Council authorize the sole source purchase of the vehicle and a General Fund appropriation of \$90,000 for the replacement of the vehicle and its contents.

**FISCAL IMPACT:**

Total cost of all items is approximately \$90,000: Vehicle \$46,000, outfitting \$19,000 and vehicle contents \$25,000. The City's insurance is expected to issue a settlement for the full value, minus the City's deductible of \$25,000.

RESOLUTION NO. \_\_-20

A RESOLUTION OF THE CITY COUNCIL OF THE  
CITY OF EL CAJON AUTHORIZING THE  
SOLE SOURCE PURCHASE OF A  
REPLACEMENT VEHICLE

WHEREAS, on May 30, 2020, the City of El Cajon (the "City") lost a Ford F150 truck assigned to the Fire Department, along with all contents and equipment, by fire started by unknown persons; and

WHEREAS, due to the ongoing Coronavirus pandemic, vehicle production has slowed and the supply of trucks and utility vehicles is very limited, and it would take six to twelve months to order a vehicle at this time; and

WHEREAS, the City's Fleet personnel have located a 2020 Ford Explorer that is currently available from Kearny Mesa Ford as an acceptable replacement to the destroyed vehicle, and staff recommends that the City Council authorizes the sole source purchase of this vehicle and appropriates \$90,000 from the General Fund for the acquisition of the replacement vehicle and replacement equipment necessary to outfit the vehicle completely; and

WHEREAS, the City Council believes it to be in the City's best interests to appropriate \$90,000 from the General Fund for the purchase of a replacement vehicle including outfitting and all items destroyed, and to authorize the Purchasing Agent to execute a sole source purchase agreement with Kearny Mesa Ford for the 2020 Ford Explorer currently available.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF EL CAJON AS FOLLOWS:

1. The above recitals are true and correct, and are the findings of the City Council.
2. The City Council hereby appropriates \$90,000 from the General Fund for the purchase of a replacement vehicle, at a cost of \$46,000, the purchase of replacement contents and equipment, at a cost of \$25,000, and the installation of equipment and contents, at a cost of \$19,000, and authorizes the Purchasing Agent to execute a sole source purchase agreement with Kearny Mesa Ford for the 2020 Ford Explorer, with such changes or amendments as maybe approved by the City Manager.

Agenda Report

**DATE:** July 14, 2020  
**TO:** Honorable Mayor and City Councilmembers  
**FROM:** Yazmin Arellano, Acting Director of Public of Works  
**SUBJECT:** Urban Streams Restoration Program Grant Award

---

**RECOMMENDATION:**

That the City Council adopts the next Resolutions, in order to:

1. Authorize the City Manager, or approved designee, to accept grant funding as provided through the State of California Department of Water Resources for the Urban Streams Restoration Program;
2. Authorize the City Manager, or approved designee, to execute grant agreements and any other such documents necessary, with the State of California Department of Water Resources to accept any awards of grants; and
3. Authorize the City Manager, or approved designee, to execute grant agreements with the City's project co-sponsor, the San Diego River Park Foundation, to support public outreach as required for the project.

**BACKGROUND:**

The Department of Water Resources' Urban Streams Restoration Program (USRP) intends to provide grant funding to local communities for projects that: reduce flooding and risk of property damage, restore or enhance the ecology of streams, and promote community involvement, education and watershed stewardship. The program is funded through two State of California propositions, Proposition 68 and Proposition 84.

In April of 2020, and following the filing of a grant application, staff was notified that the Broadway Creek Restoration Project was selected to receive grant funding for a total award of \$1,000,000. The grant provides needed funding for the project to improve and restore vital habitat along Broadway Creek. Currently, the creek has a non-uniform cross section and suffers from heavy erosion along the channel banks. Additionally, overgrowth and capacity issues have been prevalent along the creek alignment, which present flooding risks to residents located at adjacent properties.

The USRP grant requires the coordination and cooperation of two applicants (sponsor and co-sponsor): one local public agency and the other a certified 501(c)(3) non-profit organization or local community group. City Staff has coordinated with the San Diego River Park Foundation (SDRPF), the designated co-sponsor for the project, for the group's expertise with community engagement, public outreach and educational sign improvements. Prior relationships with the group have yielded great results and insights to local community engagement. The program requires a signed agreement between the two authorities as defined in the grant application. A

draft of the agreement has been included as an attachment to this report.

**FISCAL IMPACT:**

Grant funding in the amount of \$1,000,000 will be appropriated in the FY2020-21 budget for the Broadway Creek Restoration Project (WW3586). No general fund monies will be used.

RESOLUTION NO. \_\_\_\_ -20

A RESOLUTION OF THE CITY COUNCIL  
OF THE CITY OF EL CAJON APPROVING AN  
AGREEMENT BETWEEN THE CITY OF EL CAJON  
AND THE SAN DIEGO RIVER PARK FOUNDATION

WHEREAS, the City of El Cajon (the "City") has secured grant funds from the Department of Water Resources' Urban Streams Restoration Program ("USRP"), which is funded through two State of California propositions, Proposition 68 and Proposition 84, for the restoration and improvements to Broadway Creek (the "Project"); and

WHEREAS, the award of the grant from the USRP requires a co-sponsor and certified 501(c)(3) non-profit organization or community group; and

WHEREAS, the City has selected the San Diego River Park Foundation (the "Foundation") as the project co-sponsor to develop a community engagement plan, coordinate volunteer efforts, and design interpretive elements that benefit the Project; and

WHEREAS, the Foundation has represented to the Agency that it is knowledgeable, qualified, and expert in skills required for the Project, and covenants that it is capable of performing the services required under an agreement to implement the Project; and

WHEREAS, the City desires to engage the services of the Foundation to perform work on the Project through that certain Agreement for Services between the City and the Foundation, which has been presented to the City Council at this meeting (the "Agreement").

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF EL CAJON AS FOLLOWS:

1. The above recitals are true and correct, and are the findings of the City Council.
2. The City Council hereby approves the Agreement, substantially in the form as presented at this meeting, and any such amendments to the Agreement as may be necessary, with such changes as may be approved by the City Manager.
3. The City Manager, or such person as is designated by the City Manager, is hereby authorized and directed to execute the Agreement on behalf of the City of El Cajon, and such other documents necessary, with such changes or amendments as may be approved by the City Manager, on behalf of the City of El Cajon.

**Agreement For Services between**  
**City of El Cajon**  
**and**  
**The San Diego River Park Foundation**

This Agreement For Services (the "Agreement") is entered into by and between the City of El Cajon, a California charter city and municipal corporation, with its principal offices located at 200 Civic Center Way, El Cajon, California (hereinafter referred to as "Agency") and The San Diego River Park Foundation, a non-profit corporation under the laws of the State of California, in the County of San Diego, with its principal offices located at 4891 Pacific Highway, Suite 114, San Diego, CA 92110 (hereinafter referred to as "Contractor").

**WITNESS THAT:**

WHEREAS, Agency desires to obtain the services of the Contractor to perform work under this Agreement in developing a community engagement and volunteer coordination plan, hosting creek recreation access workshops, and designing interpretive elements to benefit the project (the "Project"); and,

WHEREAS, the Contractor has represented to Agency that it is knowledgeable, qualified, and expert in skills required for this project and covenants that it is capable of performing the services required under this Agreement and desires AGENCY to engage its services; and

WHEREAS, AGENCY recognizes that the Contractor is acting as an independent contractor in the performance of work under this Contract,

NOW THEREFORE, FOR GOOD AND VALUABLE CONSIDERATION, the receipt of which is hereby acknowledged, the parties do mutually agree as follows:

**ARTICLE I. SCOPE OF WORK; STATUS OF PARTIES; COOPERATION.**

- a. The Contractor agrees to comply with all applicable requirements of the Urban Streams Restoration Program (the "USRP") made between Agency and the California Department of Water Resources, dated July 2019 (the "Funding Requirements"), that is the basis for this project and which is attached hereto as Exhibit A and made part hereof.

The Contractor agrees to undertake, carry out and complete for Agency, in a satisfactory and competent manner, all of the work and services set forth in the Scope of Work, which is attached hereto as Exhibit B and made part hereof (the "Services").

In addition to the specific services and formal reports required hereunder, Agency agrees that it will at all times during the performance of this Agreement maintain close liaison with Contractor's Project Manager (identified in Article II, below) in order to assure a well

integrated effort. Agency will update Contractor with relevant information from California Department of Water Resources as received.

- b. Contractor shall perform all work under this Agreement in a skillful, competent and timely manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Contractor represents and maintains that it is skilled in the professional calling necessary to perform the Services. Contractor warrants that all of Contractor's employees and subcontractors shall have sufficient skill and experience to perform the Services assigned to them. Contractor further represents that it, its employees and subcontractors or subconsultants have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, and that such licenses and approvals shall be maintained throughout the term of this Agreement. Any of Contractor's employees who are determined by Agency to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, a threat to the safety of persons or property, or any of Contractor's employees, or the employees of Contractor's subcontractors, in any event who fail or refuse to perform the Services in a manner acceptable to Agency, shall be promptly removed from the work by the Contractor and shall not be re-employed to perform any further work on the Project. Contractor shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the work necessary for the Services, and shall give all notices required by law. Contractor shall be liable for all violations of such laws and regulations in connection with the work under this Agreement.

## **ARTICLE II. KEY PERSONNEL.**

Key personnel for this Project shall include:

Sarah Hutmacher, serving as the Contractor's Project Manager.

Jeffrey Manchester, serving as Agency's Project Manager.

Contractor shall not replace or substitute another individual as its Project Manager without the expressed written prior approval of Agency.

## **ARTICLE III. PERIOD OF PERFORMANCE.**

The period of performance of this Contract shall be from July 1, 2020 through June 30, 2023.

## **ARTICLE IV. COMPENSATION AND MAXIMUM COST.**

In full and complete consideration of Contractor's performance under this Agreement, Contractor shall be reimbursed for allowable costs incurred in providing the Services and the work required of this Agreement not to exceed a maximum amount of \$63,146.

Contract expenditures shall be in accordance with the budget and allowable costs per the USRP Funding Agreement, to be executed at grant award.

#### **ARTICLE V. PAYMENT.**

Contractor shall be reimbursed for allowable costs up to a maximum of \$63,146. Payment to Contractor shall be made within thirty (30) days upon receipt and approval by Agency of an invoice showing approved budget categories, expenditures for the period covered by the invoice, and remaining balance.

All invoices submitted must contain the following certification statement: "I certify that all expenditures reported (or payment requested) are for appropriate purposes and in accordance with the provisions of the Agreement." All invoices must be signed by the Contractor's Director of Grants and Contracts Administration or his/her designee.

Invoices must be submitted at least quarterly to the Agency on a reimbursement basis. The Contractor may submit invoices more frequently, if desired, upon mutual agreement in writing with the Agency's Project Manager. The final invoice shall be received by Agency no later than November 30, 2022.

#### **ARTICLE VI. REPORTING**

Contractor will submit quarterly progress reports for all quarters that include work for which they seek reimbursement to the Agency's designated Project Manager. Progress reports may be submitted by email, unless otherwise requested by Agency.

If requested, Contractor shall promptly, within seven (7) days, provide additional information deemed necessary by Agency for progress reports.

#### **ARTICLE VII. FINANCIAL MANAGEMENT SYSTEMS.**

Contractor shall maintain acceptable financial management systems during the term of the Agreement. Such systems shall provide:

- accurate, current and complete disclosure of the financial activity under this Agreement;
- records that identify the source and application of the Contractor's funds;
- effective control over and accountability for all funds, property and other assets;
- comparison of actual outlays with budgeted Contract amounts;
- consistency with the applicable regulatory cost principles; and,
- accounting records supported by source documentation.

## **ARTICLE VIII. RECORDS RETENTION AND AUDIT.**

Agency shall have access to and the right to examine and audit directly, during normal business hours, pertinent books, documents, papers and records of Contractor up to a period of three years beyond the completion of the Agreement.

## **ARTICLE IX. HOLD HARMLESS.**

Contractor shall defend, indemnify and hold harmless the Agency, and its elected and appointed officers, employees and agents, from and against any and all liability, loss, expense, attorney's fees, or claims for injury or damages arising out of the Contractor's performance under this Agreement but only in proportion to and to the extent such liability, loss, expense, attorney's fees or claims for injury or damages are caused by or result from the negligent or intentional acts or omissions of the Contractor, its officers, agents, volunteers or employees.

The Agency shall defend, indemnify and hold harmless the Contractor, its officers, employees and agents from and against any and all liability, loss, expense, attorney's fees, or claims for injury or damages arising out of the Agency's breach of this Agreement but only in proportion to and to the extent such liability, loss, expense, attorney's fees or claims for injury or damages are caused by or result from the negligent or intentional acts or omissions of the Agency its officers, agents or employees.

## **ARTICLE X. INSURANCE.**

Contractor shall, at its sole cost and expense, procure and maintain throughout the term of this Agreement, the following insurance coverage:

- A. Comprehensive General Liability insurance providing coverage against claims for Bodily Injury or Death, and Property Damage. Such insurance shall provide protection to the limit of not less than \$2,000,000 combined single limit for Bodily Injury and Property Damage.
- B. Workers' Compensation insurance statutory coverage including Employers Liability with limits of not less than \$1,000,000.
- C. Comprehensive Automobile Liability with limits not less than \$1,000,000 each occurrence, combined single limit for Bodily Injury and Property Damage, including coverage for owned, non-owned and hired vehicles.

This coverage shall name [List] as additionally insured.

## **ARTICLE XI. WORKERS' COMPENSATION.**

The Contractor affirms that it is aware of the provisions of § 3700 of the Labor Code, which requires every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and the Contractor affirms that it will comply with such provisions before commencing the performance of the work under this Agreement.

## **ARTICLE XII. DRUG-FREE WORKPLACE CERTIFICATION.**

Certification of Compliance: By signing this Agreement, the Contractor, its contractors or subcontractors hereby certify, under penalty of perjury under the laws of State of California, compliance with the requirements of the Drug-Free Workplace Act of 1990 (Government Code sections 8350 *et seq.*) and have or will provide a drug-free workplace by taking the following actions:

- a) Publish a statement notifying employees, contractors, and subcontractors that unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited and specifying actions to be taken against employees, contractors, or subcontractors for violations, as required by Government Code section 8355(a)(1).
- b) Establish a Drug-Free Awareness Program, as required by Government Code section 8355(a)(2) to inform employees, contractors, or subcontractors about all of the following:
  - a. The dangers of drug abuse in the workplace.
  - b. Contractors's policy of maintaining a drug-free workplace.
  - c. Any available counseling, rehabilitation, and employee assistance programs, and
  - d. Penalties that may be imposed upon employees, contractors, and subcontractors for drug abuse violations.
- c) Provide, as required by Government Code sections 8355(a)(3), that every employee, contractor, and/or subcontractor who works under this Agreement:
  - a. Will receive a copy of the Contractor's drug-free policy statement, and
  - b. Will agree to abide by terms of Contractor's condition of employment, contract or subcontract.

## **ARTICLE XIII. TERMINATION.**

Contractor shall use its best efforts to provide the services herein contained at the time and in the manner herein provided. This Agreement may be terminated by Agency or by the Contractor at any time, with or without cause, upon the giving of thirty (30) days prior written notice to the other party. Said notice shall be given to the person executing this Agreement. In the event of termination without cause, the Contractor shall be entitled to payment for acceptable and allowable work performed under this Agreement, and for all uncancellable obligations made in connection with such work, through the date of termination. Any prepaid but unearned funds shall be promptly returned to Agency.

## **ARTICLE XIV. CERTIFICATION REGARDING DEBARMENT.**

This Agreement is subject to debarment and suspension regulations published in the Federal Register for May 26, 1988.

**ARTICLE XV. LAWS GOVERNING.**

This Contract shall be governed by and construed in accordance with the laws of the State of California, including, but not limited California Labor Code prevailing wage requirements as applicable.

(a) California Labor Code Requirements.

(i) Contractor is aware of the requirements of California Labor Code sections 1720 et seq. and 1770 et seq., which require the payment of prevailing wage rates and the performance of other requirements on certain “public works” and “maintenance” projects ("Prevailing Wage Laws"). If the services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the total compensation is \$1,000 or more, Contractor agrees to fully comply with such Prevailing Wage Laws. Contractor shall defend, indemnify and hold the AGENCY, its officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure to comply with the Prevailing Wage Laws. It shall be mandatory upon the Contractor and all subcontractors to comply with all California Labor Code provisions, which include but are not limited to prevailing wages (Labor Code sections 1771, 1774 and 1775), employment of apprentices (Labor Code section 1777.5), certified payroll records (Labor Code sections 1771.4 and 1776), hours of labor (Labor Code sections 1813 and 1815) and debarment of contractors and subcontractors (Labor Code section 1777.1). The requirement to submit certified payroll records directly to the Labor Commissioner under Labor Code section 1771.4 shall not apply to work performed on a public works project that is exempt pursuant to the small project exemption specified in Labor Code section 1771.4.

(ii) If any portion of the work is being performed as part of an applicable "public works" or "maintenance" project, then pursuant to Labor Code sections 1725.5 and 1771.1, the Contractor and all subcontractors performing such services must be registered with the Department of Industrial Relations. Contractor shall maintain registration for the duration of the Project and require the same of any subcontractors, as applicable. This Project may also be subject to compliance monitoring and enforcement by the Department of Industrial Relations. It shall be Contractor’s sole responsibility to comply with all applicable registration and labor compliance requirements. Notwithstanding the foregoing, the contractor registration requirements mandated by Labor Code sections 1725.5 and 1771.1 shall not apply to work performed on a public works project that is exempt pursuant to the small project exemption specified in Labor Code sections 1725.5 and 1771.1.

**ARTICLE XVI. NOTICES.**

All notices to any party hereunder shall be in writing, signed by the party giving it, and shall be sufficiently given or served, if sent by registered mail addressed the parties at their addresses indicated below.

**ARTICLE XVII. FORCE MAJEURE.**

The Contractor is not liable for failure to perform their obligations if such failure is a result of Acts of God (including fire, flood, freezing, earthquake, hurricane, storm, tornado, or other natural disaster), war, invasion, act of foreign enemies, hostilities (regardless of whether war is declared), civil war, rebellion, revolution, insurrection, military or usurped power or confiscation, terrorist activities, nationalization, government sanction, blockage, embargo, labor dispute, strike, lockout or interruption or failure of electricity or telephone service.

If the Contractor asserts Force Majeure as an excuse for failure to perform their obligation, then the Contractor must prove that reasonable steps were taken to minimize delay or damages caused by foreseeable events, that the Contractor substantially fulfilled all non-excused obligations, and that Agency was notified in a timely manner of the likelihood or actual occurrence of an event described in Article XVII. Force Majeure.

## **ARTICLE XVII. ENTIRE AGREEMENT.**

This Agreement and the Attachments hereto contain the entire agreement of the parties, and no representation, provision, warranty, term, condition, promise, duty or liability, expressed or implied, shall be binding upon or applied to either party, except as herein stated. No amendment or modification of any term, provision or condition of this Agreement shall be binding or enforceable unless in writing and signed by each of the parties.

## **ARTICLE XVIII. MISCELLANEOUS.**

- (a) Time is of the essence for each and every provision of this Agreement.
- (b) This Agreement shall be binding on the successors and assigns of the Parties, and shall not be assigned by Contractor without the prior written consent of Agency.
- (c) In interpreting this Agreement, it shall be deemed that it was prepared jointly by the Parties with full access to legal counsel of their own. No ambiguity shall be resolved against any party on the premise that it or its attorneys were solely responsible for drafting this Agreement or any provision thereof.
- (d) For the term of this Agreement, no member, officer or employee of Agency, during the term of his or her service with Agency, shall have any direct interest in this Agreement, or obtain any present or anticipated material benefit arising therefrom.
- (e) Contractor represents that it is an equal opportunity employer and it shall not discriminate against any employee or applicant for employment because of race, religion, color, national origin, ancestry, sex or age. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination.
- (f) None of the provisions of this Agreement shall be considered waived by either party, unless such waiver is expressly specified in writing.
- (g) All Exhibits and Recitals contained herein are hereby incorporated into this agreement by this reference.
- (h) This Agreement may be executed in counterparts, each of which shall constitute an original and all of which shall constitute one agreement.
- (i) The persons executing this Agreement on behalf of their respective Parties represent and warrant that they have the authority to do so under law and from their respective Parties

IN WITNESS WHEREOF, the parties have executed this Contract as of the date hereof.

# 1 INTRODUCTION

---

These guidelines and proposal solicitation package (PSP) establish eligibility requirements and the process used to solicit applications, evaluate proposals, and award grants and directed expenditures for San Joaquin Fish Population Enhancement Program and Urban Streams Restoration Program funding.

**The Riverine Stewardship Program (RSP)** was established in California Water Code (Water Code) Section 7049 to implement watershed-based riverine and riparian stewardship improvements by providing technical and financial assistance in support of projects that reduce flood risk, restore and enhance fish populations and habitat, improve water quality, achieve climate change benefits, and in general ensure resilient ecological functions within areas that include, but are not limited to, urban or urbanizing areas of the state. The RSP coordinates implementation of the following sub-programs:

**The San Joaquin Fish Population Enhancement Program (SJFPEP)** is funded by Proposition 13 which allows the California Department of Water Resources (DWR) to fund projects through local assistance grants or direct expenditures. The SJFPEP goals are to:

- (1) Enhance native fish populations in the lower San Joaquin River watershed.
- (2) Reduce vulnerability of native fishes to water diversions, predation, and other impacts to their populations at all life stages within or upstream of the Sacramento-San Joaquin Delta (Delta).

A major objective of the SJFPEP is to improve conditions for survival of various life stages of salmonids and other native fishes in the lower San Joaquin River watershed.

**The Urban Streams Restoration Program (USRP)** is currently funded by Propositions 84 and 68 and was established in Water Code Section 7048, which declared that urban creek protection, restoration, and enhancement are best undertaken by local agencies and organizations with assistance from the State. The USRP provides local assistance grants to fund projects and provide technical assistance to restore streams impacted by urban development to a more natural state. The USRP goals include:

- (1) Protecting, enhancing and restoring the natural, ecological value of streams.
- (2) Preventing future property damage caused by flooding and bank erosion.
- (3) Promoting community involvement, education, and riverine stewardship.

A major objective of the USRP is to bring people together around projects that foster community relationships while ensuring the community's interests are incorporated into the project's planning, design, and outcomes. Local community-supported projects can support local economies, renew a community's understanding of the value of streams, and make them a centerpiece for the community while expanding their contact with nature. The RSP objectives defined in the Water Code direct program staff to connect with small communities and encourage community participation in project development and stewardship.

*Note: See Appendix B for definitions of select terms and acronyms used in this document.*

## 2 FUNDING

---

### 2.1 Funding Overview

Funding for competitive grants and direct expenditures is periodically made available through the State budget process. Appropriations come with specific requirements and limitations that must be extended to the funding recipients through an agreement that is developed for each funding award. Awards may vary in the requirements and limitations imposed, dependent upon the fund source.

### 2.2 Funding Sources

DWR will make available as much as \$48.3 million for this solicitation, which includes:

- \$38.97 million in Proposition 13 funds for the SJFPEP.
- \$1.84 million in Proposition 84 funds for the USRP.
- \$7.58 million in Proposition 68 funds for the USRP.

### 2.3 Funding Authority

**SJFPEP:** Proposition 13, the Costa-Machado Water Act of 2000 (Water Code, Section 79000 et seq.), authorizes DWR to fund projects that enhance native fish populations and reduce their vulnerability to water diversions at all life stages within or upstream of the Delta in the San Joaquin River Basin.

([https://leginfo.legislature.ca.gov/faces/codes\\_displaySection.xhtml?sectionNum=79190.&lawCode=WAT](https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?sectionNum=79190.&lawCode=WAT)) and ([http://leginfo.legislature.ca.gov/faces/billNavClient.xhtml?bill\\_id=201720180SB840](http://leginfo.legislature.ca.gov/faces/billNavClient.xhtml?bill_id=201720180SB840)).

**USRP:** Proposition 84, the Safe Drinking Water, Water Quality and Supply, Flood Control, River and Coastal Bond Act of 2006 (Pub. Resources Code, Section 75050 et seq.); and Proposition 68, the California Drought, Water, Parks, Climate, Coastal Protection, and Outdoor Access for all Act of 2018 (Pub. Resources Code, Section 80100 et seq.), authorize funding for the Urban Streams Restoration Program.

([https://leginfo.legislature.ca.gov/faces/codes\\_displaySection.xhtml?sectionNum=75050.&lawCode=PRC](https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?sectionNum=75050.&lawCode=PRC)) and ([https://leginfo.legislature.ca.gov/faces/billNavClient.xhtml?bill\\_id=201720180SB5](https://leginfo.legislature.ca.gov/faces/billNavClient.xhtml?bill_id=201720180SB5)).

Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code does not apply to the development and adoption of these guidelines and selection criteria. As such, the existing regulations for the Urban Streams Restoration Program found in California Code of Regulations, Title 23, Division 2, Chapter 2.4 (Sections 451.1–451.6, inclusive) are hereby rescinded and replaced with these guidelines and criteria.

### 2.4 Competitive Grants

DWR funding under the Riverine Stewardship Program and its sub-programs, SJFPEP and USRP, will be awarded through a competitive process. These guidelines apply to all applications submitted during a solicitation period and such applications will be evaluated using the criteria presented in these guidelines (Section 5.2).

DWR will not revise the grant application package requirements during any period in which grant applications are being solicited. Sample grant application documents and templates can be found in Appendix A.

## 2.5 Grant Funding Limits

USRP applications may be awarded a maximum of \$1 million per grant; but, exceptional proposals requesting funding greater than the established maximum will be considered on a case-by-case basis.

## 2.6 Technical Assistance and Planning Grants

The USRP will reserve as much as \$1 million to fund technical assistance and planning-only grants for projects that serve disadvantaged communities. SJFPEP has no set-aside for technical assistance or planning-only grants but will consider requests for technical assistance based on the RSP's capacity to take on staff-provided technical assistance.

Technical assistance is defined as a range of multidisciplinary services that are provided by RSP staff to support development of a project that meets the RSP's goals. For the purposes of quantifying this set-aside, funding for planning-only grants that serve disadvantaged communities will be counted toward this commitment. Entities that have received technical assistance from the RSP will have greater priority for project implementation grants in future solicitations.

Examples of technical assistance activities include, but are not limited to:

**Planning and Design:** project concept development; project design or design criteria including habitat design and plant selection; cost estimates; and project management.

**Environmental and Scientific:** watershed science; environmental planning; permit preparation; coordination with local, state, and federal regulatory agencies; protected species surveys and monitoring; construction monitoring; environmental compliance; iterative performance assessment; data collection; and study design.

**Long-term Management:** land management (monitoring and maintenance) planning.

**Outreach:** education and capacity building in local communities; curriculum development; meeting facilitation; and educational development.

The USRP may also fund planning-only grants for projects that would serve disadvantaged communities once completed. Eligible planning grants may include any combination of the technical assistance activities listed above, including project development activities that occur prior to the initiation of construction.

## 2.7 Funding Priorities

The SJFPEP will give priority to projects that are consistent with or aligned with existing priorities of the CalFed Environmental Impact Statement/Environmental Impact Report (EIS/EIR) Stage 1 priority actions, National Oceanic and Atmospheric Administration (NOAA) Fisheries Recovery Plan for The Evolutionarily Significant Units of Sacramento River Winter-run Chinook Salmon and Central Valley Spring-run Chinook Salmon and the Distinct Population Segment of California Central Valley Steelhead and voluntary agreements that may be identified as part of the State Water Resources Control Board (Water Board) Bay-Delta Water Quality Control Plan update process.

The USRP will prioritize projects with innovative bioengineering solutions (using natural infrastructure or leveraging ecosystem services) that reduce flooding and erosion problems. Projects will score well if they are based on watershed level planning and integrated solutions that take a systems approach. The USRP will also prioritize projects that have received technical assistance from the program.

The USRP will set aside a minimum of \$2 million to fund projects that serve disadvantaged communities (DACs) which are defined as those communities with a median household income of less than 80 percent of the statewide average. DWR's DAC Mapping Tool (<https://water.ca.gov/Work-With-Us/Grants-And-Loans/Mapping-Tools>) will be used to verify proposed project service areas. Projects that are located near a disadvantaged community may be considered to serve that community with additional justification and supporting information. The USRP has set aside a minimum of 35 percent of funding to both small and large projects. Small projects are defined as those with a total project cost (i.e., including funding match) of less than \$1 million.

## 2.8 Direct Expenditures

In addition to soliciting competitive grant applications, DWR may use any or all of funds from the \$48.3 million for direct expenditures that fulfill the requirements and intent of the legislation and DWR priorities. DWR may propose direct expenditure projects in response to willing partners' proposals and/or to achieve program objectives. Direct expenditure projects must address an interest of the State and the program. These projects may be proposed and approved at any time by DWR. Direct expenditures must meet the Program Eligibility Criteria in Section 5.2. The amount used for direct expenditure will be determined by the RSP.

# 3 PROGRAM ELIGIBILITY AND REQUIREMENTS

The following are general requirements to apply for grant funding under the RSP. Each application must meet the following criteria to be considered eligible for funding by each sub-program (SJFPEP and USRP). Applicants may submit a funding application for the same project to both sub-programs; but, a separate application must be submitted for each and funding will be considered on a case-by-case basis as described in these guidelines.

### 3.1 Grant Eligibility

Local public agencies and certified nonprofits are eligible to receive funding under the RSP as specified below. Privately held corporations, non-public entities, and individual landowners are not eligible. Other applicant types such as federally recognized tribes, tribes listed on the Native American Heritage Commission's Tribal Consultation List, or community groups will be considered on a case-by-case basis.

#### SJFPEP:

- Limited in geographic scope to the tributaries of the San Joaquin River, including the Cosumnes, Mokelumne, Calaveras, Stanislaus, Tuolumne, and the Merced rivers, and the San Joaquin River between its confluence with the Mokelumne River and its confluence with the Merced River.
- Requires a single applicant that is a local public agency or a nonprofit organization.
- Priority will be given to projects that are aligned with the Ecosystem Restoration Stage 1 Actions identified in the CALFED Bay-Delta Program Implementation Plan. The actions include improving and increasing aquatic habitats and ecological functions to support sustainable and diverse populations of aquatic species (to view the full implementation plan, refer to the Bay-Delta Program website [http://www.calwater.ca.gov/calfed/library/Archive\\_EIS.html](http://www.calwater.ca.gov/calfed/library/Archive_EIS.html)).
- Priority will also be given to projects that are aligned with the NOAA Fisheries Recovery Plan for The Evolutionarily Significant Units of Sacramento River Winter-run Chinook Salmon and Central Valley Spring-run Chinook Salmon and the Distinct Population Segment of California Central Valley Steelhead and Voluntary Agreements that may be identified as part of the Water Board's Bay-Delta Water Quality Control Plan update process. See the RSP website for applicable planning documents.
- All projects must benefit native fishes in the lower San Joaquin River watershed.
- Eligible project types include, but are not limited to:
  - Spawning habitat projects that include adequate substrate, temperature, aeration, and access.
  - Rearing habitat projects that provide sufficient cover, hydraulic complexity, refugia, temperature, flow, and food web structure with adequate seasonal timing and duration.
  - Water temperature improvement projects that include hydraulic modification to increase reserves of cold water including shading of water surface, channel modifications that could provide cool water refugia, and replacement of exotic plants with native plants.
  - Water quality improvements targeting low oxygen or pollutant concentrations.
  - Habitat connectivity projects that link habitat structure to provide continuity and reduce exposure to poor quality river reaches.

- Migration enhancements through barrier removal or passage improvements such as ladders or natural roughened channels, diversion modification and/or consolidation to eliminate entrainment, etc. that provide new or enhanced passage of adult and juvenile fishes.
- Restoration of natural river processes and morphology, including availability of naturalized flow, interaction of groundwater and surface water, sediment transport mechanisms, scour and deposition, and channel meander.

USRP:

- The geographic scope of the USRP is statewide.
- Requires a partnership of two applicants (sponsor and co-sponsor): one local public agency or tribe, and a certified 501(c)(3) non-profit organization or local community group. The USRP recognizes partnerships when there is a signed memorandum of understanding (MOU) between authorities representing the partners included in the application.
- Requires a minimum 20 percent funding match from non-State sources unless the grant benefits a disadvantaged community (no funding match is required for disadvantaged community applicants). Costs and services to be considered as funding match must fall into the categories included as eligible costs (See Section 3.3, “Eligible Costs”) below and must be incurred after the effective date of Proposition 68 (June 5, 2018).
- Requires a public outreach and education component that is designed to encourage community participation in the planning process, public support for long-term management for a minimum 10-year timeframe, and to increase the public’s understanding of the project’s benefits to the environment and the sustainability of California’s water resources. These activities may include but are not limited to: community organizing, resource interpretation, multilingual translation, natural science, community education, and communication related to water, parks, climate change resiliency, and other outdoor pursuits.
- Eligible projects must be consistent with the goals of the USRP outlined in Sections 7048–7049 of the Water Code. Eligible projects types include, but are not limited to:
  - Bank stabilization and revegetation.
  - Recontouring of channels to improve or reestablish floodplain function and localized flood protection.
  - Removing of culverts or storm drains to stabilize channels to achieve flood control objectives and daylighting of streams.
  - Purchase of lands or structures on lands to allow for floodplain reconnection and floodwater detention or wetlands/tidal zone restoration.
  -

## 3.2 General Grant Requirements

All applicants that are awarded funding must comply with the State's general grant requirements, which will be included in each agreement with the State. Before proceeding with the application process, applicants must consider their ability to comply with these requirements. For a complete list of the general terms and conditions and eligible and non-eligible activities and costs included in all DWR grant agreements, please refer to the RSP website: <https://water.ca.gov/rspgrants>. The Funding Agreement (Contract) Template posted on the RSP website provides all details associated with contracting with the State, including a complete list of eligible project costs, procedures for disbursement of funds, and operation and maintenance requirements.

It is *highly recommended* that applicants review these terms to ensure acceptability before completing an application, because the terms will not be modified except under extraordinary circumstances.

## 3.3 Eligible Costs

Only costs incurred within the terms of the executed grant agreement will be eligible for reimbursement. Eligible costs incurred will only be paid in arrears (via reimbursement through invoicing), except as set forth below. Typical activities that may be funded under the USRP and SJFPEP include:

- Project planning.
- Engineering and design.
- California Environmental Quality Act (CEQA) document preparation and compliance.
- Environmental permitting and compliance,
- Project implementation (includes construction).
- Grant administration.
- Project monitoring.
- Community education and outreach.
- Overhead expenses incidental to, but directly related to, the project.
- Long-term management plan development.

Grantees awarded Proposition 68 funds for projects serving DACs are eligible to receive as much as 25 percent of the grant amount in advance, subject to the following constraints:

- The project proponent is a DAC or a nonprofit serving a DAC.
- The grant award is less than \$1 million.
- The funds are placed in a non-interest-bearing account until expended.
- The funds must be spent within six months of the date of receipt.

- The recipient must provide project status and budget reports on a quarterly basis detailing how the funds are being spent.
- If the funds are not expended within the grant agreement timeframe, or if the project is terminated before completion, the unused portion must be returned to the State.

### **3.4 Ineligible Costs**

Costs that are generally not eligible may include, but are not limited to:

- Indirect costs such as generic overhead or markup charges.
- Costs incurred outside the terms of the grant agreement.
- Purchase of equipment that is not an integral part of the project.
- Establishing a reserve fund.
- Replacement of existing funding sources for ongoing projects.
- Expenses incurred in preparation of the proposal/application.
- Payment of principal or interest of existing indebtedness or any other interest payments.

### **3.5 Conflict of Interest and Confidentiality**

Applicants will be subject to State and federal conflict of interest laws. Failure to comply with these laws, including business and financial disclosure provisions, will result in the application being rejected and any subsequent grant agreement or contract being declared void. Other legal action may also be taken. Applicable statutes include, but are not limited to, Government Code Section 1090 and Public Contract Code Sections 10410 and 10411.

Applicants should note that by submitting an application they are waiving their rights to the confidentiality of that application. All applications will be public documents.

### **3.6 Tribal Consultation**

DWR recognizes the need for consultation regarding projects that affect California tribal communities. As such, applicants are required to consult with federally and non-federally recognized tribes when and where appropriate for any projects that are including, or adjacent to, or related to tribal lands. Public Resources Code Section 21080.3.1 requires the CEQA lead agency to consider project effects on tribal cultural resources and to conduct consultation with California Native American Tribes.

### **3.7 Labor Compliance and Prevailing Wages Provisions**

All grantees are bound by the provisions of the Labor Code regarding prevailing wages and shall monitor all contracts subject to reimbursement from any agreement with the State to assure that the prevailing wage provisions of the Labor Code are being met.

Current Department of Industrial Relations (DIR) requirements may be found at: <http://www.dir.ca.gov/lcp.asp>. For more information, please refer to DIR's Public Works Manual at: <http://www.dir.ca.gov/dlse/PWManualCombined.pdf>.

If the applicant is awarded Proposition 84 funds within USRP, they will be required to certify that they have a labor compliance program (LCP) in place or have contracted with a third party that has been approved by the director of DIR to operate an LCP. The LCP must be in place at the time of awarding of a contract for a public works project by the grantee.

Before submitting an application, all applicants are urged to seek legal counsel regarding prevailing wage and Labor Code compliance. See the DIR's website (<http://www.dir.ca.gov/>) for more information.

### **3.8 Urban and Agricultural Water Suppliers**

Urban water suppliers must have a current urban water management plan that has been reviewed by DWR and found to have addressed the requirements of the Urban Water Management Planning Act (Water Code, Section 10610 et seq.).

Agricultural water suppliers must have a current agricultural water management plan that has been reviewed by DWR and found to have addressed the requirements of the Agricultural Water Management Planning Act (Water Code, Section 10800 et seq.).

Agricultural and urban water suppliers must comply with the conservation and water use efficiency measures of Water Code, Division 6, Part 2.55 (Water Code Section 10608 et seq.), Sustainable Water Use and Demand Reduction, and associated regulations.

### **3.9 Competitive Bidding and Procurement**

A grantee's contracts with other entities for the acquisition of goods, services, and construction of public works with funds provided by the State must be in writing and shall comply with all applicable laws and regulations regarding the securing of competitive bids and undertaking competitive negotiations. If a grantee does not have a written policy to award contracts through a competitive bidding or sole source process, the Department of General Services' State Contracting Manual rules must be followed. They are available online at:

<https://www.dgs.ca.gov/OLS/Resources/Page-Content/Office-of-Legal-Services-Resources-List-Folder/State-Contracting>.

### **3.10 Signage or Acknowledgement of Credit**

To the extent practicable, a project supported by funds from the RSP will include signage and other relevant forms of acknowledgement informing the public that the project received funds from DWR, and the specific source of bond funds. Specific verbiage will be included in the final grant agreement, depending on the funding source utilized.

## 3.11 California Conservation Corps

To the extent feasible, a project application that includes the use of services of the California Conservation Corps (CCC), or a certified community conservation corps, will score higher in competitive review for receipt of a grant. Applicants should consult with the CCC or a certified local conservation corps as to the feasibility of using their services to implement projects. See appendix section A-13 for instructions and Corps Consultation Review Document.

## 4 GRANT APPLICATION PROCESS

---

### 4.1 Applicant Assistance Workshops

RSP staff will conduct workshops to address questions and provide general assistance to applicants in preparing applications. The dates and locations of the workshops will be announced via DWR's listserv (including the RSP and USRP electronic mailing lists) and on the RSP website at: <https://water.ca.gov/rspgrants>.

### 4.2 Application Package

DWR uses the Grants Review and Tracking System (GRanTS), a web-based tool for managing grant proposals and related documents. All applications must be submitted online. The system can be accessed from the following link: <http://www.water.ca.gov/grants/>. Any interested party or organization can register with GRanTS at any time. If an applicant has questions or problems with GRanTS, please call (888) 907-4267 or email GRanTSadmin@water.ca.gov.

A complete application will contain all the items on the following list, where applicable, or include reasons for each omitted item. Please refer to Appendix A for detailed information and templates of some application submittal documents.

- General information on applicant(s) and project.
- Responses to application questions posed in Section 5.2 of these guidelines.
- Application attachments:
  1. Resolution from Lead Agency (SJFPEP) or BOTH Partner Agencies (USRP) (a letter of intent is sufficient for the application).
  2. Environmental Information Form.
  3. Project Scope of Work.
  4. Project Schedule.
  5. Project Budget.
  6. Permit Checklist.
  7. Documentation of Completed Urban or Agricultural Water Plans (if applicable).

8. Private Property Access Letter(s) (if applicable).
9. Property Acquisition Cost Schedule (if applicable).
10. Willing Seller Letter (if applicable).
11. Land Tenure/Site Control Requirements and Property Data Sheet (if applicable).
12. Maps and Designs.
13. Photos of Project Site.
14. Application Signature Page.
15. California Conservation Corps Consultation Process and Review Document (if applicable).
16. Any other applicable documents (e.g. letters of support).
17. MOU between Sponsor and Co-Sponsor (USRP only).

### **4.3 Program Application Deadlines**

#### **USRP**

**USRP applications must be submitted to the GRanTS website by 5:00 p.m. PDT August 30, 2019.**

#### **SJFPEP**

**SJFPEP applications must be submitted to the GRanTS website by 5:00 p.m. PDT November 1, 2019.**

## **5 REVIEW CRITERIA AND AWARD PROCESS**

---

This section describes the process for project review, evaluation, and selection. The RSP's Grant Review Team (GRT), which consists of RSP staff and experts from other programs as needed, will review all timely submittals.

### **5.1 Acceptability and Completeness**

A complete application is one that is submitted to GRanTS on time and contains all required attachments or reasons for any omissions. All applications that meet the eligibility requirements and are considered complete, will be evaluated further for funding. During the evaluation period, GRT staff may deem a project ineligible if there are conflicts with existing federal, State, or local laws, rulings, ordinances, or regulations. The GRT may ask the applicant to provide clarification of existing information to better evaluate the merits of the project.

## 5.2 Review Criteria

The GRT will evaluate each grant application based on the following criteria which reflect and support RSP, SJFPEP, and USRP priorities.

Criteria	SJFPEP	USRP
1. Project Purpose and Strategic Fit	13	13
2. Organizational Capacity and Project Sustainability	22	22
3. Project Readiness	22	22
4. Project Characteristics and Benefits	6	6
5a. Fish Population Enhancement (SJFPEP)	20	x
5b. Community Collaboration, Access, and Flood Control (USRP)	x	22
<b>Total Points Possible</b>	<b>83</b>	<b>85</b>

The GRT will evaluate applications based on their responses to the following questions (responses will be submitted directly to the GRanTS website):

### Part 1. *(All applicants) Project Purpose and Strategic Fit*

Q1. Describe the current hydrologic conditions including the type of stream (perennial, intermittent, ephemeral), channel configuration (natural, channelized, culverted, etc.), and factors affecting stream/river function such as watershed development, land use changes, dams, or other artificial constrictions.

Q2. Discuss the compelling need for the project (e.g. critical habitat degradation, bank failure, water quality issue, etc.) and if the project provides an innovative non-structural approach to restoration or flood management.

Q3. Is the project planned in conjunction with other local projects? If so, identify and describe the local, State or federal management agencies involved in the project. If it is a crucial phase of previously funded work by DWR, provide project details including the project's name, the year it was funded and completed, and the funding source.

Q4. Describe how the project is consistent with existing federal, State, and local flood control planning efforts.

### Part 2. *(All applicants) Organizational Capacity and Project Longevity*

Q1. Describe the applicant's experience in completing this type of project or similar projects within the allotted timeframe and budget. What expertise would the grantee provide to the project? List potential external expertise needed and describe any established partnerships that could provide this expertise for your project.

Q2. Will the project fully remediate problems at the site or will additional problems still exist? If additional problems will remain, briefly describe the scope and funding needs of other similar projects or phases and discuss why the proposed improvements in this application have priority. Include specific references to components designed to remediate problems.

Q3. Who owns the property at the project site? If the property is not owned by the applicant, has the landowner submitted a letter giving permission for the applicant to complete work on the property? If the project includes property/easement acquisition, at what stage are the proceedings and will grant funds be used to acquire the property/easement?

Q4. What are the initial and long-term management or maintenance plans for the project site? What entity will perform the long-term maintenance and is there an agreement in place? What are the key success criteria for the project's long-term goals?

Q5. Describe the longevity of your project's approach. What aspects of your project will ensure its sustainability in the long term? (e.g. bioengineering, BMPs, adaptive management, etc.)

**Part 3.**        *(All applicants) Project Readiness*

Q1. Are any of the applicants urban or agricultural water suppliers? If so, has the water supplier submitted an urban water management plan (UWMP) or agricultural water management plan (AWMP) to DWR? Has the plan been verified as complete by DWR? If not, explain and provide the anticipated date for having a complete UWMP and/or AWMP. If none of the applicants are urban or agricultural water suppliers, put "N/A".

Q2. What is the current state of the planning process for the project? Are there any technical studies that will need to be completed prior to project implementation? Discuss CEQA/National Environmental Policy Act (NEPA) and other environmental permits obtained and still needed for project implementation.

Q3. Discuss any anticipated factors that could delay the project, including dependencies on other related projects, jurisdictional discrepancies, tribal consultations, etc.

Q4. Has the applicant previously received technical assistance from DWR on this project or any other project? Are you interested in receiving technical assistance from the Riverine Stewardship Program if you do not receive a grant award?

Q5. Has there been any opposition to the project? If so, explain the nature of the concerns and how they will be addressed. Describe any efforts or compromises needed to address potential conflicts between competing user groups.

Q6. Discuss all funding sources for this project including local match, in-kind services, secured funds and any other potential but unsecured funds. What are the consequences if the project is not funded or receives partial funding from DWR? If the project was partially funded, which components are of the highest priority and can certain components be implemented as "stand alone" phases?

**Part 4.**        *(All applicants) Additional Project Characteristics and Benefits*

Q1. Describe any other additional benefits the project will provide outside of habitat restoration, flood protection, and stewardship (e.g. recreation, economic, aesthetic, establishing new partnerships, etc.).

Q2. How does the project utilize existing natural features and ecosystem processes to create climate change resiliency?

- Does the organization have a strategic business plan that includes climate change components? If yes, submit a copy.
- Has the organization conducted a climate change vulnerability assessment? If yes, submit a copy.
- Does the organization have a main contract person for climate change? If yes, to what position in the organization does that person report?
- Has the organization considered the risk of climate change in its capital reserves and investments?

Q3. Have you consulted with the California Conservation Corps to determine if they may assist with your project? If so, please describe.

**Part 5a.**      *(SJFPEP Applicants Only) Fish Population Enhancement*

Q1. How does this project benefit native fishes in the lower San Joaquin River watershed? Describe how the project addresses one or more of the following restoration problem areas: spawning/rearing habitat, prey availability, predator control, water temperature, habitat connectivity, migration enhancements, water quality, and natural river processes and morphology. Include reference to specific riverine or riparian elements such as:

- Structures: channels, riparian corridor, floodplain, terrace, pools, and riffles.
- Functions: transporting sediment, forming and/or reforming bars and pools, flooding onto the floodplain, restoring habitat for threatened or endangered species, or re-establishing wildlife corridors.
- Dynamics: re-vegetating to provide shade and erosion control on banks or floodplain, providing food for insects, or removing exotic species.

Q2. Describe how the project aligns with priority actions identified in CalFed EIS/EIR Stage 1 Actions, the NOAA Fisheries Recovery Plan for The Evolutionarily Significant Units of Sacramento River Winter-run Chinook Salmon and Central Valley Spring-run Chinook Salmon and the Distinct Population Segment of California Central Valley Steelhead, the Water Boards Bay-Delta Water Quality Control Plan Program of Implementation and subsequent updates, DWR's Central Valley Flood Protection Plan Conservation Strategy, and/or (for projects within the Delta) the Delta Stewardship Council's Delta Plan (see the RSP website for links to documents).

Q3. What other native species (aquatic and terrestrial) will this project benefit and how?

**Part 5b.**      *(USRPA Applicants Only) Community Collaboration and Flood Control*

Q1. Discuss any demographic, social, or cultural/tribal issues that are important to the community and will influence design, implementation, and maintenance for the project. How does the project incorporate local agency and citizens' group participation in planning, design, or implementation? How does this project ensure community access

and address the community's needs (e.g. open green spaces, safe transportation corridors, etc.)?

Q2. How does this project utilize a watershed approach to flood control or bank erosion issues at the site? How does the urban environment constrain the project scope?

Q3. Does the project serve a DAC? What is the median household income for the community? Please provide the census place, census tract, or census block group used to identify DAC status. (see the Mapping Tool for access to a DAC website map: <https://water.ca.gov/Work-With-Us/Grants-And-Loans/Mapping-Tools>). If the project is located partially within or adjacent to a DAC, describe its proximity in detail and justify how the project would serve this community.

Q4. How will the project restore the environment outside of flooding and erosion control? Describe benefits the project will provide for habitat creation/enhancement, listed species, and other riparian species.

### 5.3 Funding and Awards

Following evaluation and scoring of applications by the GRT, the RSP manager will submit the recommendations to the Management Review Team (MRT) for further consideration. The MRT consists of program managers and managers and experts from other programs, departments, and agencies, as needed. The MRT shall make draft funding recommendations based on a priority ranking of reviewed project applications. The MRT will consider: (1) allocating any or all the available funds to grants for project applicants, (2) holding over the remaining available funds for allocation in subsequent funding years, or (3) allocating partial funding to one or more of the projects on the list to be funded.

The MRT may modify the recommendations of the GRT relative to which projects receive funding, their priority ranking, and the dollar amounts allocated to each project and may consider other factors in the final grant awards for both programs, including, but not limited to, multiple agency collaboration, support and involvement of community groups, economic benefits, statewide significance, disadvantaged community status, and the geographic distribution of bond funds. Written recommendations of the priority ranking and funding allocations are then sent to the DWR deputy director for approval.

If requested funds for all qualified projects exceed the amount of available funds, DWR may provide partial funding for selected projects based on program priorities, information provided in the application, and/or additional discussion with the applicant. Additionally, the MRT will establish a contingency list of projects from applications that were not selected for funding in the event that funding becomes available in the future.

The MRT recommendations will be posted on the RSP website (<https://water.ca.gov/rspgrants>) for a 15-day comment period after deputy director approval. DWR will prepare a summary of comments received during the public comment period and will post it on the RSP website. After consideration of the results of the public comments, DWR staff will make recommendations for final funding

awards and request DWR director approval. The director may further modify the final content and priority order of the list and the amount of funding for each project. The final list of awarded projects will be posted on the RSP website, and notices will be sent to all funded and non-funded project applicants.

Once final awards are approved by the director, DWR staff will notify applicants by letter, post the award amounts on the RSP website, and begin the process of developing a funding agreement with the project applicant (grantee). The grantee and DWR must enter into a funding agreement before eligible activities will be reimbursed.

## **6 GRANT ADMINISTRATION**

---

This section describes the process that will occur once a project has been selected for funding. This includes developing and signing a grant funding agreement.

### **6.1 Agreement Execution**

Before DWR enters into a funding agreement, the grantee will submit a detailed work plan (based on the information provided for project evaluation) including a proposed scope of work, list of deliverables, budget, and project schedule satisfactory to DWR.

The funding agreement will not be processed and executed until a detailed final work plan and associated documents are approved by the RSP manager. To assist the grantee in developing the detailed final work plan, DWR may talk to or meet with the grantee as needed. Grantees shall provide detailed cost estimates and quantities, billable hours, a revised timeframe with required completion durations, and other information as needed. Cost estimates shall include separated step funding with subtask amounts.

If a DWR-approved agreement is not executed within six months of the date the grant is awarded, the grant award may be withdrawn. It is highly recommended that applicants review DWR's general terms and conditions to ensure acceptability before completing an application since the terms will not be modified except under extraordinary circumstances. These can be found online at:

<https://water.ca.gov/rspgrants>.

For direct expenditures DWR will require a scope of work, list of deliverables, budget, and project schedule. To the extent possible DWR will work with a direct expenditure funding recipient to develop the required scope of work, list of deliverables, budget, and project schedule.

### **6.2 Invoicing and Payments**

The grantee will provide reimbursement invoices to DWR for work completed within an invoicing period. Except for the case of DACs, DWR will retain 10 percent of each disbursement to ensure completion of the project (retention for DACs is 5 percent). The

retention will be paid upon submittal of all grant agreement deliverables, including the final project completion report by the grantee, and approval by DWR.

Although grant funds will be disbursed as provided in the agreement to reimburse costs incurred by the grantee, costs will not be reimbursed or paid until all the following conditions are met:

- An agreement is fully executed.
- For project activities that could affect the environment, the grantee complies with all applicable requirements of CEQA and other environmental laws, submits copies of environmental documents to DWR, and receives environmental clearance from the DWR contract manager.
- All applicable permits are obtained, and copies submitted to DWR. Tasks that require permits may not be reimbursed until the permit has been received by DWR.

State funds will be paid to grantees generally on a quarterly basis, but in no event more often than monthly, at DWR's discretion, after submittal and approval of invoices and progress reports. RSP staff will attempt to process payments within 30 days of receipt of complete invoices, which includes progress reports and all supporting documentation. See Appendix A.12 for an example of the invoice template which must be used by all grantees.

### **6.3 Reporting**

Each quarter, and as a prerequisite to payment of each invoice, the grantee will be required to submit a progress report in sufficient detail to substantiate reimbursable expenses. The report will be a key item in evaluating requests for reimbursement, and as such, a reimbursement request must coincide with a report submittal. Progress reports will include the following:

- Records of expenditures.
- Description of project activities and task completions since the previous report.
- Status of progress relative to the project schedule.
- Key issues that must be resolved.
- Upcoming events, meetings, and milestones expected for the next quarter.

The first progress report shall be made at the end of the first complete calendar quarter after the date of execution. Progress reports will be submitted quarterly thereafter. DWR will monitor progress and may suspend all payments indefinitely if it appears the grantee is in breach of the agreement to such an extent that ultimate achievement of project objectives may be significantly compromised. If payments are suspended, the grantee will be given three months to correct the breach or DWR may terminate the funding agreement.

Decisions to suspend payments or terminate agreements may be appealed to the DWR director.

## 6.4 Amendments

Agreements may be amended at any time by mutual agreement of the parties. Requests by the funding recipient for amendments must be in writing stating the amendment request and the reason for the request. Requests solely for a time extension must be submitted at least 90 days prior to the work completion date. Any other request for an amendment must be submitted at least 180 days prior to the work completion date. The State shall have no obligation to agree to an amendment. Minor changes to the scope of work may not necessitate an amendment and will be decided on a case-by-case basis.

Amendments are required for the following circumstances:

- Change in schedule (e.g., time extension).
- Substantial change in scope of work.
- Change in total budget or transfer of funds between tasks that exceeds 20 percent of DWR approved budget for either task (less than 20 percent does not require a formal amendment but does require DWR's written approval).
- Change to any of the agreement provisions.
- Change in parties to the agreement.

## 6.5 Project Closeout

The grantee shall submit a project completion report within 90 calendar days of completion of all tasks associated with the project. The report shall include a description of work done, a description of expenditures, a final schedule showing actual work completed versus planned work, copies of any final documents or reports generated or utilized during the project, a discussion of problems that occurred during the work and how the problems were resolved, and photo documentation of the entire project including before and after photos from consistent monitoring points.

DWR will notify the sponsor that the project is complete and will release any remaining retained funds when the following criteria are satisfied:

- The work is completed to the satisfaction of DWR following a final site visit.
- DWR has approved all products and deliverables required by the project and agreement as provided by the grantee.
- The grantee has provided, and DWR has approved, a project completion report as described above.

## 6.6 Audits and Record Keeping

All grantee records and documents pertaining to the grant will be maintained by the grantee until three years after the final payment of grant funds is made. All grantee records and documents pertinent to the grant will be available for inspection and audit by DWR or other State representative during normal business hours while the project is active, and for three years after final payment of grant funds.

**CALIFORNIA WATER CODE SECTION 7049 ET SEQ.**

THIS FUNDING AGREEMENT is entered into by and between the Department of Water Resources of the State of California, herein referred to as the "State" and the -- , a -- in the State of California, duly organized, existing, and acting pursuant to the laws thereof, herein referred to as the "Funding Recipient," which parties do hereby agree as follows:

1. PURPOSE. State shall provide funding from the -- to Funding Recipient to assist in financing the -- (Project) pursuant to --
2. TERM OF FUNDING AGREEMENT. The term of this Funding Agreement begins on the date this Funding Agreement is initially executed by State, through final payment plus three (3) years unless otherwise terminated or amended as provided in this Agreement. However, all work shall be completed by -- and no funds may be requested after --
3. PROJECT COST. The reasonable cost of the Project is estimated to be \$
4. FUNDING AMOUNT. The maximum amount payable by the State under this Agreement shall not exceed \$
5. FUNDING RECIPIENT COST SHARE. Funding Recipient agrees to fund the difference between the actual Total Project Cost, as estimated in Exhibit B, and the amount specified in Paragraph 4, if any. Cost Share consists of Funding Match and Other State Funds, as documented in Exhibit B; see Exhibit H for guidance. Funding Match is equivalent to Cost Share, when Other State Funds are not present. Funding Recipient is required to provide a Funding Match of -- of the Total Project Cost. Funding Recipient's required funding match is estimated to be \$. Costs incurred or in-kind services performed after -- may be counted as Funding Match.
6. BASIC CONDITIONS. State shall have no obligation to disburse money for a project under this Funding Agreement until Funding Recipient has satisfied the following conditions:
  - A. Funding Recipient demonstrates the availability of sufficient funds to complete each project, as stated in the Award/Commitment Letter, by submitting the most recent three (3) years of audited financial statements.
  - B. Funding Recipient must demonstrate compliance with the groundwater compliance options set forth
  - C. For the term of this Funding Agreement, Funding Recipient submits timely Quarterly Progress Reports as required by Paragraph 13, "Submission of Reports."
  - D. Funding Recipient submits all deliverables as specified in Paragraph 13 of this Funding Agreement and in Exhibit A.
  - E. Prior to the commencement of construction or implementation activities, Funding Recipient shall submit the following to the State:
    - i. Final plans and specifications certified by a California Registered Civil Engineer as to compliance for each approved project as listed in Exhibit A of this Funding Agreement.

- ii. Work that is subject to the California Environmental Quality Act (CEQA) and or environmental permitting shall not proceed under this Funding Agreement until the following actions are performed:
  - a. Funding Recipient submits to the State all applicable environmental permits as indicated on the Environmental Information Form to the State,
  - b. Documents that satisfy the CEQA process are received by the State,
  - c. State has completed its CEQA compliance review as a Responsible Agency, and
  - d. Funding Recipient receives written concurrence from the State of Lead Agency's CEQA document(s) and State notice of verification of environmental permit submittal.

State's concurrence of Lead Agency's CEQA documents is fully discretionary and shall constitute a condition precedent to any work (i.e., construction or implementation activities) for which it is required. Once CEQA documentation has been completed, State will consider the environmental documents and decide whether to continue to fund the project or to require changes, alterations or other mitigation. Funding Recipient must also demonstrate that it has complied with all applicable requirements of the National Environmental Policy Act (NEPA) by submitting copies of any environmental documents, including environmental impact statements, Finding of No Significant Impact, mitigation monitoring programs, and environmental permits as may be required prior to beginning construction/implementation.

iii. A monitoring plan as required by Paragraph 15, "Project Monitoring Plan Requirements."

7. **DISBURSEMENT OF FUNDS.** State will disburse to Funding Recipient the amount approved, subject to the availability of funds through normal State processes. Notwithstanding any other provision of this Funding Agreement, no disbursement shall be required at any time or in any manner which is in violation of, or in conflict with, federal or state laws, rules, or regulations, or which may require any rebates to the federal government, or any loss of tax-free status on state bonds, pursuant to any federal statute or regulation. Any and all money disbursed to Funding Recipient under this Funding Agreement shall be deposited in a non-interest bearing account and shall be used solely to pay Eligible Project Costs.
8. **ELIGIBLE PROJECT COST.** Funding Recipient shall apply State funds received only to eligible Project Costs in accordance with applicable provisions of the law and Exhibit B. Eligible Project Costs include the reasonable costs of studies, engineering, design, land and easement acquisition, legal fees, preparation of environmental documentation, environmental mitigations, monitoring, and project construction. Reimbursable administrative expenses are the necessary costs incidental but directly related to the Project included in this Agreement. Work performed on the Project after -- shall be eligible for reimbursement.

Costs that are not eligible for reimbursement include, but are not limited to the following items:

- A. Costs, other than those noted above, incurred prior to the award date of this Grant.
- B. Operation and maintenance costs, including post construction performance and monitoring costs.
- C. Purchase of equipment not an integral part of a project.
- D. Establishing a reserve fund.
- E. Purchase of water supply.
- F. Monitoring and assessment costs for efforts required after project construction is complete.
- G. Replacement of existing funding sources for ongoing programs.
- H. Travel and per diem costs.
- I. Support of existing agency requirements and mandates (e.g., punitive regulatory agency requirement).
- J. Purchase of land in excess of the minimum required acreage necessary to operate as an integral part of a project, as set forth and detailed by engineering and feasibility studies, or land purchased prior to --

K. Overhead and indirect costs. "Indirect Costs" means those costs that are incurred for a common or joint purpose benefiting more than one cost objective and are not readily assignable to the funded project (i.e., costs that are not directly related to the funded project). Examples of Indirect Costs include, but are not limited to: central service costs; general administration of the Funding Recipient; non-project-specific accounting and personnel services performed within the Funding Recipient's organization; depreciation or use allowances on buildings and equipment; the costs of operating and maintaining non-project-specific facilities; tuition and conference fees; and, generic overhead or markup. This prohibition applies to the Funding Recipient and any subcontract or sub-agreement for work on the Project that will be reimbursed pursuant to this Agreement.

9. METHOD OF PAYMENT. After the disbursement requirements in Paragraph 6 "Basic Conditions" are met, State will disburse the whole or portions of State funding to Funding Recipient, following receipt from Funding Recipient via US mail or Express mail delivery of a "wet signature" invoice, or an electronic invoice certified and transmitted via DocuSign for costs incurred, including Cost Share, and timely Quarterly Progress Reports as required by Paragraph 13, "Submission of Reports." Payment will be made no more frequently than --, in arrears, upon receipt of an invoice bearing the Funding Agreement number. State will notify Funding Recipient, in a timely manner, whenever, upon review of an Invoice, State determines that any portion or portions of the costs claimed are not eligible costs or is not supported by documentation or receipts acceptable to State. Funding Recipient may, within thirty (30) calendar days of the date of receipt of such notice, submit additional documentation to State to cure such deficiency(ies). If Funding Recipient fails to submit adequate documentation curing the deficiency(ies), State will adjust the pending invoice by the amount of ineligible or unapproved costs.

Invoices submitted by Funding Recipient shall include the following information:

- A. Costs incurred for work performed in implementing the Project during the period identified in the particular invoice.
- B. Costs incurred for any interests in real property (land or easements) that have been necessarily acquired for a project during the period identified in the particular invoice for the implementation of a project.
- C. Invoices shall be submitted on forms provided by State and shall meet the following format requirements:
  - i. Invoices must contain the date of the invoice, the time period covered by the invoice, and the total amount due.
  - ii. Invoices must be itemized based on the categories (i.e., tasks) specified in Exhibit B. The amount claimed for salaries/wages/consultant fees must include a calculation formula (i.e., hours or days worked times the hourly or daily rate = the total amount claimed).
  - iii. One set of sufficient evidence (i.e., receipts, copies of checks, time sheets) must be provided for all costs included in the invoice.
  - iv. Each invoice shall clearly delineate those costs claimed for reimbursement from the State's funding amount, as depicted in Paragraph 4, "Funding Amount" and those costs that represent Funding Recipient's costs, as applicable, in Paragraph 5, "Funding Recipient Cost Share."
  - v. Original signature and date (in ink) of Funding Recipient's Project Representative. Submit the original "wet signature" copy of the invoice form to the following address: --or an electronic signature certified and transmitted via DocuSign from authorized representative to --.

All invoices submitted shall be accurate and signed under penalty of law. Any and all costs submitted pursuant to this Agreement shall only be for the tasks set forth herein. The Funding Recipient shall not submit any invoice containing costs that are ineligible or have been reimbursed from other funding sources unless required and specifically noted as such (i.e., match costs/cost share). Any eligible costs for which the Funding Recipient is seeking reimbursement shall not be reimbursed from any other source. Double or multiple billing for time, services, or any other eligible cost is illegal and constitutes fraud. Any suspected occurrences of fraud, forgery, embezzlement, theft, or any other misuse of public funds may result in suspension of disbursements of grant funds and/or termination of this Agreement requiring the repayment

of all funds disbursed hereunder plus interest. Additionally, the State may request an audit pursuant to Paragraph D.5 and refer the matter to the Attorney General's Office or the appropriate district attorney's office for criminal prosecution or the imposition of civil liability. (Civ. Code, §§ 1572-1573; Pen. Code, §§ 470, 487-489.)

10. WITHHOLDING OF DISBURSEMENTS BY STATE. If State determines that a project is not being implemented in accordance with the provisions of this Funding Agreement, or that Funding Recipient has failed in any other respect to comply with the provisions of this Funding Agreement, and if Funding Recipient does not remedy any such failure to State's satisfaction, State may withhold from Funding Recipient all or any portion of the State funding and take any other action that it deems necessary to protect its interests. Where a portion of the State funding has been disbursed to the Funding Recipient and State notifies Funding Recipient of its decision not to release funds that have been withheld pursuant to Paragraph 11, the portion that has been disbursed shall thereafter be repaid immediately with interest at the California general obligation bond interest rate at the time the State notifies the Funding Recipient, as directed by State. State may consider Funding Recipient's refusal to repay the requested disbursed amount a contract breach subject to the default provisions in Paragraph 11, "Default Provisions." If State notifies Funding Recipient of its decision to withhold the entire funding amount from Funding Recipient pursuant to this paragraph, this Funding Agreement shall terminate upon receipt of such notice by Funding Recipient and the State shall no longer be required to provide funds under this Funding Agreement and the Funding Agreement shall no longer be binding on either party.

11. DEFAULT PROVISIONS. Funding Recipient will be in default under this Funding Agreement if any of the following occur:

- A. Substantial breaches of this Funding Agreement, or any supplement or amendment to it, or any other agreement between Funding Recipient and State evidencing or securing Funding Recipient's obligations;
- B. Making any false warranty, representation, or statement with respect to this Funding Agreement or the application filed to obtain this Funding Agreement;
- C. Failure to operate or maintain project in accordance with this Funding Agreement.
- D. Failure to make any remittance required by this Funding Agreement, including any remittance recommended as the result of an audit conducted pursuant to Paragraph D.5.
- E. Failure to submit timely progress reports.
- F. Failure to routinely invoice State.
- G. Failure to meet any of the requirements set forth in Paragraph 12, "Continuing Eligibility."

Should an event of default occur, State shall provide a notice of default to the Funding Recipient and shall give Funding Recipient at least ten (10) calendar days to cure the default from the date the notice is sent via first-class mail to the Funding Recipient. If the Funding Recipient fails to cure the default within the time prescribed by the State, State may do any of the following:

- A. Declare the funding be immediately repaid, with interest, which shall be equal to State of California general obligation bond interest rate in effect at the time of the default.
- B. Terminate any obligation to make future payments to Funding Recipient.
- C. Terminate the Funding Agreement.
- D. Take any other action that it deems necessary to protect its interests.

In the event State finds it necessary to enforce this provision of this Funding Agreement in the manner provided by law, Funding Recipient agrees to pay all costs incurred by State including, but not limited to, reasonable attorneys' fees, legal expenses, and costs.

12. CONTINUING ELIGIBILITY. Funding Recipient must meet the following ongoing requirement(s) to remain eligible to receive State funds:

13. **SUBMISSION OF REPORTS.** The submittal and approval of all reports is a requirement for the successful completion of this Funding Agreement. Reports shall meet generally accepted professional standards for technical reporting and shall be proofread for content, numerical accuracy, spelling, and grammar prior to submittal to State. All reports shall be submitted to the State's Project Manager, and shall be submitted via DWR's "Grant Review and Tracking System" (GRanTS). If requested, Funding Recipient shall promptly provide any additional information deemed necessary by State for the approval of reports. Reports shall be presented in the formats described in the applicable portion of Exhibit F. The timely submittal of reports is a requirement for initial and continued disbursement of State funds. Submittal and subsequent approval by the State, of a Project Completion Report is a requirement for the release of any funds retained for such project.
- A. Quarterly Progress Reports: Funding Recipient shall submit Quarterly Progress Reports to meet the State's requirement for disbursement of funds. Quarterly Progress Reports shall be shall be uploaded via GRanTS, and the State's Project Manager notified of upload. Quarterly Progress Reports shall, in part, provide a brief description of the work performed, Funding Recipients activities, milestones achieved, any accomplishments and any problems encountered in the performance of the work under this Funding Agreement during the reporting period. The first Quarterly Progress Report should be submitted to the State no later than --with future reports then due on successive three-month increments based on the invoicing schedule and this date.
  - B. Project Completion Reports: Funding Recipient shall prepare and submit to State a separate Project Completion Report for each project included in Exhibit A. Funding Recipient shall submit a Project Completion Report within ninety (90) calendar days of project completion. Each Project Completion Report shall include, in part, a description of actual work done, any changes or amendments to each project, and a final schedule showing actual progress versus planned progress, copies of any final documents or reports generated or utilized during a project. The Project Completion Report shall also include, if applicable, certification of final project by a registered civil engineer, consistent with Standard Condition D.18, "Final Inspections and Certification of Registered Civil Engineer". A DWR "Certification of Project Completion" form will be provided by the State.
  - C. Post-Performance Reports: Funding Recipient shall submit Post-Performance Reports. Post-Performance Reports shall be submitted to State within ninety (90) calendar days after the first operational year of a project has elapsed. This record keeping and reporting process shall be repeated annually for a total of 3 years after the completed project begins operation.
14. **OPERATION AND MAINTENANCE OF PROJECT.** For the useful life of construction and implementation projects and in consideration of the funding made by State, Funding Recipient agrees to ensure or cause to be performed the commencement and continued operation of the project, and shall ensure or cause the project to be operated in an efficient and economical manner; shall ensure all repairs, renewals, and replacements necessary to the efficient operation of the same are provided; and shall ensure or cause the same to be maintained in as good and efficient condition as upon its construction, ordinary and reasonable wear and depreciation excepted. The State shall not be liable for any cost of such maintenance, management, or operation. Funding Recipient or their successors may, with the written approval of State, transfer this responsibility to use, manage, and maintain the property. For purposes of this Funding Agreement, "useful life" means period during which an asset, property, or activity is expected to be usable for the purpose it was acquired or implemented; "operation costs" include direct costs incurred for material and labor needed for operations, utilities, insurance, and similar expenses, and "maintenance costs" include ordinary repairs and replacements of a recurring nature necessary for capital assets and basic structures and the expenditure of funds necessary to replace or reconstruct capital assets or basic structures. Refusal of Funding Recipient to ensure operation and maintenance of the projects in accordance with this provision may, at the option of State, be considered a breach of this Funding Agreement and may be treated as default under Paragraph 11, "Default Provisions."
15. **PROJECT MONITORING PLAN REQUIREMENTS.** Exhibit A of this Funding Agreement shall contain activities to develop and submit to State a Project Monitoring Plan. Along with the Project Performance Measures Table requirements outlined in the Proposal Solicitation Package, the Project Monitoring Plan should also include:

- A. Baseline conditions.
- B. Brief discussion of monitoring systems to be used.
- C. Methodology of monitoring.
- D. Frequency of monitoring.
- E. Location of monitoring points.

A Project Monitoring Plan shall be submitted to the State prior to disbursement of State funds for construction or monitoring activities. See Exhibit G, "Requirements for Data Submittal", for web links and information regarding other State monitoring and data reporting requirements.

16. STATEWIDE MONITORING REQUIREMENTS. Funding Recipient shall ensure that all groundwater projects and projects that include groundwater monitoring requirements are consistent with the Groundwater Quality Monitoring Act of 2001 (Wat. Code, § 10780 et seq.) and, where applicable, that projects that affect water quality shall include a monitoring component that allows the integration of data into statewide monitoring efforts, including where applicable, the Surface Water Ambient Monitoring Program carried out by the State Water Resources Control Board.
17. NOTIFICATION OF STATE. Funding Recipient shall promptly notify State, in writing, of the following items:
- A. Events or proposed changes that could affect the scope, budget, or work performed under this Funding Agreement. Funding Recipient agrees that no substantial change in the scope of a project will be undertaken until written notice of the proposed change has been provided to State and State has given written approval for such change. Substantial changes generally include changes to the scope of work, schedule or term, and budget.
  - B. Any public or media event publicizing the accomplishments and/or results of this Funding Agreement and provide the opportunity for attendance and participation by State's representatives. Funding Recipient shall make such notification at least 14 calendar days prior to the event.
  - C. Discovery of any potential archaeological or historical resource. Should a potential archaeological or historical resource be discovered during construction, the Funding Recipient agrees that all work in the area of the find will cease until a qualified archaeologist has evaluated the situation and made recommendations regarding preservation of the resource, and the State has determined what actions should be taken to protect and preserve the resource. The Funding Recipient agrees to implement appropriate actions as directed by the State.
  - D. The initiation of any litigation or the threat of litigation against the Funding Recipient regarding the Project or that may affect the Project in any way.
  - E. Final inspection of the completed work on a project by a Registered Civil Engineer, in accordance with Standard Condition D.18, "Final Inspections and Certification of Registered Civil Engineer." Funding Recipient shall notify the State's Project Manager of the inspection date at least 14 calendar days prior to the inspection in order to provide State the opportunity to participate in the inspection.
18. NOTICES. Any notice, demand, request, consent, or approval that either party desires or is required to give to the other party under this Funding Agreement shall be in writing. Notices may be transmitted by any of the following means:
- A. By delivery in person.
  - B. By certified U.S. mail, return receipt requested, postage prepaid.
  - C. By "overnight" delivery service; provided that next-business-day delivery is requested by the sender.
  - D. By electronic means.
  - E. Notices delivered in person will be deemed effective immediately on receipt (or refusal of delivery or receipt). Notices sent by certified mail will be deemed effective given ten (10) calendar days after the date deposited with the U. S. Postal Service. Notices sent by overnight delivery service will be deemed effective one business day after the date deposited with the delivery service. Notices sent electronically

will be effective on the date of transmission, which is documented in writing. Notices shall be sent to the below addresses. Either party may, by written notice to the other, designate a different address that shall be substituted for the one below.

19. PERFORMANCE EVALUATION. Upon completion of this Funding Agreement, Funding Recipient's performance will be evaluated by the State and a copy of the evaluation will be placed in the State file and a copy sent to the Funding Recipient.
20. PROJECT REPRESENTATIVES. The Project Representatives during the term of this Funding Agreement are as follows:

Department of Water Resources

<Insert DWR Project Representative, title, name, mailing address and contact information>

<Insert Funding Recipient Project Representative title, name, mailing address and contact information>

Direct all inquiries to the Project Manager:

Department of Water Resources

<Insert DWR Project Manager name, mailing address and contact information>

<Insert Funding Recipient Project Manager name, mailing address and contact information>

Either party may change its Project Representative or Project Manager upon written notice to the other party.

### STANDARD CONDITIONS

#### D.1. ACCOUNTING AND DEPOSIT OF FUNDING DISBURSEMENT:

- A. **Separate Accounting of Funding Disbursements:** Funding Recipient shall account for the money disbursed pursuant to this Funding Agreement separately from all other Funding Recipient funds. Funding Recipient shall maintain audit and accounting procedures that are in accordance with generally accepted accounting principles and practices, consistently applied. Funding Recipient shall keep complete and accurate records of all receipts and disbursements on expenditures of such funds. Funding Recipient shall require its contractors or subcontractors to maintain books, records, and other documents pertinent to their work in accordance with generally accepted accounting principles and practices. Records are subject to inspection by State at any and all reasonable times.
- B. **Disposition of Money Disbursed:** All money disbursed pursuant to this Funding Agreement shall be deposited in a non-interest bearing account, administered, and accounted for pursuant to the provisions of applicable law.
- C. **Remittance of Unexpended Funds:** Funding Recipient shall remit to State any unexpended funds that were disbursed to Funding Recipient under this Funding Agreement and were not used to pay Eligible Project Costs within a period of sixty (60) calendar days from the final disbursement from State to Funding Recipient of funds or, within thirty (30) calendar days of the expiration of the Funding Agreement, whichever comes first.

#### D.2. ACKNOWLEDGEMENT OF CREDIT AND SIGNAGE: Funding Recipient shall include appropriate acknowledgement of credit to the State for its support when promoting the Project or using any data and/or information developed under this Funding Agreement. Signage shall be posted in a prominent location at Project site(s) (if applicable) or at the Funding Recipient's headquarters and shall include the Department of Water Resources color logo and the following disclosure statement: "Funding for this project has been provided in full or in part from the -- and through an agreement with the State Department of Water Resources." The Funding Recipient shall also include in each of its contracts for work under this Agreement a provision that incorporates the requirements stated within this Paragraph.

#### D.3. AMENDMENT: This Funding Agreement may be amended at any time by mutual agreement of the Parties, except insofar as any proposed amendments are in any way contrary to applicable law. Requests by the Funding Recipient for amendments must be in writing stating the amendment request and the reason for the request. Requests solely for a time extension must be submitted at least 90 days prior to the work completion date set forth in Paragraph 2. Any other request for an amendment must be submitted at least 180 days prior to the work completion date set forth in Paragraph 2. State shall have no obligation to agree to an amendment.

#### D.4. AMERICANS WITH DISABILITIES ACT: By signing this Funding Agreement, Funding Recipient assures State that it complies with the Americans with Disabilities Act (ADA) of 1990, (42 U.S.C. § 12101 et seq.), which prohibits discrimination on the basis of disability, as well as all applicable regulations and guidelines issued pursuant to the ADA.

#### D.5. AUDITS: State reserves the right to conduct an audit at any time between the execution of this Funding Agreement and the completion of the Project, with the costs of such audit borne by State. After completion of the Project, State may require Funding Recipient to conduct a final audit to State's specifications, at Funding Recipient's expense, such audit to be conducted by and a report prepared by an independent Certified Public Accountant. Failure or refusal by Funding Recipient to comply with this provision shall be considered a breach of this Funding Agreement, and State may elect to pursue any remedies provided in Paragraph 11 or take any other action it deems necessary to protect its interests. The Funding Recipient agrees it shall return any audit disallowances to the State.

Pursuant to Government Code section 8546.7, the Funding Recipient shall be subject to the examination and audit by the State for a period of three (3) years after final payment under this Funding Agreement with respect of all matters connected with this Funding Agreement, including but not limited

to, the cost of administering this Funding Agreement. All records of Funding Recipient or its contractor or subcontractors shall be preserved for this purpose for at least three (3) years after receipt of the final disbursement under this Agreement. If an audit reveals any impropriety, the Bureau of State Audits or the State Controller's Office may conduct a full audit of any or all of the Funding Recipient's activities. (b). Pub. Resources Code, § 80012, subd. (b).)

- D.6. **BUDGET CONTINGENCY:** If the Budget Act of the current year covered under this Funding Agreement does not appropriate sufficient funds for this program, this Funding Agreement shall be of no force and effect. This provision shall be construed as a condition precedent to the obligation of State to make any payments under this Funding Agreement. In this event, State shall have no liability to pay any funds whatsoever to Funding Recipient or to furnish any other considerations under this Funding Agreement and Funding Recipient shall not be obligated to perform any provisions of this Funding Agreement. Nothing in this Funding Agreement shall be construed to provide Funding Recipient with a right of priority for payment over any other Funding Recipient. If funding for any fiscal year after the current year covered by this Funding Agreement is reduced or deleted by the Budget Act, by Executive Order, or by order of the Department of Finance, the State shall have the option to either cancel this Funding Agreement with no liability occurring to State, or offer a Funding Agreement amendment to Funding Recipient to reflect the reduced amount.
- D.7. **CALIFORNIA CONSERVATION CORPS:** Funding Recipient may use the services of the California Conservation Corps or other community conservation corps as defined in Public Resources Code section 14507.5.
- D.8. **CEQA:** Activities funded under this Funding Agreement, regardless of funding source, must be in compliance with the California Environmental Quality Act (CEQA). (Pub. Resources Code, § 21000 et seq.) Any work that is subject to CEQA and funded under this Agreement shall not proceed until documents that satisfy the CEQA process are received by the State's Project Manager and the State has completed its CEQA compliance. Work funded under this Agreement that is subject to a CEQA document shall not proceed until and unless approved by the Department of Water Resources. Such approval is fully discretionary and shall constitute a condition precedent to any work for which it is required. If CEQA compliance by the Funding Recipient is not complete at the time the State signs this Agreement, once State has considered the environmental documents, it may decide to require changes, alterations, or other mitigation to the Project; or to not fund the Project. Should the State decide to not fund the Project, this Agreement shall be terminated in accordance with Paragraph 11. Applicants seeking Proposition 84 funding should note that Public Resources Code section 75102 requires lead agencies to notify tribal entities prior to adoption of Negative Declarations or Environmental Impact Reports (EIRs) if traditional tribal lands are within the area of the Project.
- D.9. **CHILD SUPPORT COMPLIANCE ACT:** The Funding Recipient acknowledges in accordance with Public Contract Code section 7110, that:
- A. The Funding Recipient recognizes the importance of child and family support obligations and shall fully comply with all applicable state and federal laws relating to child and family support enforcement, including, but not limited to, disclosure of information and compliance with earnings assignment orders, as provided in Family Code section 5200 et seq.; and
  - B. The Funding Recipient, to the best of its knowledge is fully complying with the earnings assignment orders of all employees and is providing the names of all new employees to the New Hire Registry maintained by the California Employment Development Department.
- D.10. **CLAIMS DISPUTE:** Any claim that the Funding Recipient may have regarding performance of this Agreement including, but not limited to, claims for additional compensation or extension of time, shall be submitted to the DWR Project Representative, within thirty (30) days of the Funding Recipient's knowledge of the claim. State and Funding Recipient shall then attempt to negotiate a resolution of such claim and process an amendment to this Agreement to implement the terms of any such resolution.
- D.11. **COMPETITIVE BIDDING AND PROCUREMENTS:** Funding Recipient's contracts with other entities for the acquisition of goods and services and construction of public works with funds provided by State

under this Funding Agreement must be in writing and shall comply with all applicable laws and regulations regarding the securing of competitive bids and undertaking competitive negotiations. If the Funding Recipient does not have a written policy to award contracts through a competitive bidding or sole source process, the Department of General Services' *State Contracting Manual* rules must be followed and are available at: <https://www.dgs.ca.gov/OLS/Resources/Page-Content/Office-of-Legal-Services-Resources-List-Folder/State-Contracting>.

- D.12. **COMPUTER SOFTWARE:** Funding Recipient certifies that it has appropriate systems and controls in place to ensure that state funds will not be used in the performance of this Funding Agreement for the acquisition, operation, or maintenance of computer software in violation of copyright laws.
- D.13. **CONFLICT OF INTEREST:** All participants are subject to State and Federal conflict of interest laws. Failure to comply with these laws, including business and financial disclosure provisions, will result in the application being rejected and any subsequent contract being declared void. Other legal action may also be taken. Applicable statutes include, but are not limited to, Government Code section 1090 and Public Contract Code sections 10410 and 10411, for State conflict of interest requirements.
- A. **Current State Employees:** No State officer or employee shall engage in any employment, activity, or enterprise from which the officer or employee receives compensation or has a financial interest and which is sponsored or funded by any State agency, unless the employment, activity, or enterprise is required as a condition of regular State employment. No State officer or employee shall contract on his or her own behalf as an independent contractor with any State agency to provide goods or services.
  - B. **Former State Employees:** For the two-year period from the date he or she left State employment, no former State officer or employee may enter into a contract in which he or she engaged in any of the negotiations, transactions, planning, arrangements, or any part of the decision-making process relevant to the contract while employed in any capacity by any State agency. For the twelve-month period from the date he or she left State employment, no former State officer or employee may enter into a contract with any State agency if he or she was employed by that State agency in a policy-making position in the same general subject area as the proposed contract within the twelve-month period prior to his or her leaving State service.
  - C. **Employees of the Funding Recipient:** Employees of the Funding Recipient shall comply with all applicable provisions of law pertaining to conflicts of interest, including but not limited to any applicable conflict of interest provisions of the California Political Reform Act. (Gov. Code, § 87100 et seq.)
  - D. **Employees and Consultants to the Funding Recipient:** Individuals working on behalf of a Funding Recipient may be required by the Department to file a Statement of Economic Interests (Fair Political Practices Commission Form 700) if it is determined that an individual is a consultant for Political Reform Act purposes.
- D.14. **DELIVERY OF INFORMATION, REPORTS, AND DATA:** Funding Recipient agrees to expeditiously provide throughout the term of this Funding Agreement, such reports, data, information, and certifications as may be reasonably required by State.
- D.15. **DISPOSITION OF EQUIPMENT:** Funding Recipient shall provide to State, not less than 30 calendar days prior to submission of the final invoice, an itemized inventory of equipment purchased with funds provided by State. The inventory shall include all items with a current estimated fair market value of more than \$5,000.00 per item. Within 60 calendar days of receipt of such inventory State shall provide Funding Recipient with a list of the items on the inventory that State will take title to. All other items shall become the property of Funding Recipient. State shall arrange for delivery from Funding Recipient of items that it takes title to. Cost of transportation, if any, shall be borne by State.
- D.16. **DRUG-FREE WORKPLACE CERTIFICATION:** Certification of Compliance: By signing this Funding Agreement, Funding Recipient, its contractors or subcontractors hereby certify, under penalty of perjury under the laws of State of California, compliance with the requirements of the Drug-Free Workplace Act of 1990 (Gov. Code, § 8350 et seq.) and have or will provide a drug-free workplace by taking the following actions:

- A. Publish a statement notifying employees, contractors, and subcontractors that unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited and specifying actions to be taken against employees, contractors, or subcontractors for violations, as required by Government Code section 8355.
  - B. Establish a Drug-Free Awareness Program, as required by Government Code section 8355 to inform employees, contractors, or subcontractors about all of the following:
    - i. The dangers of drug abuse in the workplace,
    - ii. Funding Recipient's policy of maintaining a drug-free workplace,
    - iii. Any available counseling, rehabilitation, and employee assistance programs, and
    - iv. Penalties that may be imposed upon employees, contractors, and subcontractors for drug abuse violations.
  - C. Provide, as required by Government Code section 8355, that every employee, contractor, and/or subcontractor who works under this Funding Agreement:
    - i. Will receive a copy of Funding Recipient's drug-free policy statement, and
    - ii. Will agree to abide by terms of Funding Recipient's condition of employment, contract or subcontract.
- D.17. **EASEMENTS:** Where the Funding Recipient acquires property in fee title or funds improvements to real property already owned in fee by the Funding Recipient using State funds provided through this Funding Agreement, an appropriate easement or other title restriction providing for floodplain preservation and agricultural and/or wildlife habitat conservation for the subject property in perpetuity, approved by the State, shall be conveyed to a regulatory or trustee agency or conservation group acceptable to the State. The easement or other title restriction must be in first position ahead of any recorded mortgage or lien on the property unless this requirement is waived by the State.
- Where the Funding Recipient acquires an easement under this Agreement, the Funding Recipient agrees to monitor and enforce the terms of the easement, unless the easement is subsequently transferred to another land management or conservation organization or entity with State permission, at which time monitoring and enforcement responsibilities will transfer to the new easement owner.
- Failure to provide an easement acceptable to the State may result in termination of this Agreement.
- D.18. **FINAL INSPECTIONS AND CERTIFICATION OF REGISTERED CIVIL ENGINEER:** Upon completion of the Project, Funding Recipient shall provide for a final inspection and certification by a California Registered Civil Engineer that the Project has been completed in accordance with submitted final plans and specifications and any modifications thereto and in accordance with this Funding Agreement.
- D.19. **FUNDING RECIPIENT'S RESPONSIBILITIES:** Funding Recipient and its representatives shall:
- A. Faithfully and expeditiously perform or cause to be performed all project work as described in Exhibit A (Work Plan) and in accordance with Project Exhibit B (Budget) and Exhibit C (Schedule).
  - B. Accept and agree to comply with all terms, provisions, conditions, and written commitments of this Funding Agreement, including all incorporated documents, and to fulfill all assurances, declarations, representations, and statements made by Funding Recipient in the application, documents, amendments, and communications filed in support of its request for funding.
  - C. Comply with all applicable California, federal, and local laws and regulations.
  - D. Implement the Project in accordance with applicable provisions of the law.
  - E. Fulfill its obligations under the Funding Agreement and be responsible for the performance of the Project.
  - F. Obtain any and all permits, licenses, and approvals required for performing any work under this Funding Agreement, including those necessary to perform design, construction, or operation and

maintenance of the Project. Funding Recipient shall provide copies of permits and approvals to State.

- G. Be solely responsible for design, construction, and operation and maintenance of projects within the work plan. Review or approval of plans, specifications, bid documents, or other construction documents by State is solely for the purpose of proper administration of funds by State and shall not be deemed to relieve or restrict responsibilities of Funding Recipient under this Agreement.
  - H. Be solely responsible for all work and for persons or entities engaged in work performed pursuant to this Agreement, including, but not limited to, contractors, subcontractors, suppliers, and providers of services. The Funding Recipient shall be responsible for any and all disputes arising out of its contracts for work on the Project, including but not limited to payment disputes with contractors and subcontractors. The State will not mediate disputes between the Funding Recipient and any other entity concerning responsibility for performance of work.
- D.20. **GOVERNING LAW:** This Funding Agreement is governed by and shall be interpreted in accordance with the laws of the State of California.
- D.21. **INCOME RESTRICTIONS:** The Funding Recipient agrees that any refunds, rebates, credits, or other amounts (including any interest thereon) accruing to or received by the Funding Recipient under this Agreement shall be paid by the Funding Recipient to the State, to the extent that they are properly allocable to costs for which the Funding Recipient has been reimbursed by the State under this Agreement. The Funding Recipient shall also include in each of its contracts for work under this Agreement a provision that incorporates the requirements stated within this Paragraph.
- D.22. **INDEMNIFICATION:** Funding Recipient shall indemnify and hold and save the State, its officers, agents, and employees, free and harmless from any and all liabilities for any claims and damages (including inverse condemnation) that may arise out of the Project and this Agreement, including, but not limited to any claims or damages arising from planning, design, construction, maintenance and/or operation of levee rehabilitation measures for this Project and any breach of this Agreement. Funding Recipient shall require its contractors or subcontractors to name the State, its officers, agents and employees as additional insureds on their liability insurance for activities undertaken pursuant to this Agreement.
- D.23. **INDEPENDENT CAPACITY:** Funding Recipient, and the agents and employees of Funding Recipients, in the performance of the Funding Agreement, shall act in an independent capacity and not as officers, employees, or agents of the State.
- D.24. **INSPECTION OF BOOKS, RECORDS, AND REPORTS:** During regular office hours, each of the parties hereto and their duly authorized representatives shall have the right to inspect and to make copies of any books, records, or reports of either party pertaining to this Funding Agreement or matters related hereto. Each of the parties hereto shall maintain and shall make available at all times for such inspection accurate records of all its costs, disbursements, and receipts with respect to its activities under this Funding Agreement. Failure or refusal by Funding Recipient to comply with this provision shall be considered a breach of this Funding Agreement, and State may withhold disbursements to Funding Recipient or take any other action it deems necessary to protect its interests.
- D.25. **INSPECTIONS OF PROJECT BY STATE:** State shall have the right to inspect the work being performed at any and all reasonable times during the term of the Funding Agreement. This right shall extend to any subcontracts, and Funding Recipient shall include provisions ensuring such access in all its contracts or subcontracts entered into pursuant to its Funding Agreement with State.
- D.26. **LABOR CODE COMPLIANCE:** The Funding Recipient agrees to be bound by all the provisions of the Labor Code regarding prevailing wages and shall monitor all contracts subject to reimbursement from this Agreement to assure that the prevailing wage provisions of the Labor Code are being met. Current Department of Industrial Relations (DIR) requirements may be found at: <http://www.dir.ca.gov/lcp.asp>. For more information, please refer to DIR's *Public Works Manual* at: <http://www.dir.ca.gov/dlse/PWManualCombined.pdf>. Funding Recipient certifies that it has a Labor Compliance Program (LCP) in place or has contracted with a third party that has been approved by the Director of DIR to operate an LCP. The Funding Recipient affirms that it is aware of the provisions of section 3700 of the

Labor Code, which requires every employer to be insured against liability for workers' compensation or to undertake self-insurance, and the Funding Recipient affirms that it will comply with such provisions before commencing the performance of the work under this Agreement and will make its contractors and subcontractors aware of this provision.

- D.27. **MODIFICATION OF OVERALL WORK PLAN:** At the request of the Funding Recipient, the State may at its sole discretion approve non-material changes to the portions of Exhibits A, B, and C which concern the budget and schedule without formally amending this Funding Agreement. Non-material changes with respect to the budget are changes that only result in reallocation of the budget and will not result in an increase in the amount of the State Funding Agreement. Non-material changes with respect to the Project schedule are changes that will not extend the term of this Funding Agreement. Requests for non-material changes to the budget and schedule must be submitted by the Funding Recipient to the State in writing and are not effective unless and until specifically approved by the State's Program Manager in writing.
- D.28. **NONDISCRIMINATION:** During the performance of this Funding Agreement, Funding Recipient and its contractors or subcontractors shall not unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of sex (gender), sexual orientation, race, color, ancestry, religion, creed, national origin (including language use restriction), pregnancy, physical disability (including HIV and AIDS), mental disability, medical condition (cancer/genetic characteristics), age (over 40), marital status, and denial of medial and family care leave or pregnancy disability leave. Funding Recipient and its contractors or subcontractors shall ensure that the evaluation and treatment of their employees and applicants for employment are free from such discrimination and harassment. Funding Recipient and its contractors or subcontractors shall comply with the provisions of the California Fair Employment and Housing Act (Gov. Code, § 12990.) and the applicable regulations promulgated there under (Cal. Code Regs., tit. 2, § 11000 et seq.). The applicable regulations of the Fair Employment and Housing are incorporated into this Agreement by reference. Funding Recipient and its contractors or subcontractors shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other agreement.
- Funding Recipient shall include the nondiscrimination and compliance provisions of this clause in all subcontracts to perform work under the Funding Agreement.
- D.29. **OPINIONS AND DETERMINATIONS:** Where the terms of this Funding Agreement provide for action to be based upon, judgment, approval, review, or determination of either party hereto, such terms are not intended to be and shall never be construed as permitting such opinion, judgment, approval, review, or determination to be arbitrary, capricious, or unreasonable.
- D.30. **PERFORMANCE BOND:** Where contractors are used, the Funding Recipient shall not authorize construction to begin until each contractor has furnished a performance bond in favor of the Funding Recipient in the following amounts: faithful performance (100%) of contract value, and labor and materials (100%) of contract value. This requirement shall not apply to any contract for less than \$25,000.00. Any bond issued pursuant to this paragraph must be issued by a California-admitted surety. (Pub. Contract Code, § 7103; Code Civ. Proc., § 995.311.)
- D.31. **PRIORITY HIRING CONSIDERATIONS:** If this Funding Agreement includes services in excess of \$200,000, the Funding Recipient shall give priority consideration in filling vacancies in positions funded by the Funding Agreement to qualified recipients of aid under Welfare and Institutions Code section 11200 in accordance with Public Contract Code section 10353.
- D.32. **PROHIBITION AGAINST DISPOSAL OF PROJECT WITHOUT STATE PERMISSION:** The Funding Recipient shall not sell, abandon, lease, transfer, exchange, mortgage, hypothecate, or encumber in any manner whatsoever all or any portion of any real or other property necessarily connected or used in conjunction with the Project, or with Funding Recipient's service of water, without prior permission of State. Funding Recipient shall not take any action, including but not limited to actions relating to user fees, charges, and assessments that could adversely affect the ability of Funding Recipient meet its obligations under this Funding Agreement, without prior written permission of State. State may require that the proceeds from the disposition of any real or personal property be remitted to State.

- D.33. PROJECT ACCESS: The Funding Recipient shall ensure that the State, the Governor of the State, or any authorized representative of the foregoing, will have safe and suitable access to the Project site at all reasonable times during Project construction and thereafter for the term of this Agreement.
- D.34. REMAINING BALANCE: In the event the Grantee does not submit invoices requesting all of the funds encumbered under this Grant Agreement, any remaining funds revert to the State. The State will notify the Grantee stating that the Project file is closed and any remaining balance will be disencumbered and unavailable for further use under this Grant Agreement.
- D.35. REMEDIES NOT EXCLUSIVE: The use by either party of any remedy specified herein for the enforcement of this Funding Agreement is not exclusive and shall not deprive the party using such remedy of, or limit the application of, any other remedy provided by law.
- D.36. RETENTION: The State shall withhold ten percent (10%) of the funds requested by the Funding Recipient for reimbursement of Eligible Project Costs until the Project is completed and Final Report is approved. Any retained amounts due to the Funding Recipient will be promptly disbursed to the Funding Recipient, without interest, upon completion of the Project.
- D.37. RIGHTS IN DATA: Funding Recipient agrees that all data, plans, drawings, specifications, reports, computer programs, operating manuals, notes and other written or graphic work produced in the performance of this Funding Agreement shall be made available to the State and shall be in the public domain to the extent to which release of such materials is required under the California Public Records Act. (Gov. Code, § 6250 et seq.) Funding Recipient may disclose, disseminate and use in whole or in part, any final form data and information received, collected and developed under this Funding Agreement, subject to appropriate acknowledgement of credit to State for financial support. Funding Recipient shall not utilize the materials for any profit-making venture or sell or grant rights to a third party who intends to do so. The State shall have the right to use any data described in this paragraph for any public purpose.
- D.38. SEVERABILITY: Should any portion of this Funding Agreement be determined to be void or unenforceable, such shall be severed from the whole and the Funding Agreement shall continue as modified.
- D.39. SUSPENSION OF PAYMENTS: This Funding Agreement may be subject to suspension of payments or termination, or both if the State determines that:
- A. Funding Recipient, its contractors, or subcontractors have made a false certification, or
  - B. Funding Recipient, its contractors, or subcontractors violates the certification by failing to carry out the requirements noted in this Funding Agreement.
- D.40. SUCCESSORS AND ASSIGNS: This Funding Agreement and all of its provisions shall apply to and bind the successors and assigns of the parties. No assignment or transfer of this Funding Agreement or any part thereof, rights hereunder, or interest herein by the Funding Recipient shall be valid unless and until it is approved by State and made subject to such reasonable terms and conditions as State may impose.
- D.41. TERMINATION BY FUNDING RECIPIENT: Subject to State approval which may be reasonably withheld, Funding Recipient may terminate this Agreement and be relieved of contractual obligations. In doing so, Funding Recipient must provide a reason(s) for termination. Funding Recipient must submit all progress reports summarizing accomplishments up until termination date.
- D.42. TERMINATION FOR CAUSE: Subject to the right to cure under Paragraph 11, the State may terminate this Funding Agreement and be relieved of any payments should Funding Recipient fail to perform the requirements of this Funding Agreement at the time and in the manner herein, provided including but not limited to reasons of default under Paragraph 11.
- D.43. TERMINATION WITHOUT CAUSE: The State may terminate this Agreement without cause on 30 days' advance written notice. The Funding Recipient shall be reimbursed for all reasonable expenses incurred up to the date of termination.

- D.44. THIRD PARTY BENEFICIARIES: The parties to this Agreement do not intend to create rights in, or grant remedies to, any third party as a beneficiary of this Agreement, or any duty, covenant, obligation or understanding established herein.
- D.45. TIMELINESS: Time is of the essence in this Funding Agreement.
- D.46. TRAVEL: Travel includes the reasonable and necessary costs of transportation, subsistence, and other associated costs incurred by personnel during the term of this Funding Agreement. Any reimbursement for necessary travel and per diem shall be at rates not to exceed those set by the California Department of Human Resources. These rates may be found at: <http://www.calhr.ca.gov/employees/Pages/travel-reimbursements.aspx>. Reimbursement will be at the State travel and per diem amounts that are current as of the date costs are incurred. No travel outside the State of California shall be reimbursed unless prior written authorization is obtained from the State.
- D.47. UNION ORGANIZING: Funding Recipient, by signing this Funding Agreement, hereby acknowledges the applicability of Government Code sections 16645 through 16649 to this Funding Agreement. Furthermore, Funding Recipient, by signing this Funding Agreement, hereby certifies that:
- A. No State funds disbursed by this Funding Agreement will be used to assist, promote, or deter union organizing.
  - B. Funding Recipient shall account for State funds disbursed for a specific expenditure by this Funding Agreement to show those funds were allocated to that expenditure.
  - C. Funding Recipient shall, where State funds are not designated as described in (b) above, allocate, on a pro rata basis, all disbursements that support the program.
  - D. If Funding Recipient makes expenditures to assist, promote, or deter union organizing, Funding Recipient will maintain records sufficient to show that no State funds were used for those expenditures and that Funding Recipient shall provide those records to the Attorney General upon request.
- D.48. VENUE: The State and the Funding Recipient hereby agree that any action arising out of this Agreement shall be filed and maintained in the Superior Court in and for the County of Sacramento, California, or in the United States District Court in and for the Eastern District of California. The Funding Recipient hereby waives any existing sovereign immunity for the purposes of this Agreement.
- D.49. WAIVER OF RIGHTS: None of the provisions of this Funding Agreement shall be deemed waived unless expressly waived in writing. It is the intention of the parties here to that from time to time either party may waive any of its rights under this Funding Agreement unless contrary to law. Any waiver by either party of rights arising in connection with the Funding Agreement shall not be deemed to be a waiver with respect to any other rights or matters, and such provisions shall continue in full force and effect.

### REPORT FORMATS AND REQUIREMENTS

The following reporting formats should be utilized. Please obtain State approval prior to submitting a report in an alternative format.

#### 1. PROGRESS REPORTS

Progress reports shall generally use the following format. This format may be modified as necessary to effectively communicate information.

##### PROJECT STATUS

For each project, describe the work performed during the time period covered by the report including but not limited to:

##### PROJECT INFORMATION

- Legal matters
- Engineering Evaluations
- Environmental matters
- Status of permits, easements, rights-of-way, rights of entry and approvals as may be required by other State, federal, and/or local agencies
- Major accomplishments during the quarter (i.e. tasks completed, milestones met, meetings held or attended, press releases, etc.)
- Issues/concerns that have, will, or could affect the schedule or budget, with a recommendation on how to correct the matter
- Describe differences between the work performed and the work outlined in the Overall Work Plan, including change orders
- Demonstrate financial ability to pay local cost share of Eligible Project Costs required to complete the Project
- Estimate the percentage completion of the overall project
- Identify key issues that need to be resolved
- Photos documenting progress

##### COST INFORMATION

- Provide a list showing all project costs incurred during the time period covered by the report by the Funding Recipient and each contractor working on the project and which of these costs are Eligible Project Costs
- A discussion on how the actual budget is progressing in comparison to the project budget included in the Overall Work Plan
- A list of any changes approved to the budget in accordance with Funding Agreement and a revised budget, by task, if changed from latest budget in the Overall Work Plan
- A discussion of whether there have been any changes to the Funding Recipient's finance plan for payment of the Funding Recipient's share of Eligible Project Costs

##### SCHEDULE INFORMATION

- A schedule showing actual progress verses planned progress
- A discussion on how the actual schedule is progressing in comparison to the original or last reported schedule

- A list of any changes approved to the Schedule in accordance with Funding Agreement and a revised schedule, by task, if changed from latest reported schedule

## 2. PROJECT COMPLETION REPORT

Project Completion Reports shall generally use the following format.

EXECUTIVE SUMMARY – Should include a brief summary of project information and include the following items:

- Brief description of work proposed to be done in the original application
- Description of actual work completed and any deviations from the work plan identified in the Funding Agreement

REPORTS AND/OR PRODUCTS – The following items should be provided

- Final Evaluation report
- Electronic copies of any data collected, not previously submitted
- As-built drawings
- Final geodetic survey information
- Self-Certification that the Project meets the stated goal of the funding agreement (e.g. 100-year level of flood protection, HMP standard, PI-84-99, etc.)
- Project photos
- Discussion of problems that occurred during the work and how those problems were resolved
- A final project schedule showing actual progress versus planned progress

COSTS AND DISPOSITION OF FUNDS – A list of showing:

- The date each invoice was submitted to State
- The amount of the invoice
- The date the check was received
- The amount of the check (If a check has not been received for the final invoice, then state this in this section.)
- A summary of the payments made by the Funding Recipient for meeting its cost sharing obligations under this Funding Agreement.
- A summary of final funds disbursement including:
  - Labor cost of personnel of agency/ major consultant /sub-consultants. Indicate personnel, hours, rates, type of profession and reason for consultant, i.e., design, CEQA work, etc.
  - Evaluation cost information, shown by material, equipment, labor costs, and any change orders
  - Any other incurred cost detail
  - A statement verifying separate accounting of funding disbursements
- Summary of project cost including the following items:
  - Accounting of the cost of project expenditure;
  - Include all internal and external costs not previously disclosed; and
  - A discussion of factors that positively or negatively affected the project cost and any deviation from the original project cost estimate.

ADDITIONAL INFORMATION – Any relevant additional Information should be included.

## Exhibit G

### REQUIREMENTS FOR DATA SUBMITTAL

#### **Surface and Groundwater Quality Data:**

Groundwater quality and ambient surface water quality monitoring data that include chemical, physical, or biological data shall be submitted to the State as described below, with a narrative description of data submittal activities included in project reports, as described in Exhibit X.

Surface water quality monitoring data shall be prepared for submission to the California Environmental Data Exchange Network (CEDEN). The CEDEN data templates are available on the CEDEN website. Inclusion of additional data elements described on the data templates is desirable. Data ready for submission should be uploaded to your CEDEN Regional Data Center via the CEDEN website. CEDEN website: <http://www.ceden.org>.

If a project's Work Plan contains a groundwater ambient monitoring element, groundwater quality monitoring data shall be submitted to the State for inclusion in the State Water Resources Control Board's Groundwater Ambient Monitoring and Assessment (GAMA) Program Information on the GAMA Program can be obtained at: [https://www.waterboards.ca.gov/water\\_issues/programs/gama/](https://www.waterboards.ca.gov/water_issues/programs/gama/). If further information is required, the Funding Recipient can contact the State Water Resources Control Board (SWRCB) GAMA Program. A listing of SWRCB staff involved in the GAMA program can be found at: [https://www.waterboards.ca.gov/water\\_issues/programs/gama/contact.shtml](https://www.waterboards.ca.gov/water_issues/programs/gama/contact.shtml).

#### **Groundwater Level Data**

For each project that collects groundwater level data, Funding Recipient will need to submit this data to DWR's Water Data Library (WDL), with a narrative description of data submittal activities included in project reports, as described in Exhibit E. Information regarding the WDL and in what format to submit data in can be found at: <http://www.water.ca.gov/waterdatalibrary/>.

In the near future, DWR's WDL will be replaced by the California Statewide Groundwater Elevation Monitoring program (CASGEM). Once this Program comes online Funding Recipient will then submit groundwater level data to CASGEM. Information regarding the CASGEM program can be found at: <http://www.water.ca.gov/groundwater/casgem/>.

**STATE AUDIT DOCUMENT REQUIREMENTS AND**  
**FUNDING MATCH GUIDELINES FOR FUNDING RECIPIENTS**

The following provides a list of documents typically required by State Auditors and general guidelines for Funding Recipients. List of documents pertains to both State funding and Funding Recipient's Funding Match and details the documents/records that State Auditors would need to review in the event of this Funding Agreement is audited. Funding Recipients should ensure that such records are maintained for each funded project.

**State Audit Document Requirements**

Internal Controls

1. Organization chart (e.g., Agency's overall organization chart and organization chart for the State funded Program/Project).
2. Written internal procedures and flowcharts for the following:
  - a) Receipts and deposits
  - b) Disbursements
  - c) State reimbursement requests
  - d) Expenditure tracking of State funds
  - e) Guidelines, policy, and procedures on State funded Program/Project
3. Audit reports of the Agency internal control structure and/or financial statements within the last two years.
4. Prior audit reports on the State funded Program/Project.

State Funding:

1. Original Funding Agreement, any amendment(s) and budget modification documents.
2. A listing of all bond-funded grants, loans, or subventions received from the State.
3. A listing of all other funding sources for each Program/Project.

Contracts:

1. All subcontractor and consultant contracts and related or partners' documents, if applicable.
2. Contracts between the Agency and member agencies as related to the State funded Program/Project.

Invoices:

1. Invoices from vendors and subcontractors for expenditures submitted to the State for payments under the Funding Agreement.
2. Documentation linking subcontractor invoices to State reimbursement, requests and related Funding Agreement budget line items.
3. Reimbursement requests submitted to the State for the Funding Agreement.

Cash Documents:

1. Receipts (copies of warrants) showing payments received from the State.
2. Deposit slips (or bank statements) showing deposit of the payments received from the State.
3. Cancelled checks or disbursement documents showing payments made to vendors, subcontractors, consultants, and/or agents under the grants or loans.
4. Bank statements showing the deposit of the receipts.

### Accounting Records:

1. Ledgers showing entries for funding receipts and cash disbursements.
2. Ledgers showing receipts and cash disbursement entries of other funding sources.
3. Bridging documents that tie the general ledger to requests for Funding Agreement reimbursement.

### Administration Costs:

1. Supporting documents showing the calculation of administration costs.

### Personnel:

1. List of all contractors and Agency staff that worked on the State funded Program/Project.
2. Payroll records including timesheets for contractor staff and the Agency personnel who provided services charged to the program

### Project Files:

1. All supporting documentation maintained in the project files.
2. All Funding Agreement related correspondence.

## **Funding Match Guidelines**

Funding Match (often referred to as cost share) consists of non-State funds, including in-kind services. In-kind services are defined as work performed (i.e., dollar value of non-cash contributions) by the Funding Recipient (and potentially other parties) directly related to the execution of the funded project. Examples include volunteer services, equipment use, and use of facilities. The cost of in-kind service can be counted as funding match in-lieu of actual funds (or revenue) provide by the Funding Recipient. Other funding match and in-kind service eligibility conditions may apply. Provided below is guidance for documenting funding match with and without in-kind services.

1. Although tracked separately, in-kind services shall be documented and, to the extent feasible, supported by the same methods used by the Funding Recipient for its own employees. Such documentation should include the following:
  - a. Detailed description of the contributed item(s) or service(s)
  - b. Purpose for which the contribution was made (tied to project work plan)
  - c. Name of contributing organization and date of contribution
  - d. Real or approximate value of contribution. Who valued the contribution and how was the value determined? (e.g., actual, appraisal, fair market value, etc.). Justification of rate. (See item #2, below)
  - e. Person's name and the function of the contributing person
  - f. Number of hours contributed
  - g. If multiple sources exist, these should be summarized on a table with summed charges
  - h. Source of contribution if it was provided by, obtained with, or supported by government funds
2. Rates for volunteer or in-kind services shall be consistent with those paid for similar work in the Funding Recipient's organization. For example, volunteer service of clearing vegetation performed by an attorney shall be valued at a fair market value for this service, not the rate for professional legal services. In those instances, in which the required skills are not found in the recipient organization, rates shall be consistent with those paid for similar work in the labor market. Paid fringe benefits that are reasonable, allowable and allocable may be included in the valuation.
3. Funding match contribution (including in kind services) shall be for costs and services directly attributed to activities included in the Funding Agreement. These services, furnished by professional and technical

personnel, consultants, and other skilled and unskilled labor may be counted as in-kind if the activities are an integral and necessary part of the project funded by the Funding Agreement.

4. Cash contributions made to a project shall be documented as revenue and in-kind services as expenditure. These costs should be tracked separately in the Funding Recipient's accounting system.

### MONITORING AND MAINTENANCE PLAN COMPONENTS

#### Introduction

- Goals and objectives of project
- Site location and history
- Improvements implemented

#### Monitoring and Maintenance Plan

- Monitoring Metrics (ex: Plant establishment, bank erosion, hydraulic characteristics, habitat expansion)
- Maintenance Metrics (ex: irrigation, pest management, weed abatement, continuous invasive species removal until natives established)
- Special Environmental Considerations (ex: resource agency requirements, permit requirements, CEQA/NEPA mitigation measures)
- Performance Measures, or success/failure criteria monitoring results measured against (ex: percent canopy cover after 1, 5, 10 years, water temperature decrease, site specific sediment scour or retention)
- Method of Reporting (ex: paper reports, online databases, public meetings)
- Frequency of Duration Monitoring and Reporting (daily, weekly, monthly, yearly)
- Frequency and Duration of Maintenance Activities
- Responsible Party (who is conducting monitoring and/or maintenance) Implementing responsibility (i.e., who is responsible for monitoring and maintenance)
- Adaptive Management Strategies (i.e., what happens when routine monitoring or maintenance encounters a problem)

## **Exhibit J**

### **Project Location**

Project Location/Site/Vicinity Map – Provide a map and/or diagrams depicting the project location and site characteristics including the area and watershed encompassed by the project and disadvantaged communities within the project area (if applicable).

Project Drawings and Sketches – Provide drawings or sketches of project features in adequate detail to describe them.

If needed, provide a description of the project location including overlying jurisdiction (City, County, State, or Federal land), Assessor Parcel Numbers, property addresses, legal descriptions, and Latitude/Longitude of project site.

## **Exhibit K**

### **Information Needed for Escrow Processing and Closure**

The Funding Recipient must provide the following documents to the State Project Representative during the escrow process. Property acquisition escrow documents must be submitted within the term of this Funding Agreement and after a qualified appraisal has been approved.

- Name and Address of Title Company Handling the Escrow
- Escrow Number
- Name of Escrow Officer
- Escrow Officer's Phone Number
- Dollar Amount Needed to Close Escrow
- Legal Description of Property Being Acquired
- Assessor's Parcel Number(s) of Property Being Acquired
- Copy of Title Insurance Report
- Entity Taking Title as Named Insured on Title Insurance Policy
- Copy of Escrow Instructions in Draft Form Prior to Recording for Review Purposes
- Copy of Final Escrow Instructions
- Verification that all Encumbrances (Liens, Back Taxes, and Similar Obligations) have been Cleared Prior to Recording the Deed to Transfer Title
- Copy of Deed for Review Purposes Prior to Recording
- Copy of Deed as Recorded in County Recorder's Office
- Copy of Escrow Closure Notice

## Exhibit L

### APPRAISAL SPECIFICATIONS

For property acquisitions funded this Funding Agreement, the Funding Recipient must submit an appraisal for review and approval by the Department of General Services or DWR's Real Estate Branch prior to reimbursement or depositing State funds into an escrow account. All appraisal reports, regardless of report format, must include all applicable Appraisal Specifications below. Appraisals for a total compensation of \$150,000 or more shall be reported as a Self-Contained Appraisal Report. Appraisals for a total compensation of less than \$150,000 may be reported as a Summary Appraisal Report, which includes all information necessary to arrive at the appraiser's conclusion. Appraisal Specifications 14, 16, 21, 23-25, and 28 shall be narrative analysis regardless of the reporting format.

1. Title page with sufficient identification of appraisal assignment.
2. Letter of transmittal summarizing important assumptions and conclusions, value estimate, date of value and date of report.
3. Table of contents.
4. Assumptions and Limiting Conditions, Extraordinary Assumptions, and Hypothetical Conditions as needed.
5. Description of the scope of work, including the extent of data collection and limitations, if any, in obtaining relevant data.
6. Definition of Fair Market Value, as defined by Code of Civil Procedure, section 1263.320.
7. Photographs of subject property and comparable data, including significant physical features and the interior of structural improvements, if applicable.
8. Copies of Tax Assessor's plat map with the subject marked along with all contiguous assessor's parcels that depict the ownership.
9. A legal description of the subject property, if available.
10. For large, remote or inaccessible parcels, provide aerial photographs or topographical maps depicting the subject boundaries.
11. Three-year subject property history, including sales, listings, leases, options, zoning, applications for permits, or other documents or facts that might indicate or affect use or value.
12. Discussion of any current Agreement of Sale, option, or listing of subject property. This issue required increased diligence since state agencies often utilize non-profit organizations to quickly acquire sensitive-habitat parcels using Option Agreements. However, due to confidentiality clauses, the terms of the Option are often not disclosed to the state. If the appraiser discovers evidence of an Option or the possible existence of an Option, and the terms cannot be disclosed due to a confidentiality clause, then the appraiser is to cease work and contact the client.
13. Regional, area, and neighborhood analyses. This information may be presented in a summary format.
14. Market conditions and trends including identification of the relevant market area, a discussion of supply and demand within the relevant market area, and a discussion of the relevant market factors impacting demand for site acquisition and leasing within the relevant market area. This information may be presented in a summary format.
15. Discussion of subject land/site characteristics (size, topography, current use, elevations, zoning and land use issues, development entitlements, General Plan designation, utilities, offsite improvements, access, land features such as levees and creeks, offsite improvements, easements and encumbrances, covenants, conditions and restrictions, flood and earthquake information, toxic hazards, water rights, mineral rights, toxic hazards, taxes and assessments, etc.).

16. Description of subject improvements including all structures, square footage, physical age, type of construction, quality of construction, condition of improvements and/or identification of any permanent plantings. Discussion of construction cost methodology, costs included and excluded, accrued depreciation from all causes, remaining economic life, items of deferred maintenance and cost to cure, and incurable items. Construction cost data must include cost data source, date of estimate or date of publication of cost manual, section and page reference of cost manual, copies of cost estimate if provided from another source, replacement or reproduction cost method used, and supporting calculations including worksheets or spreadsheets.
17. Subject property leasing and operating cost history, including all items of income and expense.
18. Analysis and conclusion of the larger parcel for partial taking appraisals. For partial taking appraisals, Appraisal Specifications generally apply to the larger parcel rather than an ownership where the larger parcel is not the entire ownership.
19. Include a copy of a recent preliminary title report (within the past year) as an appraisal exhibit. Discuss the title exceptions and analyze the effect of title exceptions on fair market value.
20. For appraisals of partial takings or easements, a detailed description of the taking or easement area including surface features and topography, easements, encumbrances or improvements including levees within the subject partial take or easement, and whether the take area is characteristic of the larger parcel. Any characteristics of the taking area, including existing pre-project levees that render the take area different from the larger parcel must be addressed in the valuation.
21. Opinion of highest and best use for the subject property, based on an in depth analysis supporting the concluded use which includes the detail required by the complexity of the analysis. Such support typically requires a discussion of the four criteria of tests utilized to determine the highest and best use of a property. If alternative feasible uses exist, explain and support market, development, cash flow, and risk factors leading to an ultimate highest and best use decision.
22. All approaches to market value applicable to the property type and in the subject market. Explain and support the exclusion of any usual approaches to value.
23. Map(s) showing all comparable properties in relation to the subject property.
24. Photographs and plat maps of comparable properties.
25. In depth discussion of comparable properties, similarities and differences compared to the subject, adjustments to the comparable data, and discussion of the reliability and credibility of the data as it relates to the indicated subject property value. Improved comparable sales which are used to compare to vacant land subject properties must include an allocation between land and improvements, using methodology similar to methodology used in item 16 above to estimate improvement value when possible, with an explanation of the methodology used.
26. Comparable data sheets.
  - a) For sales, include information on grantor/grantee, sale/recordation dates, listed or asking price as of the date of sale, highest and best use, financing, conditions of sale, buyer motivation, sufficient location information (street address, post mile, and/or distance from local landmarks such as bridges, road intersections, structures, etc.), land/site characteristics, improvements, source of any allocation of sale price between land and improvements, and confirming source.
  - b) For listings, also include marketing time from list date to effective date of the appraisal, original list price, changes in list price, broker feedback, if available.
  - c) For leases, include significant information such as lessor/lessee, lease date and term, type of lease, rent and escalation, expenses, size of space leased, tenant improvement allowance, concessions, use restrictions, options, and confirming source. When comparing improved sales to a vacant land subject, the contributory value of the improvements must be segregated from the land value.
27. For appraisals of easements, a before and after analysis of the burden of the easement on the fee, with attention to how the easement affects highest and best use in the after condition. An Easement Valuation

Matrix or generalized easement valuation references may be used ONLY as a reference for a secondary basis of value.

28. For partial taking and easement appraisals, valuation of the remainder in the after condition and analysis and identification of any change in highest and best use or other characteristics in the after condition, to establish severance damages to the remainder in the after condition, and a discussion of special and general benefits, and cost to cure damages or construction contract work.
29. There are occasions where properties involve water rights, minerals, or salable timber that require separate valuations. If an appraisal assignment includes water rights, minerals, or merchantable timber that requires separate valuation, the valuation of the water rights, minerals, or merchantable timber must be completed by a credentialed subject matter specialist.
30. For partial taking and easement appraisals, presentation of the valuation in California partial taking acquisition required format.
31. Implied dedication statement.
32. Reconciliation and final value estimate. Include analysis and comparison of the comparable sales to the subject, and explain and support conclusions reached.
33. Discussion of any departures taken in the development of the appraisal.
34. Signed Certification consistent with the language found in Uniform Standards of Professional Appraisal Practice.
35. If applicable, in addition to the above, appraisals of telecommunication sites must also provide:
  - a) A discussion of market conditions and trends including identification of the relevant market, a discussion of supply and demand within the relevant market area and a discussion of the relevant market factors impacting demand for site acquisition and leasing within the relevant market area.
  - b) An analysis of other (ground and vault) leases comparable to subject property. Factors to be discussed in the analysis include the latitude, longitude, type of tower, tower height, number of rack spaces, number of racks occupied, placement of racks, power source and adequacy, back-up power, vault and site improvements description and location on site, other utilities; access, and road maintenance costs.

### Local Project Sponsors

Funding Recipient has assigned, for each project, a Local Project Sponsor according to the roles of the participating agencies identified in <Exhibit A, Work Plan – or other appropriate reference such as the IRWM Plan>. Local Project Sponsors may act on behalf of Funding Recipient for the purposes of individual project management, oversight, compliance, and operations and maintenance. Local Project Sponsors are identified for each Sponsored Project below:

## **EXHIBIT B SCOPE OF WORK**

California Department of Water Resources, The Riverine Stewardship Program, Urban Streams  
Restoration Program

Project: Broadway Creek Restoration Project, Phase A

**Scope of Work for: Community Engagement, Education and Interpretive Panels  
In partnership with The San Diego River Park Foundation**

### **Project Background and Partnering Experience:**

The City of El Cajon (the City) is seeking funding from the Department of Water Resources' Urban Streams and Restoration Program to improve Phase A of Broadway Creek through flood control and vegetation enhancements. The scope of the improvements will provide multiple benefits to the San Diego River Watershed.

Currently, Broadway Creek has a non-uniform cross section and suffers from heavy erosion along the channel banks. Further, overgrowth and capacity issues have been prevalent along the creek alignment, which present flooding risks to the residents located at adjacent properties.

The project proposes to remove invasive plant species and replace with a native grasses, rushes, sedges, shrubs, and trees conducive to restoring habitat, cleaning storm-water runoff, and improving water quality. Invasive plant species, such as castor bean (*Ricinus communis*) and Brazilian peppertree (*Schinus terebinthifolius*), will be removed and controlled. Grasses, rushes, sedges, shrubs, and trees (where feasible) in and around the channel and right-of-way will increase the acreage of native vegetation, specifically emergent wetland/freshwater marsh habitat and native upland vegetation. The preliminary plant palette include mule-fat (*Baccharis salicifolia*) and arroyo willow (*Baccharis salicifolia*) along the banks and slopes, and sedges (*Carex* spp.), rushes (*Juncus* spp.), and native grasses (*Poaceae*) for the wetland area and channel.

In addition to expanding green space, the project includes re-contouring, grading, and installing slope protection materials to reinforce the slopes, decrease erosion and sediment runoff, and support native plant growth. Grading and stabilizing the channel will increase the capacity of the creek to handle storms, reduce the frequency of flooding beyond the extent of the creek, and create a wider path for storm water flow by maximizing the use of the right-of-way. The project will remove the debris and broken concrete within the existing channel while also reinforcing the channel at the location of a 90-degree bend in the earthen channel in Phase A. Doing so will restore natural system function, eliminate impounded water in areas and control sediment erosion.

The City of El Cajon will partner with The San Diego River Park Foundation (SDRPF), a community-based nonprofit specializing in community engagement, volunteer coordination, advocacy and education in the San Diego River watershed. Broadway Channel is part of the San Diego River watershed, connected by Forester Creek. In fact, the City of El Cajon is located

entirely within the San Diego River Watershed, comprising nearly 20% of the population of the watershed.

### **Qualifications and Background**

SDRPF has an 18 year history of similar efforts on the main stem of the San Diego River and its tributaries. SDRPF is well-positioned for the proposed scope of work and community engagement as a result of a recent project; in 2018, SDRPF received funding from the State of California via the San Diego County Water Authority to conduct a planning effort to engage the community in developing a recreation access plan focused on the creeks and waterways of El Cajon (including Broadway Channel) and a trash capture plan, to explore community-based and other innovative trash capture methods. This recently completed effort included connecting with more than 4,200 community members through outreach, completion of 1,083 surveys, forming a stakeholder committee to expand outreach and communications network and solicit more in-depth feedback, and hosting a creek recreation access workshop, attended by 150 community members. This track record for community engagement demonstrates SDRPF qualifications to meet the deliverables of this scope of work. The preliminary recommendations of the access plan were also used to inform this proposal.

### **Need for Project**

Prior to the proposed project, the SDRPF conducted 1,083 surveys to a demographically representative and statistically significant portion of the community and determined the following:

- Only 33.6% of respondents knew that the water in these channels flows into river and then the ocean (other responses: flows to sewer, water treatment plant, or recharge, or had no idea.) but 72.6% of respondents recognize these channels in El Cajon when shown pictures. This illustrates a high need for raising awareness about community connection to the creeks.
- When asked about what environmental or recreational amenities El Cajon needs, highest scoring were:
  - 77.2% (agree or strongly agree): walking trails
  - 77.0% (agree or strongly agree): gardens
  - 77.0% (agree or strongly agree): grassy areas
- When asked about interest in a list of activities, highest response to:
  - Fairs or festivals: 77.4% (a little interested or very interested)
  - Guided hikes or walks: 72.1% (a little interested or very interested)
  - Outdoor nature classes: 68.1% (a little interested or very interested)

### **Scope of Work: Community Engagement, Education and Interpretive Panels**

*Project Period: July 1, 2020 through June 30, 2023*

*Project Budget for this Scope of Work: \$63,146*

The San Diego River Park Foundation Engagement team will conduct a coordinated outreach effort to engage several target audiences:

1. Neighbors nearest the project who have the highest potential benefit from access to the improved stream corridor and highest potential to serve as stewards and champions of the project
2. Youth near the project area
3. Business owners, service clubs, and other stakeholders that might have potential for longer term investment in the project
4. El Cajon community within the DAC area, primarily those within 0.5 miles of one of El Cajon's channels/creeks

*Outreach and Community Engagement Activities:*

This project addresses needed engineering improvements to enable Broadway Channel to effectively contain and transport stormwater. To support the overall project goals, the SDRPF will complete the below listed outreach and community engagement activities. Based on their expertise and in coordination with the City of El Cajon, The San Diego River Park Foundation will use adaptive management throughout the project to adapt to unforeseen challenges and take advantage of unexpected opportunities, in an interest of meeting or exceeding project deliverables and metrics.

- In year one: conduct outreach at community events and gatherings in proximity to the project area or attended by community members from the project area. Conduct surveys to inform community engagement events and education. Engage the public in appropriate onsite tours and activities, in coordination with the City of El Cajon and pre-construction calendar.
- In year two and three: host tours, outings or other events approximately every other month for the community to engage with the project. Activity calendar will be informed by past SDRPF-conducted surveys of El Cajon, plus additional surveys conducted in year one, so as to align with the interests of the community to maximize participation.
- Design and host appropriate volunteer activities so that the community can play a hands-on role in the completion of the project, such as invasive removal, native planting, garden installation, community art installation or similar that serves to beautify the project.
- Design and install interpretive materials on or adjacent to project site, such as an interpretive panel, community board, or other interpretive materials to raise awareness of passers-by about the project. Interpretive materials will consider both pedestrian passers-by and vehicles when selecting scale of interpretive elements.
- Engage technical expertise of community members by adding a citizen science water quality team to conduct monthly monitoring at the project site for three years

*Metrics/Deliverables:*

- Reach 1,000 community members through outreach
- Engage with community members to collect 250 survey responses

- Generate report of community input for project design
- Host at least 15 events, including walking tours, educational activities, volunteer projects and similar, on or near the project site over 3 years to engage community members, reaching a total of 500 community members, including at least 150 youth
- Design and install at least two interpretive materials on or adjacent to project site
- Engage at least 150 hours of service from citizen scientists to conduct water quality monitoring, plus 350 hours of service through other volunteer activities
- Generate annual water quality report using citizen scientist data

## **Budget:**

The SDRPF will utilize the following itemized budget to guide implementation of the scope of work. This budget was developed for planning purposes and may be modified based on adaptive management, actual project dates, construction schedule and collaboration with City of El Cajon and its contractors.

	<i>Year 1</i>	<i>Year 2</i>	<i>Year 3</i>	<i>TOTAL</i>
<b>Community Outreach, Survey Collection and Project Input Solicitation</b>

City Council  
Agenda Report

Agenda Item 6.

**DATE:** July 14, 2020  
**TO:** Honorable Mayor and City Councilmembers  
**FROM:** Frank Carson, Director of Parks & Recreation  
**SUBJECT:** Termination of Boys and Girls Clubs of East County Teen Center Lease

---

**RECOMMENDATION:**

That the City Council adopts the next Resolution, in order, to:

1. Approve an early lease termination agreement with the Boys and Girls Clubs of East County, Inc., for its use of a portion of buildings located at 1153 East Madison Avenue as a Teen Center, and
2. Authorize the City Manager to execute the agreement.

**BACKGROUND:**

The City owns the property at 1153 E. Madison Ave. (Wells Park) and leases a portion of the property (commonly referred to as the Wells Center - approximately 4,400 square feet of building space) to the Boys and Girls Clubs of East County, Inc. (the "Boys and Girls Clubs"), which was used as its Teen Center. The lease with the Boys and Girls Clubs expires on June 30, 2036.

Originally, the Boys and Girls Clubs leased the Wells Center, the Wells Activity Room, the Shuffle Board Court, the Patio (between the Wells Activity Room and the Shuffle Board Court), and a small storage room, together with the back lawn between all of these facilities and the fence along the west side of the property. Over time, the lease was amended to reduce the amount of space leased to the Boys and Girls Clubs to only the Wells Center portion. The staff for the Boys and Girls Clubs are now desiring to focus their efforts in El Cajon at their Clubhouse, immediately east of and adjacent to Wells Park. Therefore, the staff for the Boys and Girls Clubs has requested to terminate the lease for use of the Wells Center.

**FISCAL IMPACT:**

The lease provides for rent at one dollar (\$1.00) each year. There will be no impact to the General Fund.

RESOLUTION NO. \_\_-20

A RESOLUTION OF THE CITY COUNCIL OF  
THE CITY OF EL CAJON APPROVING THE  
EARLY TERMINATION OF LEASE WITH  
BOYS AND GIRLS CLUBS OF EAST COUNTY, INC.

WHEREAS, the City of El Cajon (the "City") owns the property located at 1153 East Madison Avenue, known as Wells Park, (the "Property"); and

WHEREAS, the City leases a portion of the Property, being approximately 4,400 square feet of the improvements located on the Property, and commonly referred to as the Wells Park Center (the "Leased Premises") to the Boys and Girls Clubs of East County, Inc. (the "Boys and Girls Clubs") for their Teen Center by that certain Lease Agreement dated November 7, 2008, as amended by that certain First Amendment to Lease dated February 1, 2019 (together, the "Lease"); and

WHEREAS, the Lease is set to expire on June 30, 2036; and

WHEREAS, staff of the Boys and Girls Clubs desires to focus their efforts in the City on their clubhouse, which is located on property immediately east of the Property, and has requested an early termination of the Lease; and

WHEREAS, City staff believes that the Lease should be terminated and the Leased Premises restored to the City, as requested by the Boys and Girls Clubs; and

WHEREAS, the City Council believes it to be in the City's best interests to terminate the Lease as recommended by City staff.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF EL CAJON AS FOLLOWS:

1. The above recitals are true and correct, and are the findings of the City Council.
2. The City Council hereby approves the execution of a Lease Termination Agreement with the Boys and Girls Clubs (the "Agreement"), with such changes as may be approved by the City Manager.
3. The City Manager and the City Clerk are hereby authorized and directed to execute the Agreement on behalf of the City of El Cajon.
4. The City Manager is hereby further authorized to execute, and the City Clerk is hereby authorized to attest the City Manager's signature, such amendments to the Agreement as may be necessary to approve any terms of the Agreement as contemplated therein, and to make such other changes as may be necessary, in the determination of the City Manager, to implement the Agreement in the best interests of the City.

## LEASE TERMINATION AGREEMENT

THIS LEASE TERMINATION AGREEMENT (the "Agreement") is made and entered into as of \_\_\_\_\_, 2020 by and between Boys and Girls Clubs of East County, Inc., a California nonprofit public benefit corporation (the "Lessee") and the City of El Cajon, a California charter city and municipal corporation (the "Lessor").

### RECITALS

A. On November 7, 2008, Lessor and Lessee executed that certain Lease Agreement (the "Lease") for certain real property with improvements then or later constructed (collectively, the "Leased Premises"), which is more particularly described on Exhibit A, attached hereto and incorporated herein by this reference.

B. On February 1, 2019, Lessor and Lessee executed that certain First Amendment to Lease Agreement (the "First Amendment"), modifying the terms of Section 4 of the Lease (the Lease and the First Amendment, collectively the "Amended Lease").

C. The Amended Lease has a term of twenty-five (25) years with a right to extend the term for one additional period of twenty-five (25) years.

D. The Lessor and the Lessee desire to terminate the Amended Lease on the terms and conditions set forth in this Agreement.

FOR GOOD AND VALUABLE CONSIDERATION, the receipt of which is hereby acknowledged, Lessor and Lessee agree as follows:

Section 1. Termination of Lease. Lessor and Lessee hereby agree to terminate the Amended Lease effective as of \_\_\_\_\_, 2020, subject to the fulfillment of the following conditions:

(a) Lessee agrees to pay Lessor the amount of \$\_\_\_\_\_, representing prorated charges for utilities for the Leased Premises for the period of \_\_\_\_\_, 2020 through the date of this Agreement; and

(b) Lessee shall, immediately upon the complete execution of this Agreement, surrender possession of the Leased Premises, including any tenant improvements constructed by or for Lessee during Lessee's tenancy, in tenable condition, broom clean, normal wear and tear excepted.

Section 2. Mutual Release.

(a) Except as otherwise set forth in Section 2(b), Lessor and Lessee discharge and release each other and their officials, officers, directors, agents, contractors, and employees from any actions, causes of action, claims and demands, costs, loss of services, and expenses and compensation related in any way to all known and unknown

injuries resulting, now or later, from Lessee's tenancy, occupancy, and use of the Leased Premises, and performance of any conditions under the Amended Lease. Lessor and Lessee represent and warrant that they have not sold, assigned, or otherwise transferred any of the claims released by this Agreement.

(b) Lessee agrees to indemnify and hold harmless the other party from any claims and demands, costs, loss of services expenses, and compensation in any way growing out of the Lessee's tenancy and use of the Leased Premises, including, but not limited to, Lessor's negligence. Notwithstanding the foregoing, Lessee shall not be liable for the Lessor's sole negligence or willful misconduct.

(c) Each party represents and warrants to the other party that the party has read and understands this Agreement with the releases and indemnification provisions and that each party has had the legal effect of this Agreement explained by competent legal counsel of that party's choice and that each party is executing this Agreement of that party's own free will.

Section 3. Acceptance of Surrender. Lessor accepts the surrender of the Leased Premises by Lessee and acknowledges that the Leased Premises are in good condition and repair and that Lessee shall have no liability with respect to the condition of the Leased Premises.

Section 4. Assignment. Lessee represents and warrants that it has made no assignment, sublease, transfer, or other disposition of the Lease, any interest in the Lease or any demand, obligation, liability, or cause of action arising out of the Lease.

Section 5. Attorneys' Fees. If any legal action is taken to interpret or enforce the terms of this Agreement by any party, the prevailing party shall be entitled to recover reasonable attorneys' fees and costs and expenses incurred in connection with that legal action.

Section 6. Entire Agreement. This Agreement contains the entire agreement between the parties regarding the matters covered in this Agreement. There have been no other statements, promises, or representations made by the parties that are intended to alter, modify, or complement this Agreement.

Section 7. Amendment. This Agreement may not be altered, amended, modified, or otherwise changed in any respect, except by a writing executed by an authorized representative of each party.

Section 8. Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original and, and all taken together, shall constitute one and the same instrument.

Section 9. Titles. The section titles in this Agreement are used for the convenience of the parties and are not to be taken as part of the instrument or used to interpret this Agreement.

Section 10. Time of the Essence. Time is of the essence in this Agreement.

Section 11. Authorization. The undersigned, by their signatures, represent and warrant that they are authorized agents of their respective entities and are authorized to execute this Agreement.

Section 12. Successors and Assigns. This Agreement shall bind and inure to the benefit of the parties and their respective heirs, successors, and assigns.

Section 13. Governing Law; Venue. This Agreement is governed and construed in accordance with California law. Any action to interpret or enforce the terms of this Agreement shall be brought in the Superior Court of California, San Diego County, Central Division. Lessee hereby waives any right to remove any such action from San Diego County as is otherwise permitted by California Code of Civil Procedure section 394.

## City Council Agenda Report

**Agenda Item 7.**

**DATE:** July 14, 2020  
**TO:** Honorable Mayor and City Councilmembers  
**FROM:** Yazmin Arellano, Acting Director of Public of Works  
**SUBJECT:** Acceptance of Public Improvements for Tentative Subdivision Map (TSM)  
660 - Main Ranch (formerly Bella Terrazza).

---

### RECOMMENDATION:

That the City Council accepts the improvements and authorizes the City Clerk to release the security guaranteeing the improvements in accordance with the subdivision agreement, and requires the developer to maintain insurance in force until the release of all bonds for the project.

### BACKGROUND:

On July 28, 2015, the City Council approved TSM 660 for a 140-lot subdivision with 139 residential lots and 1 common lot, by Resolution No. 077-15, subject to conditions. The subdivision, known as Main Ranch, is located on the east side of East Main Street between Pepper Drive and Lavala Lane (APNs: 400-250-07, -08, -09, and -28). The public improvements, as a condition of approval for TSM 660, are now complete. Bonds and a Subdivision Agreement guaranteed installation of the public improvements.

### FISCAL IMPACT:

There is no fiscal impact as a result of this action.

**TO:** Honorable Mayor and City Councilmembers  
**FROM:** Nahid Razi, Purchasing Agent  
**SUBJECT:** Reject and Re-Bid of Bid No. 007-21 – Landscape and Facility Maintenance

---

**RECOMMENDATION:**

That the City Council adopts the next Resolution, in order, to reject all bids and authorize re-bidding the project with revised specifications.

**BACKGROUND:**

The Landscape and Facility Maintenance contract provides for the maintenance of landscaped areas and specific open spaces in the City. The bid was advertised on May 14, 2020. Two responses were received and opened at 2:00 p.m. on June 9, 2020.

Once the bid responses were reviewed, City staff determined that due to budgetary limitations, it would be in the City's best interest to re-bid the services with revised specifications.

**FISCAL IMPACT:**

None.

Agenda Report

**DATE:** July 14, 2020  
**TO:** Honorable Mayor and City Councilmembers  
**FROM:** Mike Moulton, Chief of Police  
**SUBJECT:** FY 2020-21 California Department of Alcohol Beverage Control (ABC) Grant

---

**RECOMMENDATION:**

That the City Council adopts the next Resolution, in order, and takes the following actions:

1. Authorize the City Manager or his designee to accept a grant in the amount of \$46,519 from the California Department of Alcohol Beverage Control, and to execute any grant documents and agreements necessary for the receipt and use of these funds; and
2. Appropriate \$44,019 of Alcoholic Beverage Control (ABC) Grant funds for overtime and operating costs, \$2,500 for a DSLR Camera, and four sets of binoculars.

**BACKGROUND:**

The El Cajon Police Department has been awarded a grant from the California Department of Alcohol Beverage Control (ABC) for \$46,519 to fund increased education, inspection, and enforcement efforts in Fiscal Year 2020-21. The money from the grant will be directed to fund overtime shifts for officers to increase enforcement of laws pertaining to alcohol, specifically targeting sales to minors, and alcohol-related nuisances in and around on-sale restaurants/bars and off-sale liquor store establishments. Additionally, 60 hours will be dedicated to outreach and education through inspections at local off-sale liquor store establishments, as well as through media coverage and press releases. In accordance with the terms of the grant agreement, the Police Department will submit monthly reports to ABC detailing project accomplishments.

**FISCAL IMPACT:**

This grant will provide \$46,519 of funding to the Police Miscellaneous Grants Special Revenue Fund 225, with no city match required. These funds will only be used by the Police Department for the identified programs above or as indicated by approved modifications to the grant.

RESOLUTION OF THE CITY OF EL CAJON  
AUTHORIZING THE ACCEPTANCE OF A  
GRANT FROM THE CALIFORNIA DEPARTMENT  
OF ALCOHOLIC BEVERAGE CONTROL  
FOR FISCAL YEAR 2020-2021 FOR INCREASED  
EDUCATION AND ENFORCEMENT EFFORTS

WHEREAS, the Police Department of the City of El Cajon (the "City") has been awarded a California Department of Alcohol Beverage Control ("ABC") grant (the "Grant") to fund increased education, inspection, and enforcement efforts in Fiscal Year 2020-2021; and

WHEREAS, the money from the Grant will be directed to fund additional overtime shifts for officers to increase enforcement of laws pertaining to alcohol, specifically targeting sales to minors and alcohol-related nuisances in and around on-sale restaurants/bars and off-sale liquor store establishments; and

WHEREAS, sixty (60) hours of City Staff time will be dedicated to outreach and education through inspections at local off-sale liquor store establishments, as well as media coverage and press releases; and

WHEREAS, in accordance with the terms of the grant agreement, the Police Department will submit monthly reports to ABC detailing project accomplishments; and

WHEREAS, the City Council has determined that it is in the best interests of the City for the Police Department to be a recipient of the designated grant funds for Fiscal Year 2020-2021.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF EL CAJON AS FOLLOWS:

1. The City Council hereby elects to be a recipient of the designated grant funds and hereby authorizes the ABC to release the designated grant funds to the City.

2. The City Council hereby authorizes the City Manager, or his designee, to take all actions and to execute all documents necessary or appropriate to accept the Grant on behalf of the Police Department.

3. The City Council hereby appropriates Grant funds in the amount of \$44,019 for overtime and operating costs; and further appropriates \$2,500 for a DSLR camera and four (4) sets of binoculars.

4. The City Council hereby further authorizes the City Clerk to attest to the signature of the City Manager, or his designee, in executing the Agreement and such documents as authorized in Section 2, above.

**Agenda Item 10.**

**DATE:** July 14, 2020

**TO:** Honorable Mayor and City Councilmembers

**FROM:** Nahid Razi, Purchasing Agent

**SUBJECT:** Maintenance and Support Agreement for Computer Aided Dispatch (CAD) System

---

**RECOMMENDATION:**

That the City Council authorizes the Purchasing Agent, in accordance with Municipal Code 3.20.010 (C) (5), to execute an agreement with Tyler Technologies, Inc., in the amount of \$105,549.16.

**BACKGROUND:**

The Computer Aided Dispatch (“CAD”) system is an essential public safety tool for the police department and a clearinghouse for data withdrawal and resource management. CAD is used for a variety of functions, including documenting calls for service, tracking deployment and status of resources in the field, documenting call dispositions, and generating calls for service reports which often serve as documentation for crime cases.

The City has utilized the CAD system developed by Tyler Technologies, Inc. (“Tyler”) for over 10 years. On August 13, 2019, the City Council approved a sole source procurement to continue its exclusive software maintenance with Tyler through August 31, 2020 in the amount of \$149,965.

Staff is requesting to extend the software maintenance agreement and the mobile messaging site license for a one-year term in the amount of \$105,549.16, with three one-year renewal options.

**FISCAL IMPACT:**

The fiscal impact of this service is \$105,549.16. Sufficient funds are available in the Fiscal Year 2020-21 Annual Budget IT Services - Police (615280). Subsequent 3-year costs are estimated to total \$330,000

**DATE:** July 14, 2020

**TO:** Honorable Mayor and City Councilmembers

**FROM:** Marisol Thorn, Director of Human Resources

**SUBJECT:** Updates to City Council Policy A-29, Compensation Plan for Executive and Unrepresented Employees

---

**RECOMMENDATION:**

That the City Council approves the changes to City Council Policy A-29 described in the report and reflected on the attachment.

**BACKGROUND:**

As a result of recent events, including staffing levels, staff recommends creating a limited term Deputy Director - Special Projects classification. This proposed classification will allow the City discretion to assign larger scope assignments and/or highly sensitive projects to lower level staff on a limited term basis. Since this is a limited term classification, no more than one employee may serve in this temporary capacity at any given time. In addition, limited term assignments under this classification cannot exceed six months.

Other changes to this policy include clean-up revisions, including removal of the bi-weekly rate and only including the hourly pay rates.

**FISCAL IMPACT:**

There are no fiscal impacts.

**B. HEALTH AND WELFARE BENEFITS**

1. Cafeteria Plan

The City's cafeteria plan allotment is for enrollment in any of the City's CalPERS' health plans or other eligible benefit programs (e.g., dental, vision, etc.). The cost of the premium for the City's health plan will be deducted from the employee's cafeteria plan allotment. If there is a difference, the employee will be responsible for the remainder of the premium amount to be paid through payroll deductions. Unused cafeteria plan allotment will be paid out as "cash in lieu", up to a maximum of \$1,150 per month (excludes Police Recruit). For Police Recruit the maximum "cash in lieu" is \$287.50 per month. Cash in lieu payments are taxable income and not PERSable.

Any employee who is not enrolled in a City CalPERS health insurance plan, and does not provide proof of enrollment in another group health insurance plan (e.g., coverage under a spouse's employer plan) within 30 days from the beginning of the new plan year will not be eligible to receive cash in lieu.

All benefitted employees must enroll in an available City health program unless they opt out. An employee may receive cash in lieu for opting out of the City's health program if he/she:

- (1) Provides proof that the employee and all individuals for whom the employee intends to claim a personal exemption deduction for the taxable year or years that begin or end in or with the City's plan year to which the opt out applies ("tax family"), have or will have minimum essential coverage through another source (other than coverage in the individual market, whether or not obtained through Covered California) for the plan year to which the opt out arrangement applies ("opt out period"); and
- (2) Signs an attestation that the employee and his/her tax family have or will have such minimal essential coverage for the opt out period. An employee must provide the attestation every plan year at open enrollment or within 30 days after the start of the plan

year. The opt out payment cannot be made and the City will not in fact make payment if the employer knows or has reason to know that the employee or tax family member doesn't have such alternative coverage, or if the conditions in this paragraph are not otherwise satisfied.

The City may modify health insurance benefits or cafeteria plan (including, as to both, but not limited to, plan benefits or structure, City or employee contributions and/or opt out amount or requirements) in order to avoid penalties or taxes under the ACA or other statutory scheme that may result from an interpretation of the ACA or other statutory scheme by the Internal Revenue Service or other federal agency (including, but not limited to, a revenue ruling, regulation or other guidance) or state agency, or a ruling by a court of competent jurisdiction.

From July 1, 2020 through December 31, 2020, the allotment for the cafeteria plan, excluding Police Recruit, shall be \$1,200 per month. Effective January 1, 2021, the amount will increase to \$1,250 per month. For Police Recruit, the cafeteria plan allotment shall be \$1,300 per month.

**2. Medical Insurance**

The City is continuing the CalPERS' Health Benefits program that was adopted on January 1, 1986. From the total cafeteria plan allotment, the City will pay to CalPERS the statutorily required minimum employer contribution per month toward the cost of any CalPERS' health plan that the employee chooses to enroll. The employee agrees to be liable for the difference between the total cost of the health plan chosen and the City's contribution if he/she elects to obtain coverage under the CalPERS' health program. This amount shall be included in the total amount of the City's contribution to the employee's Section 125 Cafeteria Plan.

Employees who elect not to be covered under the City's medical insurance plan must have on file with the City a signed waiver of medical benefits. Employees will be provided an opportunity to enroll in the City's medical insurance plan during the designated open enrollment period.

**3. Retirement Benefits**

All Executive, Unrepresented, and Confidential employees are members of the California Public Employees' Retirement System (CalPERS). Those employees who are "classic members" as defined under the Public Employees' Pension Reform Act of 2013 (PEPRA) pay the employee's share of the retirement cost (8% for Miscellaneous and 9% for Safety

PST employees who qualify for membership will be enrolled in the CalPERS retirement program and City contributions to the IRS §457 plan will terminate.

**4. Deferred Compensation**

All Executive, Unrepresented and Confidential employees are eligible to participate in any of the City’s Internal Revenue Code Section 457 Deferred Compensation Plan(s). Participation is handled through payroll deductions.

The City shall contribute \$300 per month (\$3,600 per year) in deferred compensation on behalf of the Assistant City Manager to one of the City approved plans as selected by the Assistant City Manager. Amounts contributed by the City shall be to the benefit of the Assistant City Manager in accordance with the Deferred Compensation Plan participation agreement.

City Hall will be closed between the observed Christmas Eve holiday in 2020 and the observed New Years' Day holiday in 2021. Use of paid leave will be required for December 28, 29, 30.

An EMPLOYEE whose day off falls on an observed City holiday (e.g., Friday holiday) will accrue their regularly scheduled hours of vacation leave.

**4. Sick Leave**

Executive, Unrepresented and Confidential employees accrue sick leave at the rate of 3.68 hours per bi-weekly pay period. Accrual is unlimited. Part-Time/Seasonal/Temporary employees accrue and use sick leave upon commencement of employment at the rate prescribed by Labor Code § 246. PST employees are entitled to no other leave benefits under this policy.

Sick leave with pay shall be granted to all EMPLOYEES covered by this Policy in accordance with this section. Sick leave shall not be considered as a right which an EMPLOYEE may use at his/her discretion, but shall be allowed only in case of necessity and actual personal sickness or disability or (2) to attend to an illness or injury, including time for scheduled doctor or dentist appointment, of a person who is in the relationships to the employee as described in the California Labor Code §233, which currently includes:

Child	Parent	Spouse
Grand Child	Foster Child	Adopted Child
Step Child	Legal Ward	Child of Domestic Partner
Step Parent	Legal Guardian	Adoptive Parent
Foster Parent	Sibling	Parent-in-Law
Grand Parent	Registered Domestic Partner	Child of Person Standing in Loco Parentis

Any EMPLOYEE who has taken 40 hours sick leave or less during the calendar year ending December 30 of each year shall be entitled to either convert up to 40 hours of unused sick leave to vacation or receive a cash payment for up to 24 hours, based upon the current compensation rate on an hour-for-hour basis.

In no event may an EMPLOYEE select a combination of two options or reduce the accumulated sick leave balance below 192 hours. No prorations shall be made for EMPLOYEES terminating on or before December 30 of the calendar year.

b. Unused Sick Leave at Retirement for Health Insurance

For employees hired before July 1, 2013, upon retirement from City employment within 120 days of separation, for service or disability, an employee may elect to use unused sick leave at its dollar value at retirement (hourly base rate plus any regularly recurring bi-weekly premium pay, i.e., differential pay for Master's Degrees) to pay health insurance premiums in retirement according to the following schedule:

10 through 14 years of service: 25% of the sick leave balance at retirement;

15 through 19 years of service: 50% of the sick leave balance at retirement;

20 + years of service: 75% of the sick leave balance at retirement.

This benefit will be in addition to the monthly contribution the City makes, as determined by PERS, to the Public Employees' Retirement System for retiree health insurance benefits. The supplemental benefits described above shall be used to pay health insurance premiums for the retiree and dependents, if applicable. However, if the employee is deceased before the funds are exhausted, the supplemental benefits shall cease and the remaining funds shall be the City's property.

The City elects to self-administer this plan at this time. The City will pay the annualized dollar equivalent of the Kaiser two-party health insurance premium once per year in January of each year.

This benefit may be used in combination with service credit for unused sick leave as described in Section C – Health and Welfare Benefits – Retirement Benefits.

5. Bereavement Leave

Up to twenty-four hours special leave with pay may be granted to Executive and Unrepresented Management and Confidential employees in order to discharge the customary obligations arising from the death of a relative who is a member of employee's household or a parent, step-parent, grandparent, sibling or child of the employee or the employee's spouse/domestic partner (not required to be a member of the household). Sixteen (16) additional hours to be charged to sick leave may be approved at the discretion of the City Manager.

6. Military Leave

Any employee who is or becomes a member of the Armed Services, Militia or Organized Reserves of California or the United States shall be entitled to the leaves of absence and employment rights and privileges provided by the Uniformed Services Employment and Reemployment Rights Act (USERRA) and the Military and Veterans Code of the State of California.

7. Jury and Witness Leave

All Executive, Unrepresented and Confidential employees are entitled to be absent from duty when called to serve as a trial juror or as a witness called by a subpoena before a court of law. Under such circumstances, the EMPLOYEE is paid the difference between full salary and any payment received by them, except travel pay, for such duty.

8. Stand-by Time

The Fire Chief and Fire Division Chief shall receive eight (8) hours of vacation leave for every week he/she is required to participate in the back-up duty chief rotation for Heartland Fire & Rescue. For each holiday occurring during the assigned week, (Saturdays and Sundays are not considered holidays), an additional four (4) hours of vacation will be credited.

**D. UNIFORM AND EQUIPMENT ALLOWANCE**

The Police Chief, Fire Chief and Fire Division Chief receive an annual uniform and equipment allowance of \$675. Yearly distribution will be issued the second paycheck in July.

**Newly Hired Police Recruits:** The annual uniform and equipment allowance for newly hired Police Recruits shall be \$775 per year. The uniform allowance shall be prorated over the

**E. TUITION AND BOOK REIMBURSEMENT**

The City provides an allowance of \$750 per fiscal year for Executive, Unrepresented and Confidential employees to use to defray the cost of attendance at seminars, workshops, conferences and/or classes, which promote professional growth. Executive and Unrepresented Management employees may use this allowance for lodging, meals, and other travel expenses.

Executive and Unrepresented Management employees may also use the allowance to cover the costs of membership fees for job related professional associations.

**F. OTHER CERTIFICATIONS AND SPECIAL COMPENSATION**

1. Notary Public Pay

Positions designated by the department director shall receive Notary Public Pay in the amount of \$75/month if he/she is a Notary Public in the State of California. The City shall also pay the cost of bonding of this employee while he/she is serving as Notary Public for the benefit of the City. Employees in designated positions shall perform notary services only as directed by his/her supervisor.

2. Automobile Allowance

Executive Management employees shall be provided a monthly automobile allowance of \$300 in exchange for making a vehicle available for his/her own use and for City-related business and/or functions during, before and after normal work hours. The Assistant City Manager shall be provided an additional \$100, to total a monthly automobile allowance of \$400.

3. Cellular Telephone Allowance

**B. HEALTH AND WELFARE BENEFITS**

1. Cafeteria Plan

The City's cafeteria plan allotment is for enrollment in any of the City's CalPERS' health plans or other eligible benefit programs (e.g., dental, vision, etc.). The cost of the premium for the City's health plan will be deducted from the employee's cafeteria plan allotment. If there is a difference, the employee will be responsible for the remainder of the premium amount to be paid through payroll deductions. Unused cafeteria plan allotment will be paid out as "cash in lieu", up to a maximum of \$1,150 per month (excludes Police Recruit). For Police Recruit the maximum "cash in lieu" is \$287.50 per month. Cash in lieu payments are taxable income and not PERSable.

Any employee who is not enrolled in a City CalPERS health insurance plan, and does not provide proof of enrollment in another group health insurance plan (e.g., coverage under a spouse's employer plan) within 30 days from the beginning of the new plan year will not be eligible to receive cash in lieu.

All benefitted employees must enroll in an available City health program unless they opt out. An employee may receive cash in lieu for opting out of the City's health program if he/she:

- (1) Provides proof that the employee and all individuals for whom the employee intends to claim a personal exemption deduction for the taxable year or years that begin or end in or with the City's plan year to which the opt out applies ("tax family"), have or will have minimum essential coverage through another source (other than coverage in the individual market, whether or not obtained through Covered California) for the plan year to which the opt out arrangement applies ("opt out period"); and
- (2) Signs an attestation that the employee and his/her tax family have or will have such minimal essential coverage for the opt out period. An employee must provide the attestation every plan year at open enrollment or within 30 days after the start of the plan year. The opt out payment cannot be made and the City will not in fact make payment if the employer knows or has reason to know that the employee or tax family member

doesn't have such alternative coverage, or if the conditions in this paragraph are not otherwise satisfied.

The City may modify health insurance benefits or cafeteria plan (including, as to both, but not limited to, plan benefits or structure, City or employee contributions and/or opt out amount or requirements) in order to avoid penalties or taxes under the ACA or other statutory scheme that may result from an interpretation of the ACA or other statutory scheme by the Internal Revenue Service or other federal agency (including, but not limited to, a revenue ruling, regulation or other guidance) or state agency, or a ruling by a court of competent jurisdiction.

From July 1, 2020 through December 31, 2020, the allotment for the cafeteria plan, excluding Police Recruit, shall be \$1,200 per month. Effective January 1, 2021, the amount will increase to \$1,250 per month. For Police Recruit, the cafeteria plan allotment shall be \$1,300 per month.

**2. Medical Insurance**

The City is continuing the CalPERS' Health Benefits program that was adopted on January 1, 1986. From the total cafeteria plan allotment, the City will pay to CalPERS the statutorily required minimum employer contribution per month toward the cost of any CalPERS' health plan that the employee chooses to enroll. The employee agrees to be liable for the difference between the total cost of the health plan chosen and the City's contribution if he/she elects to obtain coverage under the CalPERS' health program. This amount shall be included in the total amount of the City's contribution to the employee's Section 125 Cafeteria Plan.

Employees who elect not to be covered under the City's medical insurance plan must have on file with the City a signed waiver of medical benefits. Employees will be provided an opportunity to enroll in the City's medical insurance plan during the designated open enrollment period.

**3. Retirement Benefits**

All Executive, Unrepresented, and Confidential employees are members of the California Public Employees' Retirement System (CalPERS). Those employees who are "classic members" as defined under the Public Employees' Pension Reform Act of 2013 (PEPRA) pay the employee's share of the retirement cost (8% for Miscellaneous and 9% for Safety Employees), and receive the following contracted benefits:

**PST Employees:** In lieu of enrollment in the CalPERS’ retirement program, PST employees will be enrolled in an IRS §457 retirement plan. The City contributes 7.5% of the employee’s salary to the IRS §457 plan in lieu of CalPERS and Social Security. PST employees who qualify for membership will be enrolled in the CalPERS retirement program and City contributions to the IRS §457 plan will terminate.

**4. Deferred Compensation**

All Executive, Unrepresented and Confidential employees are eligible to participate in any of the City’s Internal Revenue Code Section 457 Deferred Compensation Plan(s). Participation is handled through payroll deductions.

The City shall contribute \$300 per month (\$3,600 per year) in deferred compensation on behalf of the Assistant City Manager to one of the City approved plans as selected by the Assistant City Manager. Amounts contributed by the City shall be to the benefit of the Assistant City Manager in accordance with the Deferred Compensation Plan participation agreement.

**5. Disability Insurance**

The City provides Executive Management employees and Unrepresented Management employees with fully paid short-term and long-term disability plans.

City Hall will be closed between the observed Christmas Eve holiday in 2020 and the observed New Years' Day holiday in 2021. Use of paid leave will be required for December 28, 29, 30.

An EMPLOYEE whose day off falls on an observed City holiday (e.g., Friday holiday) will accrue their regularly scheduled hours of vacation leave.

4. Sick Leave

Executive, Unrepresented and Confidential employees accrue sick leave at the rate of 3.68 hours per bi-weekly pay period. Accrual is unlimited. Part-Time/Seasonal/Temporary employees accrue and use sick leave upon commencement of employment at the rate prescribed by Labor Code § 246. PST employees are entitled to no other leave benefits under this policy.

Sick leave with pay shall be granted to all EMPLOYEES covered by this Policy in accordance with this section. Sick leave shall not be considered as a right which an EMPLOYEE may use at his/her discretion, but shall be allowed only in case of necessity and actual personal sickness or disability or (2) to attend to an illness or injury, including time for scheduled doctor or dentist appointment, of a person who is in the relationships to the employee as described in the California Labor Code §233, which currently includes:

Child	Parent	Spouse
Grand Child	Foster Child	Adopted Child
Step Child	Legal Ward	Child of Domestic Partner
Step Parent	Legal Guardian	Adoptive Parent
Foster Parent	Sibling	Parent-in-Law
Grand Parent	Registered Domestic Partner	Child of Person Standing in Loco Parentis

ending December 30 of each year shall be entitled to either convert up to 40 hours of unused sick leave to vacation or receive a cash payment for up to 24 hours, based upon the current compensation rate on an hour-for-hour basis.

In no event may an EMPLOYEE select a combination of two options or reduce the accumulated sick leave balance below 192 hours. No prorations shall be made for EMPLOYEES terminating on or before December 30 of the calendar year.

b. Unused Sick Leave at Retirement for Health Insurance

For employees hired before July 1, 2013, upon retirement from City employment within 120 days of separation, for service or disability, an employee may elect to use unused sick leave at its dollar value at retirement (hourly base rate plus any regularly recurring bi-weekly premium pay, i.e., differential pay for Master's Degrees) to pay health insurance premiums in retirement according to the following schedule:

10 through 14 years of service: 25% of the sick leave balance at retirement;

15 through 19 years of service: 50% of the sick leave balance at retirement;

20 + years of service: 75% of the sick leave balance at retirement.

This benefit will be in addition to the monthly contribution the City makes, as determined by PERS, to the Public Employees' Retirement System for retiree health insurance benefits. The supplemental benefits described above shall be used to pay health insurance premiums for the retiree and dependents, if applicable. However, if the employee is deceased before the funds are exhausted, the supplemental benefits shall cease and the remaining funds shall be the City's property.

The City elects to self-administer this plan at this time. The City will pay the annualized dollar equivalent of the Kaiser two-party health insurance premium once per year in January of each year.

This benefit may be used in combination with service credit for unused sick leave as described in Section C – Health and Welfare Benefits – Retirement Benefits.

Up to twenty-four hours special leave with pay may be granted to Executive and Unrepresented Management and Confidential employees in order to discharge the customary obligations arising from the death of a relative who is a member of employee's household or a parent, step-parent, grandparent, sibling or child of the employee or the employee's spouse/domestic partner (not required to be a member of the household). Sixteen (16) additional hours to be charged to sick leave may be approved at the discretion of the City Manager.

6. Military Leave

Any employee who is or becomes a member of the Armed Services, Militia or Organized Reserves of California or the United States shall be entitled to the leaves of absence and employment rights and privileges provided by the Uniformed Services Employment and Reemployment Rights Act (USERRA) and the Military and Veterans Code of the State of California.

7. Jury and Witness Leave

All Executive, Unrepresented and Confidential employees are entitled to be absent from duty when called to serve as a trial juror or as a witness called by a subpoena before a court of law. Under such circumstances, the EMPLOYEE is paid the difference between full salary and any payment received by them, except travel pay, for such duty.

8. Stand-by Time

The Fire Chief and Fire Division Chief shall receive eight (8) hours of vacation leave for every week he/she is required to participate in the back-up duty chief rotation for Heartland Fire & Rescue. For each holiday occurring during the assigned week, (Saturdays and Sundays are not considered holidays), an additional four (4) hours of vacation will be credited.

**D. UNIFORM AND EQUIPMENT ALLOWANCE**

The Police Chief, Fire Chief and Fire Division Chief receive an annual uniform and equipment allowance of \$675. Yearly distribution will be issued the second paycheck in July.

**Newly Hired Police Recruits:** The annual uniform and equipment allowance for newly hired Police Recruits shall be \$775 per year. The uniform allowance shall be prorated over the twelve month period beginning from the actual hire date to the following July 1st. Yearly distribution will be issued the second paycheck in July.

## City Council Agenda Report

**Agenda Item 12.**

**DATE:** July 14, 2020  
**TO:** Honorable Mayor and City Councilmembers  
**FROM:** Yazmin Arellano, Acting Director of Public of Works  
**SUBJECT:** Public Hearing and Resolution to Adopt the City of El Cajon Sewer Tax Roll Fees Report for Fiscal Year 2020-2021

---

### RECOMMENDATION:

That the City Council:

1. Opens the Public Hearing and receives testimony;
2. Closes the Public Hearing;
3. Determines if a majority protest has been received; and (if not)
4. Adopts the next Resolution, in order, to:
  - Determine the lack of majority protest;
  - Overrule objections to the report;
  - Accept the City of El Cajon Sewer Tax Roll Fiscal Year 2020-2021 Fees report, which identifies by parcel number, each parcel of real property receiving sewer services and the amount of sewer charges for each parcel for Fiscal Year 2020-2021, as required by the California Health and Safety Code section 5473, et seq., pertaining to collection of sewer charges on the tax roll;
  - Direct the City Clerk to file the report with the San Diego County Auditor; and
  - Direct the City Finance Department to file a certification of the sewer service charges with the San Diego County Auditor.

### BACKGROUND:

The City provides sewer services to over 16,000 customers. Until 2012/13, the City worked with Helix Water District (Helix) to bill sewer customers. When Helix informed the City they would no longer provide services, the City contracted with Fathom, a private company, to take over the billing process and bill sewer customers bi-monthly. At that time, the City changed section 13.44.070 of the Municipal Code to allow staff the option to bill bi-monthly or to annually place the charges on the tax roll for the properties receiving the services.

Section 13.44.070 reads as follows:

- A. All sewer service charges imposed under these provisions shall be payable upon the billing of such charges to the owner or the owner's agent.
- B. Sewer service charges may be collected either through the tax roll of the County of San Diego, or by any method authorized by state law, including by direct payment or billing by the city or combined with other utility bills and separately designated.
- C. If the sewer service charge is not paid before the close of business of the final date for payment, a penalty of ten percent of the amount of said sewer service charge shall be

added thereto; provided, however, that when the final day for payment falls on Saturday, Sunday or a legal holiday, payment may be made without penalty on the next regular business day.

In November 2019, Fathom notified the City they were abruptly going out of business. An emergency agenda item was added to the November 12th City Council meeting, in which staff briefed the City Council on Fathom's impending termination, and the City Council approved a short-term solution. On January 14, 2020, staff returned to the City Council with several options to address the billing process for the long term. At this meeting, the City Council directed staff to further develop the County tax roll option. On March 10, 2020, staff presented three options for sewer service billing, including the collection of sewer service charges as a fixed charge collected on the County property tax bill. After consideration of this option, the City Council directed staff to further explore non-tax roll options for sewer service billing.

At the May 12, 2020, meeting, staff presented four long-term billing options for City Council consideration: contracted service; in-house billing; a hybrid option combining contracted service and in-house billing; and tax roll. The first three options would have necessitated an increase in the already approved 11% sewer rates. The tax roll option allows the City to reduce the rate increase to 9%. As a result of the agenda item, the City Council adopted Resolution 051-20, which (1) approved a one-year agreement with NV5, Inc. to assist in the transition from the current billing system to the tax roll system; and (2) reduced rate increases from 11% to 9%.

A public hearing is required to consider adoption of the City of El Cajon Sewer Tax Roll Fiscal Year 2020-2021 Report (Report). This Report identifies each parcel of real property receiving sewer services and the amount of sewer charges for each parcel for FY 2020-21, as required by the California Health and Safety Code section 5473, et seq., pertaining to collection of sewer charges on the tax roll. The Report is on file with the Office of the City Clerk.

In preparing the sewer billing for the tax roll, the methodology used to develop the bills has not changed. The only difference is the bi-monthly bill has been converted to an annualized bill total. The County will split the annualized total between the two tax bill installments for payment by the property owners.

The City's sewer service fees, for most single-family residential customers, are billed based on a fixed winter average (FWA) and a base monthly charge. Annually, the FWA is adjusted based on the previous winter's water usage. For commercial and industrial customers, the bi-monthly charges are variable, and based on water consumption and the strength of the sewage they generate (rated as low, medium or high). The water usage that will be billed as part of the FY 20-21 sewer bill uses data generated from April 2019 to March 2020. Water usage was obtained from both Helix Water District and Padre Dam Municipal Water District. This data was used to develop the total annualized usage for most classifications, and an FWA rate for residential customers who do not have separate irrigation meters.

There are some properties that will have handbills created and delivered. This includes properties owned by public entities, such as the County of San Diego, School Districts and Caltrans. Additionally, there are quite a few properties that have condominium overlays, or Home Owners Associations (HOAs), with master meters for their properties. Because residential billing is based on actual water usage, and not a flat rate per customer, the size of individual units on these properties can affect billing rates. This year, there was insufficient data available on the size of the units within each HOA. As such, an appropriate split, per individual

property owner, could not be completed. Therefore, this year, a majority of HOAs, mobile home parks, condominiums, and other that choose to will have handbills prepared, and their charges will not be on the property tax rolls of the individual unit owners. Over the coming months, additional outreach will be performed to obtain information on how these property owners have been splitting these bills. This will result in additional properties being transitioned to the tax rolls and fewer handbills being necessary in the future.

For this year's calculations and tax bill, there is a prorated charge included for a portion of the last 8 weeks of FY 19-20 (May 8, 2020 to June 30, 2020). The City's bi-monthly billing is broken into seventeen (17) billing cycles, developed from the timing of the water meter reads provided by Helix Water District and Padre Dam Municipal Water District. To facilitate the transition to tax roll billing, the City's billing had to have a definite end date, and no bills were to be sent after June 30, 2020. This prorated charge is for the sewer service that has not yet been billed for the time between the last billing cycle and June 30, 2020. A detailed table is included in the Report, listing the billing cycles, meter read dates, number of days in each cycle and the proration percentage.

The City sent individual notices to all property owners. These notices included the projected billing amount that will be on the tax roll. An additional notice was sent to entities identified in the current billing system as tenants at each location. Entities receiving hand bills will also be receiving a separate mailing that outlines the official bill they can expect in September - the same time property tax billings are received. This allows HOAs and government entities the same planning information other property owners are given. A total of 15,908 mailers to property owners, and 4,168 mailers to tenants, were sent. There will be 230 mailers sent to entities receiving handbills. Property owners also have the opportunity to review their annual sewer charges online on the City's website at [www.cityofelcajon.us/sewer](http://www.cityofelcajon.us/sewer).

**FISCAL IMPACT:**

Total amount on Tax Roll for 15,908 parcels is \$21,307,173.29, to be submitted to the County Auditor for collection on the FY 20-21 property tax bill.

RESOLUTION NO. \_\_-20

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EL CAJON ACCEPTING THE 2020/2021 TAX ROLL SEWER SERVICE FEES REPORT AS REQUIRED BY THE CALIFORNIA HEALTH AND SAFETY CODE SECTION 5473, ELECTING TO COLLECT SEWER CHARGES ON THE TAX ROLL OF THE COUNTY OF SAN DIEGO; DIRECTING THE CITY CLERK TO FILE THE REPORT WITH THE SAN DIEGO COUNTY AUDITOR; AND DIRECTING THE CITY ENGINEER TO FILE A CERTIFICATION OF THE SEWER SERVICE CHARGES WITH THE SAN DIEGO COUNTY AUDITOR

WHEREAS, the City of El Cajon (the "City") provides sewer services to approximately 16,000 customers; and

WHEREAS, El Cajon Municipal Code section 13.44.070(B) provides that sewer service charges may be collected either through the tax roll of the County of San Diego or by any method authorized by state law; and

WHEREAS, El Cajon Municipal Code section 13.20.150 provides that the City Council shall adopt sewer service fees from time to time by resolution or ordinance; and

WHEREAS, on October 8, 2019, following a duly noticed public hearing, at which testimony was received and considered, the City Council adopted Resolution No. 097-19, to approve and adopt a five-year sewer service fee rate adjustment schedule commensurate with projected Regional Wastewater treatment increases; and

WHEREAS, in order to collect sewer service charges on the county tax roll, California Health and Safety Code section 5473 requires a written report to be prepared each year and filed with the City Clerk's office, which report shall contain a description of each parcel of real property receiving sewer service and the annual amount of the sewer service charges for each parcel for the year (the "Report"); and

WHEREAS, California Health and Safety Code section 5473.2 requires that the City hold a public hearing at which the City Council will hear and consider all objections or protests, if any, to the Report; and

WHEREAS, following a properly noticed public hearing at which oral and written testimony was received and considered, and protests by property owners receiving sewer services on their parcels having been tallied, the City Council has determined that it is in the best interest of the City to approve and adopt the Report and direct that the annual sewer service charges for each parcel receiving sewer services are to be collected through the tax roll of the County of San Diego against said parcels; and

WHEREAS, California Health and Safety Code section 5473.4 provides that on or before August 11<sup>th</sup> of each year, the City Clerk's office shall file a copy of the Report with the San Diego County Auditor with a statement endorsed on the Report over the City Clerk's signature that the Report has been adopted by the City Council.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF EL CAJON AS FOLLOWS:

1. The above recitals are true and correct, and are the findings of the City Council.
2. The City Council hereby finds that protests against placing sewer service charges on the tax roll for San Diego County have not been made by the owners of a majority of separate parcels of property described in the Report.
3. The City Council hereby overrules any and all objections to the Report.
4. The City Council hereby adopts the Report required by California Health and Safety Code section 5473, et seq., for Fiscal Year 2020/2021, and directs the City Clerk to keep the Report on file in her office.
5. The City Council hereby directs the City Clerk to file a copy of the Report with the San Diego County Auditor with a statement that the Report has been adopted by the City Council.
6. The City Council hereby further directs the City Engineer to file a certification of the City's sewer service charges with the San Diego County Auditor.

## INTRODUCTION:

The City of El Cajon (City) currently provides sewer services to approximately 17,000 customers. Sewer service charges historically have been directly billed on a bi-monthly basis to either tenants or property owners. At the May 12, 2020 Council meeting, the City council directed staff to proceed with putting the sewer bills on the property tax roll with a 2% reduction in the Fiscal Year 2020-2021 (FY20-21) sewer rates. This process will have the sewer bills collected concurrently with property taxes.

A Public Hearing is required for the preparation and approval of the sewer tax roll. Collecting sewer service charges via the property tax roll allows the City to avoid additional expenditures associated with a separate billing process.

The purpose of this report is to support the Public Hearing where the Council will consider adoption of this tax roll report. This report identifies by parcel number, each parcel of real property receiving sewer services and the amount of sewer charges for each parcel for FY20-21, as required by the California Health and Safety Code Section 5473, et seq., pertaining to collection of sewer charges on the tax roll. Said report is included as Attachment A, and will be on file with the Office of the City Clerk. The Notice of Public Hearing was published by the City Clerk's Office in accordance with Government Code Section 66017.

The Public Hearing, on this tax roll report, will include adoption of a resolution approving collection of the approved sewer service charges on the tax roll, as authorized by the Uniform Sewer Ordinance and County Water Service Ordinance.

## BILLING BACKGROUND:

The City worked with the Helix Water District to bill their sewer customers until 2012/13. The City then took over the billing process and has been directly billing their sewer customers bi-monthly. When the City took over the billing process, the City changed their municipal code to allow staff the option to bill bi-monthly or annually on the tax roll.

### **13.44.070 Payment—Generally.**

- A. All sewer service charges imposed under these provisions shall be payable upon the billing of such charges to the owner or the owner's agent.
- B. Sewer service charges may be collected either through the tax roll of the County of San Diego, or by any method authorized by state law, including by direct payment or billing by the city or combined with other utility bills and separately designated.
- C. If the sewer service charge is not paid before the close of business of the final date for payment, a penalty of ten percent of the amount of said sewer service charge shall be added thereto; provide, however, that when the final day for

payment falls on Saturday, Sunday or a legal holiday, payment may be made without penalty on the next regular business day.

(Ord. 4989 § 4, 2013.)

## ENGINEERS REPORT:

This Engineer’s Report (“Report”) has been prepared for the City of El Cajon Commencing in Fiscal Year 2020-2021 (FY20/21).

### PART A – PLANS AND SPECIFICATIONS

The City’s 2019 sewer rate study adopted by the City October 8, 2019 includes details on the services, improvements, and activities to be funded by the sewer services charges within the City and identified the need to raise sewer service charges for future fiscal years.

### PART B – ESTIMATE OF COST

The following table summarizes the five-year rate plan adopted by the City Council on October 8, 2019 in Ordinance No. 689-19. The rate adjustment schedule is commensurate with projected Regional Wastewater treatment cost increases.

## PART C – CHARGE CALCULATION & PROPOSED CHARGES

### Billing Data Development Process

Based upon the City Council’s direction on May 12, 2020 in Resolution 971-20, the City’s sewer billings will no longer be sent to customers on a bi-monthly basis. Going forward, the bills will be placed on the County’s property tax roll. The City also implemented a reduction of the approved sewer rates and limited the increase in the FY20-21 rates to be 9% of the FY19-20 rates for the FY20-21 year, the revised rates are as noted below:

In preparing the billing for the tax roll, the methodology used to develop the bills has not changed. The only difference is that the bi-monthly bill has been converted to an annualized bill total. The County will then split that total across the two tax bill payments.

The City’s sewer services fees for most single family residential customers are billed based upon a fixed winter average (FWA) and a base monthly charge. Annually, the FWA is adjusted based upon the previous winter’s water usage. For commercial and industrial customers, the bi-monthly charges are variable and based on water consumption and the strength of the sewage they generate (rated as low, medium or high). The water use being billed as part of the FY20-21 sewer bill is water use data from April, 2019 to March, 2020. Water usage was obtained from both Helix Water District and Padre Dam Municipal Water District. This data was used to develop total annualized usage for most classifications and a FWA usage for residential customers that do not have separate irrigation meters.

### The bills are calculated as follows:

- Fixed Winter Average (FWA) = the average of the water usage from November through March.
- For Fixed Winter Average accounts: Annual Sewer Charge = ((FWA x Consumption Charge) + (2 (two) x Monthly Base Charge)) x 6 (six)
- Although most single-family residences are billed on an FWA, there are accounts that are billed on a consumption bases. For all consumption-based accounts, including commercial and multi-family accounts: Annual Sewer Charge = (Total Consumption x Consumption Charge) + (12 (twelve) x Monthly Base Charge)
- Total Consumption = all water usage from April 2019 through March 2020.

There are properties that will have handbills created and delivered. This includes properties owned by public entities such as the County of San Diego, School Districts and Caltrans. Additionally, there are quite a few properties that have condo overlays or there are Home Owners Association's (HOA's) that have master meters for the properties. Because residential billing is based on actual water usage and not a flat rate per customer, the size of individual units would affect the water use. For example, an HOA or condominium complex may have units that range from 1(one) bedroom - 1 (one) bathroom studios to 3 (three) bedroom - 2 (Two) bath units. For this year's calculations, there was not sufficient data available for the size of the units within an HOA such that an appropriate split per individual property owner could not be completed. Therefore, for this first year of putting the billings on the tax roll, a majority of all HOA's, mobile home parks and condominiums will have handbills prepared and over the coming months additional outreach will be performed with these HOA's to obtain information on how they have been splitting the bills. This will allow time for more outreach and so that fewer hand bills will be necessary in the future.

Individual notices were sent to all property owners with their projected bills that will be on the tax roll. An additional notice was sent to entities that were identified in the current billing system as being tenants at the location. Entities that will be receiving hand bills, will be receiving a separate mailing that outlines the official bills they will receive in September at the same time as the property tax billings are received. This allows for the HOA's and governmental entities the same planning information that the other property owners are being given. An example of the letters sent to property owners and tenants is included in Appendix B. A total of 15,908 mailers to property owners and 4,618 mailers to tenants were sent. There will be 230 mailers sent to entities that will receive handbills. The City has also uploaded all of this information to a GIS page developed by others.

### Proration of Sewer Charges

For this first year's calculations and tax bill, there is a prorated charge included for a portion of the last 8 weeks of FY19-20. All notices clearly annotate the breakdown. Because of contractual limitations, the City's billing process had to have a clear end date, not to exceed July 1, 2020. There are 17 different billing cycles, developed from the timing of the water meter reads provided by Helix Water District and Padre Dam Municipal Water district. A

standard billing cycle is 60 days in length. A portion of the billing period that occurs between May 8, 2020 and June 30, 2020, for which a next regular reading wouldn't occur until after June 30, 2020, will be listed as a prorated charge for the sewer service that was not yet billed. These prorated amounts were determined using the Fiscal Year 2019-2020 billing rates. The date of the previous regular meter read occurring in May or June 2020 determines the beginning of the billing cycle and the rate of proration, as outlined below. The annualized flows were from April 2019 to March 2020, divided by 6 (six). The FWA was updated to use the FWA from the winter of 2019-2020. The bi-monthly bill was then multiplied by the below proration percentage depending on the billing cycle.

### Wastewater Treatment Costs/Pass Through Costs

The costs of wastewater collection, transportation and treatment have increased dramatically in recent years and the forecast is for costs to continue to increase in the coming years. The City of El Cajon is a member of the Metro Wastewater Joint Powers Association (Metro JPA), a twelve-member agency, which uses the City of San Diego treatment facilities, primarily the Point Loma Treatment Plant located in Point Loma, San Diego, to treat their wastewater. The City is also a member of the East County Advanced Water Purification JPA (AWP JPA), formed to develop and construct an advanced purified water program in conjunction with Padre Dam Municipal Water District, the County of San Diego, and Helix Water District to treat a large portion of the City's wastewater in the future.

The Metro JPA shares the cost of the operation and maintenance of this plant and related infrastructure with the City of San Diego. The Point Loma Wastewater Treatment Plant is currently undergoing upgrades and the City of San Diego is implementing the Pure Water Program, which also requires some cost sharing for the infrastructure associated with the treatment of the wastewater generated from the JPA. The City will be closely monitoring the actual impact on treatment costs as the Pure Water Program costs become more certain. The AWP JPA is developing a new advanced treatment plant, which will help the City more closely control their treatment costs in the coming years.

The City does have the authority by State statute, the option to pass through any increases from other agencies with any annual billing (such as treatment by the City of San Diego). For the FY20-21 tax roll billing, there is no proposed pass through increase required.

## PART D – BOUNDARY DIAGRAM

Below is a Diagram showing the exterior boundaries of the territory within the City of El Cajon subject to annual sewer services charges, which is coterminous with the boundaries of the City of El Cajon. Parcel identification, the lines and dimensions of each lot, parcel and subdivision of land within proposed sewer services boundary correspond to the San Diego County Assessor's Parcel Maps for said parcels as they existed at the time this Report was prepared and shall include all subsequent subdivisions, lot-line adjustments or parcel changes therein. Reference is hereby made to the San Diego County Assessor's maps for a detailed description of the lines and dimensions of each lot and parcel of land within the City of El Cajon and subject to the proposed annual sewer services charges to be levied on behalf of the City.

## Sewer Billing moving to Property Tax Invoice starting July 1<sup>st</sup>, 2020

SERVICE ADDRESS: XXXX

For Additional Services see below

Beginning July 1st, 2020, the City of El Cajon will begin invoicing for sewer service on the property tax bill sent by the County of San Diego. This notification is being sent to property owners and will serve as notice that the amount below will be invoiced on your property tax bill rather than bi-monthly, as previously done.

In December 2019, the City’s sewer billing company abruptly went out of business. This caused the City to begin exploring alternate options. In March 2020, the City issued a bid for contracted services. The contracted services option, as well as the option to bill utilizing in-house staff, were considered and presented to City Council on May 12, 2020. These options would have increased sewer rates above the approved rates. City Council approved the property tax option, which allowed them to reduce the approved rate by 2%.

This notification serves as statement of the sewer services charges for the 12-month billing period from 7/1/2020 to 6/30/2021. This is not a bill. The amount due will be placed on and paid with your 2020-2021 property tax bill from the County of San Diego. Your property tax bill will be mailed to you in September. The first installment will be due in November and the second installment will be due in February. This is not a new bill, it is a new way of paying the same bill. Your property tax is not increasing, the City is using the property tax invoice to bill sewer charges. **Please plan accordingly as this is a change from our current bi-monthly billing process.**

**A Public Hearing will be held on July 14, 2020 at 3:00 PM at the City Council Chamber at 200 Civic Center Drive, El Cajon, CA 92020 to adopt a report that lists sewer billing charges to be sent to the San Diego County Tax Assessor for inclusion in the annual property tax invoices.**

The amounts below are annual amounts that will be included on the property tax bill for your parcel.

Water Meter # / Sewer Account #	Service Address	Customer Class	Flow (HCF)	Flow Calc	FY20-21 Bill	FY 19-20 Prorated Bill	Total Bill*
PXXXXXX / XXXXX	XXXX XXXXX	El Cajon Single Family Res-Fixed Winter	12.5	FWA	\$532.35	\$30.54	\$562.89
Total Bill for APN							\$562.89

\*Total charges will be divided equally between the first and second installment of property taxes.

The amounts above are calculated as follows:

For Fixed Winter Average accounts: Annual Sewer Charge = ((FWA x Consumption Charge) + (2 x Monthly Base Charge)) x 6

Fixed Winter Average (FWA) = the average of the water usage from November through March.

Although most single-family residences are billed on an FWA, there are accounts that are billed on a consumption bases. For all consumption-based accounts, including commercial and multi-family accounts: Annual Sewer Charge = (Total Consumption x Consumption Charge) + (12 x Monthly Base Charge)

Total Consumption = all water usage from April 2019 through March 2020.

For more information and to utilize the new enhanced sewer lookup tool, please visit [www.cityofelcajon.com/sewer](http://www.cityofelcajon.com/sewer).

**All bills for service prior to June 30, 2020, still need to be paid to the City of El Cajon.** There is a FY 2019-20 prorated amount shown above. This bill amount was not collected due to the timing of your billing cycle not ending exactly on 6/30/2020. The remaining amount will be prorated and added to the property tax bill.

Landlords who require their tenants to pay the sewer separately will need to have a conversation with their tenants to have the amount paid directly to the landlord.

City Council  
Agenda Report

**DATE:** July 14, 2020  
**TO:** Honorable Mayor and City Councilmembers  
**FROM:** Ryan Villegas, Management Analyst  
**SUBJECT:** CARES Business Grant Program

RECOMMENDATION:

That the City Council:

1. Approves the proposed CARES Business Grant Program and directs staff to open the application period; and
2. Authorizes the acceptance, appropriation, and expenditure of CARES Act funding as detailed in the report.

BACKGROUND:

At the June 9, 2020 City Council meeting, staff provided a report regarding approximately \$1.8 million in CARES Act funding from the County of San Diego, from which \$1.165 million would be directed toward a Business Grant Program to assist businesses that have been adversely affected by COVID-19. Later on in June, the State of California approved additional CARES Act funding that resulted in El Cajon receiving an additional \$1,288,954, which staff recommends applying toward the Business Grant Program. Combined, CARES Act funding for the City's Business Grant Program totals \$2,453,954.

While nearly all businesses have been adversely affected by COVID-19, staff recognizes that businesses which have been classified as non-essential that were forced to shut down may have suffered the greatest. For this reason, staff recommends the following apportionment with maximum award amounts:

Business Grant Allocation	Apportionment	%	Max Award	Recipients if Max Awards Given
Non-Essential Business - businesses which were forced to close because of State or County public health orders	\$1,717,768	70%	\$30,000	57
Essential Business - businesses which remained open throughout the pandemic, but experienced more than 50% drop in sales	\$490,791	20%	\$15,000	32
Restaurants	\$245,395	10%	\$10,000	24
<b>TOTAL:</b>	<b>\$2,453,954</b>	<b>100%</b>		114

Staff researched similar programs and recommends the following qualifications to ensure the most benefit to El Cajon businesses:

- Business must be physically located within City limits,
- Possess a City-issued business license (with an effective date of 3/19/20 or earlier),
- Owner must reside in San Diego County,
- Business must have between 2-25 employees (prior to 3/19/20), and
- Must not be in violation of any zoning, building, or code violations as of 3/19/20.

At the direction of the City Council, staff assembled and met with a new Business Grant Committee, made up of nine individuals who are active in El Cajon including business owners, faith-based leaders, and a former city manager, among other diverse leaders. Upon closure of the application period, this committee will assist in selecting business recipients and appropriate award amounts.

Finally, while funds from the County must be spent no later than September 30, 2020, funding from the State has an earlier spending deadline of September 1, 2020. Therefore, combining these two sources of funding into one program results in the deadline to spend funds as September 1, 2020.

As part of this report, staff recommends appropriating the combined \$3.1 million CARES Act funding in the CARES Act Fund (202) for the purposes described. Doing so will facilitate improved administration and transparency.

#### FISCAL IMPACT:

This proposed action will increase the Fiscal Year 2020-21 CARES Act Fund (202) Annual Budget by \$3.1 million.

COUNTY OF SAN DIEGO  
CORONAVIRUS RELIEF FUND  
SUBGRANT

---

This subgrant agreement (“Agreement”) is entered into between the County of San Diego, a political subdivision of the State of California (“County”) and City of El Cajon, (“Grantee”) effective as of May 19, 2020.

WHEREAS, the County has received an allocation from the Coronavirus Relief Fund (“CRF”) established under Title V, Section 5001 of the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act;

WHEREAS, CRF funding may only be used to cover costs that:

- (1) are necessary expenditures incurred due to the public health emergency with respect to the Coronavirus Disease 2019 (COVID-19);
- (2) were not accounted for in the budget most recently approved as of March 27, 2020; and
- (3) were incurred during the period that begins on March 1, 2020, and ends on December 30, 2020;

such costs to be referred to herein as “Eligible Expenditures;”

WHEREAS, the County may allocate CRF funding to cities as long as cities spend the funding in accordance with the CARES Act and only for Eligible Expenditures;

WHEREAS, the County finds it necessary to provide financial assistance to cities within the County’s geographical boundaries due to the public health emergency with respect to COVID-19 and that such assistance is an eligible expense under the CARES Act;

WHEREAS, on May 19, 2020, the Board of Supervisors allocated funding for the purposes set forth in this Agreement and authorized the execution of this Agreement.

NOW, THEREFORE, in consideration of the mutual promises contained herein and other valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the County and Grantee agree as follows:

1. Amount of Grant. The County shall pay to Grantee an amount of \$1,840,467 in accordance with the terms of this Agreement.
2. Purpose of Grant. Grantee shall use the funds solely for Eligible Expenses and in accordance with the terms set forth in this Agreement.
3. Deadline for Use of Grant Funds. Grantee shall have until September 30, 2020 to expend funds under this Agreement and/or return any unexpended funds to County.
4. Reports and Documentation of Expenditures.
  - (a) Prior to County’s disbursement of funds under this Agreement, Grantee shall deliver to County a report detailing Grantee’s anticipated use of the funds.

- (b) On July 31, 2020, Grantee shall deliver to County a report detailing Grantee's expenditure of funds to date and Grantee's anticipated use of any remaining funds.
  - (c) County reserves the right to withhold or reduce funding under this Agreement if County determines, in its sole discretion, that any or all of Grantee's anticipated use of funds is ineligible for CRF funding.
  - (d) On September 30, 2020, or on the effective date of termination of this Agreement if terminated earlier, Grantee shall deliver to County a report along with supporting documentation detailing Grantee's expenditure of funds to date and Grantee shall deliver to County all unexpended funds.
5. Disallowance. If County determines that any amount of Grantee's expenditures under this Agreement lacks the required documentation or is ineligible for CRF funding, Grantee shall refund such amount to the County within fifteen (15) days of County's written request.
6. Subsequent Funding. Notwithstanding anything to the contrary contained herein, if Grantee is awarded direct federal funding to address COVID-19-related impacts, Grantee shall refund to County within ten (10) days of Grantee's receipt of such federal funding the lesser of (a) the funds paid to Grantee under this Agreement and (b) the federal funds awarded to Grantee.
7. Compliance with Laws. Grantee shall comply with all applicable federal, State, and local laws, ordinances, and regulations, including, without limitation, requirements regarding the use grant funds under the CARES Act that are in effect as of the effective date of this Agreement and that may later be enacted or promulgated. Without limiting the foregoing, Grantee shall comply with all applicable federal requirements set forth in Exhibit A, Federal Requirements, attached hereto.
8. Agreement Administration. The individuals listed below shall administer this Agreement on behalf of the County and Grantee. All communications between Grantee and the County shall be sent to the individuals listed below.

<b>County of San Diego</b>	<b>City of El Cajon</b>

within San Diego County. Grantee shall maintain such records in an accessible location and condition for a period of not less than four years following Grantee's submission of the final report required to be submitted under this Agreement unless County agrees in writing to an earlier disposition. The State of California and any federal agency having an interest in the subject of this Agreement shall have the same rights conferred upon County by this Agreement.

10. Termination of Agreement.

(a) Termination for Convenience.

The County may, by written notice to Grantee stating the extent and effective date, terminate this Agreement for convenience in whole or in part, at any time. Within five (5) days of such termination, Grantee shall return to County any unexpended funds paid to it under this Agreement.

(b) Termination for Default.

If Grantee fails to perform its obligations under this Agreement, the County may send Grantee a written notice of default that specifies the nature of the default. Grantee shall cure the default within five (5) business days following receipt of the notice of default, or within such additional time to which County may agree. If Grantee fails to cure the default within that time, the County may terminate this Agreement by giving Grantee written notice of immediate termination. The County may also seek any and all legal and equitable remedies against Grantee for breaching this Agreement.

11. Independent Capacity. In the performance of this Agreement, Grantee and its officers, agents, employees and volunteers shall act in an independent capacity and not as officers, employees, agents or volunteers of the County. This Agreement does not create an employment relationship between Grantee and the County.

12. Defense and Indemnity. To the fullest extent permitted by law, County shall not be liable for, and Grantee shall defend and indemnify County and its officers, agents, employees and volunteers (collectively, "County Parties") against any and all claims, deductibles, self-insured retention's, demands, liability, judgments, awards, fines, mechanics' liens or other liens, labor disputes, losses, damages, expenses, charges or costs of any kind or character, including attorneys' fees and court costs (collectively, "Claims"), which arise out of or are in any way connected to County's provision of grant funds and/or Grantee's use of grant funds under this Agreement arising either directly or indirectly from any act, error, omission or negligence of Grantee or its officers, employees, volunteers, agents, contractors, licensees or servants, including without limitation, Claims caused by the sole passive negligent act or the concurrent negligent act, error or omission, whether active or passive, of County Parties. Grantee shall have no obligation, however, to defend or indemnify County Parties from a Claim if it is determined by a court of competent jurisdiction that such Claim was caused by the sole active negligent act or willful misconduct of County Parties.

---

For avoidance of doubt, and without limitation, the defense and indemnity obligations set forth in this Paragraph 12 shall specifically apply to any actions against the County by a federal agency to disallow funds or otherwise enforce compliance under the CARES Act or other federal requirements.

13. Governing Law. This Agreement shall be construed and interpreted according to the laws of the State of California.
14. Assignment. Grantee may not assign or transfer any interest in this Agreement (whether by assignment or novation), without the prior written consent of the County.
15. Entire Agreement. This Agreement constitutes the entire agreement between Grantee and County regarding the subject matter contained herein. All other representations, oral or written, are superseded by this Agreement. Neither party is relying on any representation outside of this Agreement. This Agreement may be changed only by written amendment signed by County and Grantee.
16. Waiver. The failure of one party to enforce any term, covenant or condition of this Agreement shall not be construed as a waiver of that party's right to subsequently enforce this, or any other term, covenant or condition of this Agreement. No waiver shall be deemed effective unless the waiver is expressly stated in writing and signed by the party waiving the right or benefit.
17. Survival. Unless otherwise specified herein, all terms and conditions of this Agreement shall survive the expiration of this Agreement.
18. Remedies. The rights and remedies in this Agreement are in addition to, and not a limitation on, all other rights and remedies available at law or in equity, and exercise of one right or remedy shall not be deemed a waiver of any other right or remedy.
19. Recognition. If Grantee chooses to give written recognition of this grant Grantee shall recognize the County of San Diego and not one or more individual County Supervisors.
20. Counterparts. This Agreement may be executed in counterparts, and each counterpart shall constitute one agreement binding on all parties hereto, notwithstanding that all of the parties are not signatory to an original or same counterpart. The parties agree that signatures transmitted electronically via pdf attachment shall be binding as if they were original signatures.

IN WITNESS WHEREOF, the parties execute this Agreement effective on the date first written above.

**CORONAVIRUS RELIEF FUND  
SUBGRANT**

---

**EXHIBIT A – FEDERAL REQUIREMENTS**

---

Grantee shall comply with all applicable requirements associated with the CARES Act Coronavirus Relief Fund. Grantee shall also comply with all applicable requirements of 2 CFR Part 200, UNIFORM ADMINISTRATIVE REQUIREMENTS, COST PRINCIPLES, AND AUDIT REQUIREMENTS FOR FEDERAL AWARDS, including, without limitation, the following:

1. DEBARMENT AND SUSPENSION.

- (a) This Agreement is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, Grantee is required to verify that none of their principals (defined at 2 C.F.R. § 180.995) or affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).
- (b) Grantee must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction they enter into.
- (c) This certification is a material representation of fact relied upon by County. If it is later determined that Grantee did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to County, the federal government may pursue available remedies, including but not limited to suspension and/or debarment.

2. SINGLE AUDIT. Grantee shall comply with the Single Audit requirements of 2 CFR Part 200.501, et seq.

3. COMPLIANCE WITH FEDERAL LAW, REGULATIONS, AND EXECUTIVE ORDERS. This is an acknowledgement that federal funding under the CARES Act is used to fund this Agreement. Grantee will comply with all applicable federal law, regulations, executive orders, policies, procedures, and directives.

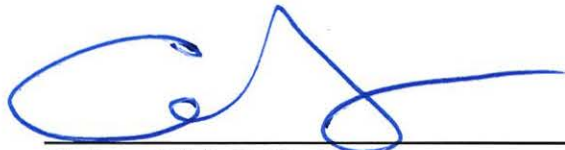

4. NO OBLIGATION BY FEDERAL GOVERNMENT. The federal government is not a party to this Agreement and is not subject to any obligations or liabilities to the County or Grantee, or any other party pertaining to any matter resulting from the Agreement.

5. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS. Grantee acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to Grantee's actions pertaining to this Agreement.

City Council  
Agenda Report

**DATE:** July 14, 2020  
**TO:** Honorable Mayor and City Councilmembers  
**FROM:** Graham Mitchell, City Manager  
**SUBJECT:** Update on City of El Cajon's Homeless Strategies

---

**RECOMMENDATION:**

That the City Council receives a report about homeless programming in the City and directs staff to execute draft agreements with The Salvation Army and Home Start, Inc., for the provision of rapid re-housing services.

**BACKGROUND:**

Over the past few years, the City has implemented a variety of programs and allocated significant funding to address homelessness in the community. This agenda report provides an overview of the homeless programs implemented and presents additional information and recommendations for City Council consideration. Specifically, this agenda report:

- provides a summary of past and ongoing homeless programs,
- addresses CARES Act funded programs and projects related to homelessness, and
- concludes with discussion and recommendations on focused programs for 2020 and 2021.

***Overview of Past Programs***

Through various funding sources, the City has implemented several programs with the aim of 1) housing homeless individuals (both temporary and permanent housing), and 2) addressing community impacts as a result of homelessness. Several of the programs relied on third parties for program management who serve as contractors with annual agreements. The following sections provide updates on these programs, some of which have been completed and some that are ongoing.

**El Cajon Housing Connections**

In October 2017, the City partnered with Crisis House to provide a dedicated Housing Navigator to manage City Housing Assistance funds to help homeless individuals and families in El Cajon secure permanent housing. The original agreement for the program was renewed in 2018 and was further extended to March 2020. The City's agreement with Crisis House expired on March 31, 2020. From October 2017 through the expiration of the agreement, the Navigator found permanent housing for 95 individuals in 62 households. A total of \$293,900 in combined Housing Assistance and Housing Navigator funds was expended to assist these families, for an average of \$4,740 per household housed or \$3,093 per individual.

### A Way Back Home

Also in October 2017, the City partnered with The Salvation Army to fund the “A Way Back Home” program which reunites homeless individuals in El Cajon with their families. The original agreement was renewed in 2019 and expired once the funds were fully expended in March 2020. From October 2017 through the expiration of the agreement, 84 individuals in 59 households have been placed into permanent housing through this program. A total of \$19,899 was expended for this program, for an average of \$337 per household housed.

### East County Transitional Living Center Programs

The City relies on the East County Transitional Living Center (ECTLC) for several programs that address temporary housing and mitigate the impacts of homelessness on the community. Two of those program include shelter services and neighborhood cleaning services.

*Shelter Services* – The City partners annually with ECTLC to fund an Emergency Shelter Program using CDBG funds. This non-faith-based program operates primarily in the winter months, providing emergency shelter, case management, meals and other services to families and individuals experiencing homelessness. Most recently, the City Council awarded CDBG CARES Act funding for continuation of the shelter services through the summer and fall to assist homeless individuals and families to reduce their risk of exposure to COVID-19. In FY 2019-20, the emergency shelter program provided temporary shelter to 306 individuals using regular CDBG funding, and to date, has provided temporary shelter to 54 individuals using CDBG-CV funding.

*Neighborhood Cleaning Services* – Beginning in July 2019, the City entered into two six-month agreements with ECTLC to assist Public Works staff in removing items discarded in the public right-of-way (abandoned furniture, shopping carts, homeless encampment remnants, etc.). The City pays \$6,500 per month for this service. Since last July, ECTLC has conducted about 1,500 pick-ups and collected approximately 200 tons of trash. Staff estimates that this has saved nearly 1,300 staff hours and resulted in approximately \$151,000 of savings (staff time and City vehicle costs, not including fuel). Over the 12-month period, this has resulted in a net savings of approximately \$75,000. The agreement expires on September 19, 2020.

### East County Homeless Task Force

The East County Homeless Task Force continues to operate under the leadership of the Chamber of Commerce and its Foundation. The City continues to participate in this Task Force with a contribution of \$5,000 annually, has at least one person attending most at-large meetings, and has several staff members that attend its steering and shelter/housing subcommittees.

### San Diego Regional Task Force on the Homeless

The San Diego Regional Task Force on the Homeless (RTFH) is committed to preventing and alleviating homelessness in the San Diego region. The City relies on RTFH for data and technical guidance in implementing programs, and evaluating potential gaps in service. Staff attends the general meetings and other informational meetings as resources allow.

### City of El Cajon Quality of Life Team

Since 2017, the City of El Cajon’s Quality of Life Team has made concentrated efforts to reduce the impacts of homelessness and improve the quality of life for all residents of our community. Significant resources (staff time and funds) have been invested into the community to find meaningful solutions. The City’s comprehensive programs not only help house those who are currently experiencing homelessness, but they have also initiated clean-up efforts on the streets

and in parks and neighborhoods.

At City Council's direction, the Quality of Life Team has continued to perform these assignments in 2020, and since January, efforts have included the following:

- Conducted a large park Clean-up event at Hillside Park, removing both brush and debris totaling 5.17 tons;
- Coordinated the pick-up and disposal of 21.75 tons of debris and abandoned property from the right-of-ways, storm channels, canyons, and vacant lots (includes the Hillside Park clean-up);
- Picked up 89 abandoned shopping carts; and
- The City expended a total of \$85,114 for these efforts between January and May.

### ***COVID-19 and CARES Act Funding***

In March 2020, the City declared a state of emergency in response to the COVID-19 pandemic. On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law. The CARES Act made additional CDBG Coronavirus funds available from the U.S. Department of Housing and Urban Development (HUD) to prevent, prepare for, and respond to the impacts of the coronavirus. The City's allocation in the first round was \$802,656.

At its April 14, 2020 meeting, the City Council provided direction for a number of programs to respond to the COVID-19 emergency and also determined the priorities for the impending CARES Act funding. The priorities included direction to address homelessness in El Cajon through 1) the provision of rental and utility assistance to prevent homelessness, and 2) the provision of emergency shelter and hotel/motel vouchers to prevent the increased risk and spread of the coronavirus disease.

On May 12, 2020, the City Council adopted the first amendment to the FY 2019-20 One-Year Action Plan to allocate the CARES Act funding and authorized agreements with qualified organizations for the following activities and programs:

- \$185,294 to ECTLC for continuing the emergency shelter;
- \$200,000 to Interfaith Shelter Network for Rental and Utility Assistance;
- \$200,000 to CSA San Diego County for Rental and Utility Assistance;
- \$172,362 to Home Start for Rental and Utility Assistance; and
- \$45,000 to Home Start for hotel/motel vouchers.

The agreements and other requirements were expedited and the programs are now underway. The emergency shelter was opened on May 13, 2020, and through June 1, 2020, 26 persons (9 adults and 17 children) have received emergency shelter services. The hotel/motel voucher program began providing services on June 1, 2020. Through June 30, 2020, 95 persons in 55 households (67 adults and 28 children) have been provided with emergency shelter in local hotels or motels.

The rental and utility assistance programs were opened on May 26, 2020, and through June 30, 2020, approximately 29 households have received rent and utility assistance. Applications for rent and utility assistance will continue to be processed by the service providers until the funds are fully expended.

## **2020 Focus and Progress**

At its January 14th, April 14th, and May 12th meetings, the City Council approved a number of recommended actions to address homelessness. Several of those recommendations have been implemented, and the results are summarized below:

- Continue funding the ECTLC contract for street clean up (this is a General Fund expenditure);
- Continue outreach, enforcement, and cleanup efforts through the City's Quality of Life Team;
- Continue to support the East County Homeless Task Force with funding and participation, along with continued participation with the San Diego Regional Task Force on the Homeless; and
- Using CARES Act funding, provide emergency shelter beds at ECTLC's existing facility and provide hotel/motel vouchers through a contract with Home Start.

Also, in February, a request for information (RFI) for homeless services and housing opportunities for the homeless in El Cajon was released broadly. The purpose of the RFI was to explore interest and potential partnerships for the provision of homeless services including additional shelter options, safe parking, etc., and increased outreach to promote temporary and permanent housing opportunities. The City received eight responses to the RFI for services ranging from emergency shelter beds, to prison counseling, to housing navigation.

The responses to the RFI helped staff understand the organizations that are interested in providing homeless services in El Cajon and their varying degrees of capacity. From the responses, staff determined that the most effective use of the funding available was to focus on programs that result in rapid re-housing, housing navigation (outreach and placement), housing assistance, and shelter operations. The responses have guided staff's recommendations below.

First, staff recommends renewing its agreement with The Salvation Army to continue the "A Way Back Home" program. This program has been successful in reunifying homeless individuals and families with their family members and is very cost-effective. Staff recommends this program be funded in the amount of \$10,000, with options for renewal.

Second, staff recommends relying on an organization to provide housing navigation, outreach, and administration of housing assistance. Two organizations (Crisis House and Home Start) expressed interest in providing these services. Staff reached out to both organizations for additional information, requesting a detailed proposal on how City funds would be utilized. One proposal was received from Home Start for a program that will provide street-based homeless outreach. The proposal includes a new El Cajon Outreach Specialist that will be dedicated to working with the City and the Police Department, focusing on hot spots and responding to areas of concern. The Specialist will perform both outreach and navigation activities. The Specialist will also utilize housing assistance funds to place individuals and families into housing based on their specific needs. Staff recommends that this program be funded in the amount of \$200,000, with options for renewal.

## **Recommendations**

The adopted FY 2020-2021 budget includes funds budgeted in the Low- and Moderate-Income Housing Asset Fund (LMIHAF) for the continued provision of homeless prevention and rapid re-housing activities and programs. Based on staff's review of the responses to the RFI, including the eligibility of each activity for the use of LMIHAF funds, staff recommends the

following for City Council's feedback and direction:

1. That staff be directed to execute a grant agreement with The Salvation Army to continue the "A Way Back Home" Reunification Program in El Cajon, in the amount of \$10,000, with the provision for up to two (2) one-year extensions at the City's sole option, using LMIHAF funds budgeted;
2. That staff be directed to execute a grant agreement with Home Start, Inc., for the provision of a new "El Cajon Homeless Outreach Program," in the amount of \$200,000, for a term of one year, with the provision for up to two (2) one-year extensions at the City's sole option, using LMIHAF funds budgeted.

**FISCAL IMPACT:**

The program costs of these recommended programs will be paid with LMIHAF funding and there will be no impact to the General Fund. These expenses will reduce the fund's balance, which is ultimately intended for affordable housing projects. The fund has an approximate unencumbered balance of \$2.1 million.

## PROJECT "A WAY BACK HOME" GRANT AGREEMENT

THIS GRANT AGREEMENT ("Agreement") is made as of this \_\_\_\_ day of August, 2020, by and between the CITY OF EL CAJON, a public body corporate and politic (the "City") and THE SALVATION ARMY, a California corporation (hereinafter referred to as "Grant Recipient"). The City and the Grant Recipient are collectively referred to as the "Parties."

### **RECITALS**

- A. On July 14, 2020, the City Council of the City of El Cajon approved the funding of "A WAY BACK HOME' REUNIFICATION PROJECT" (the "Grant") in the amount of not to exceed **TEN THOUSAND DOLLARS (\$10,000.00)** (the "Grant Award") to Grant Recipient.
- B. Grant Recipient has proposed a project that reunifies homeless individuals currently residing in El Cajon with families or friends outside of the San Diego County region (the "Project"). The Project works with family members and homeless individuals to determine if reunification would be beneficial. The Project also pays for eligible costs associated with transportation, lodging, food and re-settlement.
- C. The Parties desire to enter into an agreement for implementation of the "A WAY BACK HOME' REUNIFICATION PROJECT" services, with a Grant Award in the amount of not to exceed **TEN THOUSAND DOLLARS (\$10,000.00)**.
- D. The Grant Award shall be in the form of a reimbursement from the City to Grant Recipient, as defined in this Grant Agreement, with the intent to serve a minimum of twenty (20) locally residing homeless individuals.

### **AGREEMENT**

NOW, THEREFORE, in consideration of the recitals stated above, the mutual covenants set forth below, the Parties agree, promise and declare as follows:

#### ARTICLE I. GRANT PROVISIONS

Section 1.1 - *The Grant Award.* The City hereby awards to Grant Recipient, for the purpose of the Project, the Grant Award in the amount of not to exceed **TEN THOUSAND DOLLARS (\$10,000.00)**, according to the terms and conditions set forth below:

Section 1.2 – *No Partnership or Joint Venture.* The relationship between the City and Grant Recipient created by this Agreement shall not be one of partnership or joint venture.

Section 1.3 – *Indemnification.* Grant Recipient agrees and promises to protect, defend, indemnify, and hold harmless the City of El Cajon, and its respective elected and appointed officials, officers, directors, agents, employees and representatives from any and all liabilities, losses, damages, including, but not limited to, claims for injury or death to any person occurring as a result of the Project, including losses from negative cash

flows. It is expressly understood that Grant Recipient is solely and exclusively responsible for any and all management of the Project.

Section 1.4 – *Termination*. This Agreement and the relationship created herein shall terminate upon full satisfaction of all of Grant Recipient’s obligations under this Agreement, or the exhaustion of the Grant Award unless Grant Recipient is found to be in breach of this Agreement. The City reserves the right to terminate this Agreement in the event Grant Recipient is deemed to be in default of any of the obligations herein.

Section 1.5 – *Conditions to City Obligations and Covenants of Grant Recipient*. The obligation of the City to fund the Grant Award is subject to the following conditions and Grant Recipient agrees to perform any and all covenants hereinafter set forth in a timely manner.

- (a) The City shall reimburse Grant Recipient for eligible expenditures related to the reunification of a homeless individual.
- (b) Upon a written request from Grant Recipient, the City may make cash advances of up to twenty-five percent (25%) of the Grant Amount for working capital to Grant Recipient. Additional advances of no greater than 25% shall be requested in writing as each advance is reduced and will be made based on needs as determined by City’s City Manager or such person designated by the City Manager.

Any outstanding advances will be returned on or before the termination of this Agreement as either a reduction of the final reimbursement request or a transfer of funds from Grant Recipient. Grant Recipient shall indicate in writing, no later than three (3) months prior to the termination of this Agreement, detailing how the advance shall be returned to the City.

- (c) The Grant Recipient certifies and agrees that it will not use funds provided through this Agreement to pay for entertainment, gifts, alcoholic beverages, or unreasonable costs for the purposes set forth in Recital B and pursuant to this Agreement. Grant Recipient further certifies and agrees that it will at no time provide cash directly to homeless individuals that are participants in this Project.
- (d) Grant Recipient shall be eligible for reimbursement if the following criteria are met:
  - 1. The individual reunited with family or friends shall be a documented homeless individual that is residing in the City of El Cajon,
  - 2. The homeless individual shall be relocated outside of San Diego County, and
  - 3. Receipts documenting eligible costs are presented in an orderly manner to the City.

- (e) The average cost per relocation is estimated to be \$500. If a reimbursement request exceeds \$600, Grant Recipient shall seek written approval from the City prior to agreeing to reunification expenditures.
- (f) Grant Recipient shall provide a quarterly status report as defined in Section 1.8. Quarterly status reports shall be submitted to the City no later than:
  - 1. October 15<sup>th</sup> for the period of July, August and September;
  - 2. January 15<sup>th</sup> for the period of October, November and December;
  - 3. April 15<sup>th</sup> for the period of January, February and March; and
  - 4. July 15<sup>th</sup> for the period of April, May and June.A final report at the conclusion of the grant period shall also be provided.
- (g) Grant Recipient represents, warrants and agrees that: (i) funds reimbursed by the City pursuant to this Agreement are advanced wholly or in part for the benefit of the Grant Recipient, and (ii) Grant Recipient is responsible for all obligations created by this Agreement.
- (h) Grant Recipient agrees to and shall use the funds herein solely for and in connection with those purposes set forth in Recital B and pursuant to this Agreement;
- (i) Grant Recipient shall provide the City with insurance as referenced on Exhibit "A" hereto naming the City of El Cajon, and its elected and appointed officials, officers, directors, and employees, as additional insureds, at the sole cost and expense of the Grant Recipient. Said insurance shall remain in full force and effect during the term of this Agreement.

Section 1.6 – *Grant Recipient's Representations and Warranties*. Grant Recipient represents, warrants and can demonstrate that:

- (a) The Grant Recipient is a validly and lawfully formed nonprofit corporation, is in good standing under California law, whose income is exempt from taxation under section 501(c)(3) of the Internal Revenue Code;
- (b) Execution of this Agreement has been duly authorized by the Grant Recipient and shall not result, with the passage of time or the giving of notice, or both, in breach of, or in acceleration of, performance under any contract or document to which the Grant Recipient may be a party;
- (c) All approvals have been obtained in connection with the Grant Recipient's execution of this Agreement and related agreements and documents, to the effect that no breach of or acceleration of performance under any other agreement or document to which Grant Recipient is a party will result from such execution; and
- (d) Grant Recipient agrees to use said funds solely for and in connection with the purposes referenced in Recital B of this Agreement.

Section 1.7 - *Equal Opportunity*. During the term of this Agreement, the Grant Recipient agrees as follows:

- (a) The Grant Recipient will not unlawfully discriminate against any employee, person, program participant or applicant for employment because of race, age, sexual orientation, marital status, color, religion, sex, handicap, or national origin. The Grant Recipient will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, age, sexual orientation, marital status, color, religion, sex, handicap, or national origin, if such discrimination is in violation of federal, state, or city laws, regulations, ordinances, or policies. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer, recruitment or recruitment advertising; lay-off or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Grant Recipient agrees to post in conspicuous places, available to employees and applicants for employment, notices, which are available from the City, setting forth the provisions of this nondiscrimination clause.
- (b) The Grant Recipient will, in all solicitations or advertisements for employees or contractors or subcontractors placed by or on behalf of the Grant Recipient, state that all qualified applicants will receive consideration for employment without regard to race, age, sexual orientation, marital status, color, religion, sex, handicap, or national origin.
- (c) The Grant Recipient will cause the foregoing provisions to be inserted in all contracts and subcontracts for any work covered by this Agreement so that such provisions will be binding upon each subcontractor, provided that the foregoing provisions shall not apply to contracts or subcontracts for standard commercial supplies of raw materials.
- (d) The Grant Recipient hereby agrees to comply with Title VII of the Civil Rights Act of 1964, as amended, and the California Fair Employment Practices Act.

Section 1.8 – *Quarterly Status Reports*. Grant Recipient shall provide the City with detailed written status reports concerning the status of the Project each quarter as defined in Section 1.5(d). Such reports shall include, but not be limited to, the following: (1) total expenditures of Grant Funds to date, (2) expenditure per individual served, (3) location of reunification, (4) demographic and profile information of each individual served, to include:

- A. Number of individual clients served
- B. Race of each client served
- C. Ethnicity of each client served (whether Hispanic or not – a person may be of any race and also be Hispanic)
- D. Number of disabled clients served
- E. Whether or not the head of the household is female

- F. Number of clients who are low income (according to HUD guidelines)
- G. Whether or not the client is an El Cajon resident
- H. Age of clients served;
- I. Birthplace of clients served;
- J. Client's length of time most recent continuous homelessness;
- K. Client's length of time homeless in El Cajon;
- L. Location of client's last permanent housing;
- M. Location client slept at night in El Cajon;
- N. Income information (amount and sources, if any);
- O. Information on whether client has a history of substance abuse, and if so, the respective substance;
- P. Outreach and incentive methods used;
- Q. The amount of time it takes from project enrollment to the actual move-in date;
- R. Whether or not the clients served are chronically homeless;
- S. Client's housing status three (3) and six (6) months after being reunified;
- T. Source of housing assistance funds used, if any;
- U. Number and disposition of referrals provided;
- V. Information on whether and why the client turned down the assistance, if applicable;
- W. Progress made toward goals as evidenced in Recitals "B" and "C", or an explanation of lack thereof; and
- X. Any other accomplishments or problems/concerns the Agency wishes to report.

Quarterly Status Reports shall be provided until six (6) months following the reunification and placement of the last homeless individual served.

Section 1.9 - *Insurance*. Grant Recipient shall, at Grant Recipient's sole cost and expense, maintain such insurance, as is required by the City, in full force and effect, during the entire term of this Agreement. The insurance shall name the City and the City of El Cajon as additional insureds and shall include, but not be limited to, those coverages referenced in Exhibit "A" to this Agreement and as referenced in Section 1.5(h) of this Agreement, except that, notwithstanding the limits described in Exhibit "A," limits of liability shall be \$1,000,000 per individual, and \$3,000,000 in the aggregate for each occurrence.

Section 1.10 – *Default by Grant Recipient*. In the event of a default by Grant Recipient in the performance of any of the terms, covenants and conditions contained in this Agreement, or in the event of the commencement of Bankruptcy proceedings by or against Grant Recipient, all sums not yet disbursed or advanced by the City shall immediately be suspended and this Agreement shall, at the option of City, terminate. The City shall thereafter be released from any and all obligations to Grant Recipient under the terms of this Agreement.

Section 1.11 – *Indemnification*. Grant Recipient agrees to indemnify and hold harmless the City and its elected and appointed officials, officers, directors and employees, from and against any and all claims, damages, losses, liability costs (including costs and fees incurred in defense of such claims), expenses and amounts paid in settlement arising from any injury, claim, or damages arising out of Grant Recipient’s work on the Project.

Section 1.12 – *Books and Records*. The undersigned Grant Recipient, and any contractor hired by the Grant Recipient, shall maintain complete and accurate books and records showing all of the income and disbursements made in connection with the Project and such books and records shall be available for inspection and copy by the City upon request. Books and records relative to the Project and this Grant Award shall be maintained for five years after final project expenditures are reimbursed.

Section 1.13 – *City’s Reliance on Statements and Disclosure of Grant Recipient*. Grant Recipient has made certain statements in order to induce the City to make said Grant Award and enter into this Agreement, and in the event Grant Recipient has made material misrepresentations or omissions it is a breach of this Agreement, and the act of doing so shall not affect any remedies the City may have under this Agreement for such misrepresentation or omission.

Section 1.14 – *City not Liable for Acts or Omissions of Grant Recipient or Others*. City shall in no way be liable for any acts or omissions of Grant Recipient, any agent or contractor employed by Grant Recipient, or any person furnishing labor and/or materials used in or related to the Project.

Section 1.15 – *Time of the Essence*. Time is of the essence in this Agreement and of each and every provision hereof. The waiver by the City of any breach or breaches hereof shall not be deemed, nor shall the same constitute, a waiver of any subsequent breach or breaches.

## ARTICLE II. MISCELLANEOUS PROVISIONS

Section 2.1 – *Governmental Requirements Superior*. All provisions of this Agreement and of all the other documents relating to this Agreement shall be subject and subordinate to any and all federal, state and local statutes, regulations, and ordinances, and shall be subject to modification to comply therewith.

Section 2.2 – *Notice*. Any Notice under this Agreement shall be deemed given upon actual personal delivery to the notified Party or upon the expiration of two (2) days from the insertion of the notice, properly addressed and certified mail, return receipt requested, postage prepaid, in a U. S. Mail depository within California, or upon the expiration of seven (7) days from the insertion of the notice in a U. S. Mail depository outside of California. Notices shall be sent to the addresses for the Parties as set forth below or as changed by either Party from time to time by written notice to the other Party.

**Section 2.3 – Severability.** If any provision of this Agreement is deemed to be invalid or unenforceable by a court of competent jurisdiction, that provision shall be severed from the rest of this Agreement, and the remaining provisions shall continue in full force and effect.

**Section 2.4 – Non-Waiver of City's Rights.** No right, remedy, or power of the City under this Agreement shall be deemed to have been waived by any act or conduct on the part of the City or by any failure to exercise or delay in exercising such right, remedy or power. Every such right, remedy or power of the City shall continue in full force and effect until specifically waived or released by an instrument in writing executed by the City. No delay or omission of the City to exercise any right or power arising upon the occurrence of any default under this Agreement shall impair any such right or power or shall be construed to be a waiver of any such default or an acquiescence therein; and every power and remedy given by this Agreement to the City may be exercised from time to time and as often as may be deemed expedient.

**Section 2.5 – Exhibits Incorporated.** All exhibits to which reference is made in this Agreement are deemed incorporated into this Agreement whether or not the exhibits are actually attached to this Agreement.

**Section 2.6 – Construction of Agreement.** The provisions contained in this Agreement shall not be construed in favor of or against either Party, but shall be construed as if both Parties contributed equally to its preparation. This Agreement shall be construed in accordance with the laws of the State of California.

**Section 2.7 – Assignment.** Grant Recipient shall not assign its rights nor delegate its duties under this Agreement without the prior written consent of the City. Any attempt at assignment or delegation in violation of this Section 2.7 shall be void. The City shall have the full right and authority to assign all or part of its rights and delegate all or part of its duties under this Agreement.

**Section 2.8 – Integration.** This Agreement represents the entire agreement between the Parties on the subject matter of this Agreement, and supersedes any other agreements, promises or representations, oral or written, pertaining to such subject matter.

**Section 2.9 – Counterparts.** This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall

constitute one and the same instrument. It shall not be necessary in making proof of this Agreement to produce or account for more than one counterpart.

IN WITNESS WHEREOF, the Parties have executed this Agreement on the date first set forth above.

**GRANT AGREEMENT  
BETWEEN THE EL CAJON HOUSING AUTHORITY AND  
HOME START, INC. FOR THE PROVISION OF SERVICES FOR THE HOMELESS**

THIS AGREEMENT (the "Agreement") is made and entered into this \_\_\_\_\_ day of \_\_\_\_\_, 2020, by and between the EL CAJON HOUSING AUTHORITY, a public body corporate and politic, (the "Housing Authority"), and HOME START, INC., a nonprofit corporation organized under the laws of the State of California (the "Grant Recipient").

**RECITALS**

WHEREAS, on July 14, 2020, the City Council of the City of El Cajon considered and approved this Grant Agreement with Grant Recipient for the provision of services for homeless individuals and families, in the amount of TWO HUNDRED THOUSAND DOLLARS (\$200,000.00), for a dedicated Homeless Outreach Specialist and additional Housing Assistance incentives.

WHEREAS, California Health & Safety Code section 34176.1(2) allows the expenditure of Low and Moderate Income Housing Asset Funds ("LMIHAF") for homeless prevention and rapid rehousing services for individuals and families who are homeless, including housing relocation and stabilization services and rental assistance, among other things.

WHEREAS, on June 23, 2020, the City Council approved the FY 2020-21 budget appropriation for the use of LMIHAF Funds for homeless prevention and rapid re-housing programs.

WHEREAS, on July 14, 2020, the City Council of the City of El Cajon and the El Cajon Housing Authority considered and approved entering into a grant agreement with Grant Recipient for the provision of services for homeless individuals and families, in the total amount of TWO HUNDRED THOUSAND DOLLARS (\$200,000.00) for a El Cajon Homeless Outreach Program, including a dedicated Homeless Outreach Specialist and additional Housing Assistance incentives as described in this Agreement (the "Grant Award").

WHEREAS, Grant Recipient has interest, experience and ability to hire and manage the position of Homeless Outreach Specialist and manage the allocation of housing assistance incentive funds with the aim of securing permanent housing for homeless individuals and families residing in the City of El Cajon.

WHEREAS, the Grant Award shall be in the form of reimbursements from the El Cajon Housing Authority to Grant Recipient, as set forth in this Agreement, with the intent to house a minimum of thirty-five (35) El Cajon-residing homeless individuals and families.

**AGREEMENT**

NOW, THEREFORE, in consideration of the recitals stated above, the mutual covenants set forth below, the Parties agree, promise and declare as follows:

**ARTICLE I. GRANT PROVISIONS**

Section 1.1 – *The Grant Award.* The Grant Award, for the purpose of the Project, as defined in Exhibit "A," "Scope of Work for Use of Housing Navigator and Housing Assistance Funds, in the amount of not to exceed **TWO HUNDRED THOUSAND DOLLARS (\$200,000.00)**,

is hereby approved by Housing Authority to be provided to the Grant Recipient, according to the terms and conditions set forth below and in Exhibit "A."

Section 1.2 – *No Partnership or Joint Venture*. The relationship between the Housing Authority and Grant Recipient created by this Agreement shall not be one of partnership or joint venture.

Section 1.3 – *Indemnification*. Grant Recipient agrees and promises to protect, defend, indemnify, and hold harmless the Housing Authority of El Cajon, and its respective elected and appointed officials, officers, directors, agents, employees and representatives from any and all liabilities, losses, damages, including, but not limited to, claims for injury or death to any person occurring as a result of the Project, including losses from negative cash flows. It is expressly understood that Grant Recipient is solely and exclusively responsible for any and all management of the Project.

Section 1.4 – *Term of Agreement*. The term of this Agreement, and the services to be provided by the Grant Recipient, shall be for a period of one (1) year, beginning August 1, 2020 and ending July 31, 2021 (the "Term" or "Grant Period").

Section 1.5 – *Termination and Termination Costs*.

- (a) This Agreement may be terminated in whole or in part at any time by either party upon giving thirty (30) days written notice to the other party. Agreement must be reached by both parties as to reasons and conditions for termination. The Executive Director is hereby empowered to give said notice subject to ratification by the El Cajon Housing Authority.
- (b) The Housing Authority may immediately terminate this Agreement upon the termination, suspension, discontinuation, or substantial reduction in Low and Moderate Income Housing Asset Funds funding for the Contract activity or if for any reason the timely completion of the work under this Agreement is rendered improbable, infeasible, or impossible. If the Grant Recipient materially fails to comply with any term of this Agreement, the Housing Authority may take one or more of the actions, which includes temporarily withholding cash, disallowing, noncompliance costs, wholly or partially terminating the award, withholding future awards, and other remedies that are legally available. In such event, the Grant Recipient shall be compensated for all services rendered and all necessarily incurred costs performed in good faith in accordance with the terms of this Agreement that have been previously reimbursed, to the date of said termination to the extent that funds are available.

Section 1.6 – *Conditions to Housing Authority Obligations and Covenants of Grant Recipient*. The obligation of the Housing Authority to fund the Grant Award is subject to the following conditions and Grant Recipient agrees covenants to perform, in a timely manner, any and all of the obligations hereinafter set forth in this Agreement. In addition the parties hereby agree to the following specific terms:

- (a) The Housing Authority shall reimburse Grant Recipient for eligible expenditures related to the housing of a minimum of thirty-five (35) homeless individuals and families.
- (b) The Grant Recipient certifies and agrees that it will at no time provide cash directly to homeless individuals that are participants in this Project.

- (c) Grant Recipient shall only use the Grant Award to assist documented homeless individuals residing in the City of El Cajon at the time of assistance.
- (d) Grant Recipient shall provide a quarterly status report as defined in Section 1.9. Quarterly status reports shall be submitted to the Housing Authority no later than:
  1. October 15<sup>th</sup> for the period of July, August and September;
  2. January 15<sup>th</sup> for the period of October, November and December;
  3. April 15<sup>th</sup> for the period of January, February and March; and
  4. July 15<sup>th</sup> for the period of April, May and June.

A final report at the conclusion of the Grant Period shall also be provided.

- (e) Grant Recipient represents, warrants and agrees that: (i) funds reimbursed by the Housing Authority pursuant to this Agreement are advanced wholly or in part for the benefit of the Grant Recipient for the Project, (ii) Grant Recipient is responsible for all obligations created by this Agreement or incurred in the performance of the Project.
- (f) Grant Recipient agrees to and shall use the funds herein solely for and in connection with those purposes set forth in Exhibit "A" to this Agreement.
- (g) Grant Recipient shall provide the City/Housing Authority with insurance as referenced on Exhibit "B" hereto naming the City of El Cajon and the El Cajon Housing Authority, and their respective elected and appointed officials, officers, directors, and employees, as additional insureds, at the sole cost and expense of the Grant Recipient. Said insurance shall remain in full force and effect during the term of this Agreement.

Section 1.7 – *Grant Recipient's Representations and Warranties*. Grant Recipient represents, warrants and can demonstrate that:

- (a) The Grant Recipient is a validly and lawfully formed nonprofit corporation, is in good standing under California law, whose income is exempt from taxation under section 501(c)(3) of the Internal Revenue Code, and shall maintain such corporate and tax-exempt status during the entire Grant Period;
- (b) Execution of this Agreement has been duly authorized by the Grant Recipient and shall not result, with the passage of time or the giving of notice, or both, in breach of, or in acceleration of, performance under any contract or document to which the Grant Recipient may be a party;
- (c) All approvals have been obtained in connection with the Grant Recipient's execution of this Agreement and related agreements and documents, to the effect that no breach of or acceleration of performance under any other agreement or document to which Grant Recipient is a party will result from such execution; and
- (d) Grant Recipient agrees to use said funds solely as set forth in this Agreement.

Section 1.8 - *Equal Opportunity*. During the term of this Agreement, the Grant Recipient agrees as follows:

- (a) The Grant Recipient will not discriminate against any employee, person, program participant or applicant for employment because of race, age, sexual orientation, marital status, color, religion, sex, handicap, or national origin. The Grant Recipient will take affirmative action to ensure that applicants are employed, and that

employees are treated during employment, without regard to their race, age, sexual orientation, marital status, color, religion, sex, handicap, or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer, recruitment or recruitment advertising; lay-off or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Grant Recipient agrees to post in conspicuous places, available to employees and applicants for employment, notices, which are available from the Housing Authority, setting forth the provisions of this nondiscrimination clause.

- (b) The Grant Recipient will, in all solicitations or advertisements for employees or contractors or subcontractors placed by or on behalf of the Grant Recipient, state that all qualified applicants will receive consideration for employment without regard to race, age, sexual orientation, marital status, color, religion, sex, handicap, or national origin.
- (c) The Grant Recipient will cause the foregoing provisions to be inserted in all contracts and subcontracts for any work covered by this Agreement so that such provisions will be binding upon each subcontractor, provided that the foregoing provisions shall not apply to contracts or subcontracts for standard commercial supplies of raw materials.
- (d) The Grant Recipient hereby agrees to comply with Title VII of the Civil Rights Act of 1964, as amended, and the California Fair Employment Practices Act.

Section 1.9 – *Quarterly Status Reports*. Grant Recipient shall provide the Housing Authority with detailed written status reports concerning the status of the Project each quarter of the Grant Period as defined in Section 1.6(e). Such reports shall include, but not be limited to, the following: (1) total expenditures of Grant Funds to date, (2) expenditure per individual served, (3) location of housing secured, (4) demographic and profile information of each individual served, to include:

- (a) Number of individual clients served (individual client may be a person or a household);
- (b) Race of clients served
- (c) Ethnicity of clients served (whether Hispanic or not – a person may be of any race and also be Hispanic);
- (d) Number of disabled clients served (as defined by the Social Security Administrative Guidelines)
- (e) Whether the head of the household is female;
- (f) Number of clients who are low income (according to HUD guidelines);
- (g) Whether the client is an El Cajon resident;
- (h) Number of new clients assisted;
- (i) Age of clients served;
- (j) Birthplace of clients served;
- (k) Client's length of time most recent continuous homelessness;

- (l) Client's length of time homeless in El Cajon;
- (m) Location of client's last permanent housing;
- (n) Location client slept at night in El Cajon;
- (o) Income information (amount and sources);
- (p) Information on whether client has a history of substance abuse, and if so, the respective substance;
- (q) Outreach and incentive methods used;
- (r) The amount of time it takes from project enrollment to the actual move-in date;
- (s) Whether the clients served are chronically homeless;
- (t) Client's housing status six and twelve months after being housed;
- (u) Source of housing assistance funds used, if any;
- (v) Information on whether and why the client turned down the assistance, if applicable;
- (w) Number and disposition of referrals received;
- (x) Progress made toward goals as evidenced in Exhibit "A," or an explanation of lack thereof; and
- (y) Any other accomplishments or problems/concerns the Agency wishes to report.

Section 1.10 - *Insurance*. Grant Recipient shall, at Grant Recipient's sole cost and expense, obtain and maintain in full force and effect during the Term of this Agreement such insurance as is required by the City/Housing Authority. The insurance shall name the El Cajon Housing Authority and the City of El Cajon, and their elected and appointed officials, officers, directors, and employees, as additional insureds and shall include, but not be limited to, those coverages referenced in Exhibit "B" to this Agreement and as referenced in Section 1.6(g) of this Agreement, except that, notwithstanding the limits described in Exhibit "B," limits of liability shall be \$1,000,000 per individual, and \$3,000,000 in the aggregate for each occurrence.

Section 1.11 – *Default by Grant Recipient*. In the event of a default by Grant Recipient in the performance of any of the terms, representations, warranties, covenants, and conditions contained in this Agreement, or in the event of the commencement of Bankruptcy proceedings by or against Grant Recipient, all sums not yet disbursed or advanced by the Housing Authority shall immediately be suspended and this Agreement shall, at the option of Housing Authority, terminate. The Housing Authority shall thereafter be released from any and all obligations to Grant Recipient under the terms of this Agreement.

Section 1.12 – *Indemnification*. Grant Recipient agrees to indemnify and hold harmless the Housing Authority and the City, and their respective elected and appointed officials, officers, directors and employees, from and against any and all claims, damages, losses, liability or expense, including but not limited to, any claim made by any person performing labor or furnishing material by way of a mechanic's lien, stop notice, equitable lien, or other proceeding, and any claims made by any occupants of the Property, or any other person with regard to any claimed defects in design or construction of the improvements.

Section 1.13 – *Books and Records*. The undersigned Grant Recipient, and any contractor hired by the Grant Recipient, shall maintain complete and accurate books and records showing

all of the income and disbursements made in connection with the Project and such books and records shall be available for inspection and copy by the Housing Authority upon request. Books and records relative to the Project and this Grant Award shall be maintained for five years after final project expenditures are reimbursed.

Section 1.14 – *Housing Authority's Reliance on Statements and Disclosure of Grant Recipient*. Grant Recipient has made certain statements in order to induce the Housing Authority to make said Grant Award and enter into this Agreement, and in the event Grant Recipient has made material misrepresentations or omissions it is a breach of this Agreement, and the act of doing so shall not affect any remedies the Housing Authority may have under this Agreement for such misrepresentation or omission.

Section 1.15 – *Housing Authority not Liable for Acts or Omissions of Grant Recipient or Others*. Housing Authority shall in no way be liable for any acts or omissions of Grant Recipient, any agent or contractor employed by Grant Recipient, or any person furnishing labor and/or materials used in or related to the Project.

Section 1.16 – *Time of the Essence*. Time is of the essence in this Agreement and of each and every provision hereof. The waiver by the Housing Authority of any breach or breaches hereof shall not be deemed, nor shall the same constitute, a waiver of any subsequent breach or breaches.

## ARTICLE II. MISCELLANEOUS PROVISIONS

Section 2.1 – *Governmental Requirements Superior*. All provisions of this Agreement and of all the other documents relating to this Agreement shall be subject and subordinate to any and all federal, state and local statutes, regulations, and ordinances, and shall be subject to modification to comply therewith.

Section 2.2 – *Notice*. Any Notice under this Agreement shall be deemed given upon actual personal delivery to the notified Party or upon the expiration of two (2) days from the insertion of the notice, properly addressed and certified mail, return receipt requested, postage prepaid, in a U. S. Mail depository within California, or upon the expiration of seven (7) days from the insertion of the notice in a U. S. Mail depository outside of California. Notices shall be sent to the addresses for the Parties as set forth below or as changed by either Party from time to time by written notice to the other Party.

Housing Authority: El Cajon Housing Authority  
200 Civic Center Way  
El Cajon, CA 92020  
Attn: Jamie van Ravesteyn

Grant Recipient: Home Start, Inc.  
5005 Texas Street #203  
San Diego, CA 92108  
Attn: Laura Tancredi-Baese, CEO

Section 2.3 – *Severability*. If any provision of this Agreement is deemed to be invalid or unenforceable by a court of competent jurisdiction, that provision shall be severed from the rest of the Agreement, and the remaining provisions shall continue in full force and effect.

Section 2.4 – *Non-Waiver of Housing Authority's Rights*. No right, remedy, or power of the Housing Authority under this Agreement shall be deemed to have been waived by any act or conduct on the part of the Housing Authority or by any failure to exercise or delay in exercising such right, remedy or power. Every such right, remedy or power of the Housing Authority shall continue in full force and effect until specifically waived or released by an instrument in writing executed by the Housing Authority. No delay or omission of the Housing Authority to exercise any right or power arising upon the occurrence of any default under this Agreement shall impair any such right or power or shall be construed to be a waiver of any such default or an acquiescence therein; and every power and remedy given by this Agreement to the Housing Authority may be exercised from time to time and as often as may be deemed expedient.

Section 2.5 – *Exhibits Incorporated*. All exhibits to which reference is made in this Agreement are deemed incorporated into this Agreement whether or not the exhibits are actually attached to this Agreement.

Section 2.6 – *Construction of Agreement*. The provisions contained in this Agreement shall not be construed in favor of or against either Party, but shall be construed as if both Parties contributed equally to its preparation. This Agreement shall be construed in accordance with the laws of the State of California.

Section 2.7 – *Assignment*. Grant Recipient shall not assign its rights nor delegate its duties under this Agreement without the prior written consent of the Housing Authority. Any attempt at assignment or delegation in violation of this Section 2.7 shall be void. The Housing Authority shall have the full right and authority to assign all or part of its rights and delegate all or part of its duties under this Agreement.

Section 2.8 – *Integration*. This Agreement represents the entire agreement between the Parties on the subject matter of this Agreement, and supersedes any other agreements, promises or representations, oral or written, pertaining to such subject matter.

Section 2.9 – *Counterparts*. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. It shall not be necessary in making proof of this Agreement to produce or account for more than one counterpart.

IN WITNESS WHEREOF, the Parties have executed this Agreement on the date first set forth above.

City Council  
Agenda Report

**DATE:** July 14, 2020  
**TO:** Honorable Mayor and City Councilmembers  
**FROM:** Vince DiMaggio, Assistant City Manager  
**SUBJECT:** Legislative Report

---

**RECOMMENDATION:**

This is an informational item only. No action is required at this time.

**BACKGROUND:**

In January, the legislature returned from the holiday break and within a matter of weeks, over 2,500 bills had been filed. By March, the COVID-19 pandemic had forced the legislature to take an extended break. The legislature reconvened in May and most of their focus has been on the state budget and COVID-19 impacts to the state. The total number of bills has now been paired down to around 500.

The legislature continues its focus, for the second year running, on imposing certain mandates on cities, particularly in the area of land use regulations. The League of California Cities continues to monitor the bills that may have an impact on cities. Several of the more important and impactful bills are summarized below.

**SB 793** – Repeat of last session’s bill, seeking to prohibit the sale of all flavored tobacco, including menthol cigarette. Exempts hookah shisha.

**AB 3256** – Seeks to place a \$6.9B bond on the November ballot for “economic recovery, wildfire prevention, safe drinking water, drought preparation, and flood protection program.”

**AB 664** - This bill would define “injury,” for certain state and local firefighting personnel, peace officers, certain hospital employees, and certain fire and rescue services coordinators who work for the Office of Emergency Services to include being exposed to or contracting, on or after January 1, 2020, a communicable disease, including coronavirus disease 2019 (COVID-19), that is the subject of a state or local declaration of a state of emergency that is issued on or after January 1, 2020. The bill would create a conclusive presumption, as specified, that the injury arose out of and in the course of the employment.

**SB 1173** - Requires the Public Employment Relations Board (PERB) to levy a penalty of up to \$50,000 against public employers to enforce a union’s right to specified employee contact information.

**AB 1279** – Requires a city to allow, by-right, up to 4-units per parcel in low density, single-family residential zones, provided all units are affordable to those earning 100% of the area’s median income. Requires a city to allow residential development in commercial zones of up to 40 units per quarter acre.

**AB 1484** – Substantially amended from last year’s version. Significantly curtails a local agency’s ability to impose development impact fees/dedication as a result of a housing development’s impact on infrastructure and public facilities.

**AB 3107** – Requires a city to allow residential development in commercial zones if 20% of the housing units are designated as “affordable” with deed restrictions.

**AB 3040** – Allows for cities to claim a RHNA credit of 0.1 unit for every site identified that is suitable for development of housing.

**SB 1120** – Requires cities to ministerially approve duplexes and parcel maps, up to 2 lots.

**AB 3300** – Establishes a \$2B fund to address homelessness delineated as follows: \$1.1B grants, \$800M to cities' homeless programs, \$100M to non-profits.

**SB 795** – This bill is the restructured version of last year’s SB 5, which was vetoed by the Governor. It provides for the following: Requires the Controller to allocate and deposit \$1.808 billion each year to the following programs over five years:

1. \$500 million each year for five years to the Multifamily Housing Program at the California Department of Housing and Community Development (HCD). Projects funded under this program shall be deemed to be public works.
2. \$300 million each year for five years to the Infill Infrastructure Grant Program at HCD. Projects funded under this program shall be deemed to be public works.
3. \$200 million each year for five years to the Local Housing Trust Fund Matching Grant Program at HCD. Projects funded under this program shall be deemed to be public works.
4. \$75 million each year for five years to the CalHome Program at HCD.
5. \$75 million each year for five years to the Joe Serna Jr. Farmworker Housing Grant Program.
6. \$650 million each year for five years to the Homeless Housing, Assistance, and Prevention Program (HHAPP) at the Business Consumer Services and Housing Agency.
7. \$8 million each year for five years to the California Workforce Development Board for distribution to local agencies to participate in, invest in, or partner with new or existing pre-apprenticeship training programs.

**AB 2122** – Imposes a penalty of \$30,000 for an unlicensed commercial cannabis operation.

**AB 66** – Bans the use of tear gas, and establishes mandatory standards for the use of “less lethal” force/weapons.

**AB 1196** – Outlaws the use of the carotid restraint.

**AB 1314** – Requires cities to post on their website certain information pertaining to judgments and settlements against the city for use of force incidents.

**AB 1506** – Establishes a new section in the Department of Justice to investigate officer-involved shootings and review “use of force” policies for cities and counties.

**SB 731** – This bill, under certain circumstances, eliminates immunity privileges from public employees convicted of civil rights violations, or convicted of crimes related to threats, coercion, or intimidation. The bill also prohibits individuals who have been convicted of certain specific crimes from becoming police officers.
