	<i>Description: Proposed installation of Tesla battery energy storage system in BoA parking lot. BESS is intended to store power for EV charging stations. EV charging stations approved per EL-2020-0347.</i>						
	<i>Additional equipment to be placed within equipment area previously built for EV equipment. Locations for BESS were staged and prepared during EV build and have conduit stubbed so there will be no digging of any kind. Equipment is of the same size and appearance as existing equipment. Existing screening will also provide screening to the BESS.</i>						
	<i>Includes installation of (2) lithium-ion powerpacks, (1) inverter (1) BESS equipment (1) H-frame.</i>

	<i>Description: n this scope of work Elite Rooter will perform multiple spot repairs to the main natural gas service lines in the crawl space of this home. Due to leaks in more than 1 area, a large portion of the homes entire gas line system will need to be disassembled for these repairs to be made. Elite will re-use all existing and original piping but will replace fittings in all leaking areas. This scope of work is estimated to take 1.0-1.5 working days to complete. This scope will include passing test with city inspector so the red tag can be lifted and gas service can be restored on this property by SDGE</i>

<i>Description: This project specifically consists of the development of the Water Reclamation Facility (WRF), AWP Facility, Visitor Center, Solids Handling Facility (SHF), and System Integration of the East County AWP Project all located within the boundary of the existing Ray Stoyer WRF. The project comprises the redevelopment of approximately 29 acres of the existing Ray Stoyer WRF property. The proposed new WRF will be configured along the north/south axis of the site to align the hydraulic profile of the process units with the natural grade of the site. This layout will minimize the excavation depths and earthwork cut/fill required at the site. The proposed AWP Facility will be located at the southern end of the WRF, and the proposed SHF will be located at the northern end.</i>
