City Council
Agenda Report

DATE: July 12, 2022
TO: Honorable Mayor and City Councilmembers
FROM: Mike Moulton, Chief of Police
SUBJECT: FY23 California Highway Patrol - Cannabis Tax Fund Grant Program (CTFGP) Award

RECOMMENDATION:

That the City Council takes the following actions:

1. Authorize the City Manager, or designee, to accept the FY23 California Highway Patrol - Cannabis Tax Fund Grant Program (CTFGP) Award in the amount of \$104,923.76 and to execute any grant documents and agreements necessary for the receipt and use of these funds.
2. Appropriate \$104,923.76 of the FY23 California Highway Patrol - Cannabis Tax Fund Grant Program (CTFGP) Award to purchase one fully equipped marked black and white police SUV for \$75,000 to be used for traffic enforcement details including DUI/DL Checkpoints and DUI Saturation patrols and to fund \$29,923.76 in overtime costs associated with operating four DUI saturation patrol enforcement details and two DUI/DL checkpoints.

BACKGROUND:

With the passage of Proposition 64 (The Control, Regulate and Tax Adult Use Marijuana Act (AUMU)) in 2016, California voters mandated the state to set aside funding for the CHP to provide grants to local governments and qualified non-profit organizations for the education, prevention, and enforcement of impaired driving laws pursuant to Section 34019 (f)(3)(B) of the Revenue and Taxation Code (RTC). These law enforcement grants provide financial assistance to allied agencies for the education, prevention, and enforcement of laws related to driving under the influence of alcohol and other drugs, including cannabis. The intent of the program is to educate the public on the dangers of impaired driving, enforce impaired driving laws on the roadway, and improve an agency's effectiveness through the training and development of new strategies.

Fiscal Year 2022-23 marks the first year that the City has been awarded funding through the CHP-CTFGP grant program. Increased traffic enforcement by police officers directly correlates with a decrease in traffic collisions. Several studies support the effectiveness of DUI checkpoints in reducing collisions and educating the public about the dangers of impaired driving. In an effort to reduce the number of impaired driving collisions in our jurisdiction, the City requested \$29,923.76 in CTFGP grant funds to conduct four DUI saturation patrol enforcement details and two DUI/DL

checkpoints. In addition, the City was awarded \$75,000 to purchase a fully equipped police vehicle to be used for traffic enforcement details. Having a dedicated vehicle available during these details will increase visible enforcement, help reduce collisions caused by impaired driving, and improve public safety.

FISCAL IMPACT:

The City has been awarded \$104,923.76 in funding from the FY23 California Highway Patrol - Cannabis Tax Fund Grant Program (CFTGP). This action will increase appropriations in the Police Grants Fund (226380/CHP-CFTGP) by this amount. There is no fiscal impact to the City's General Fund.

- Law Enforcement Training
- Public Education and/or Prevention
- Enforcement Efforts

Project Description Example Only

The _ Police Department has seen an increase of impaired driving incidents due to the opening of two local cannabis dispensaries. The _ PD project will provide education to increase awareness on the dangers of driving under the influence and enforcement activities to help combat the increase of DUI/DUID cases. Funds will be used to conduct saturation patrols and DUI checkpoints, give presentations at local high schools, and purchase equipment, such as an electronic message board. The board will be utilized to highlight enforcement efforts and DUI/DUID awareness campaigns. The _ PD project will allow for more visible enforcement, the reduction of impaired driving collisions, and the ability to strengthen the development of educational strategies, which will greatly improve public safety.

Provide a brief overview (a paragraph) of the proposed project. Include a summary of the problem, explanation of how the grant funding will be used, and the desired outcome(s).

The City of El Cajon consistently ranks high for total number of injury collisions and impaired driving related collisions per O.T.S data.

Funds from this grant will be used to purchase a fully equipped and marked police vehicle to be used during DUI Saturation patrols, DUI/DL Checkpoints, and shifts with a focus on DUI enforcement. Additional funds will be used to conduct 4 DUI Saturation Patrol enforcement details and 2 DUI / DL Checkpoints. A vehicle available to be used during these details will increase visible enforcement, help reduce collisions caused by impaired driving, and improve public safety.

5. Problem Statement

Clearly identify the problem and/or need that will be addressed by the project. If applicable, provide statistical data to support the problem and/or need.

The City of El Cajon has seen numbers in several collision categories increase or remain consistent over the past several years. Based on O.T.S. Crash Ranking Results, the City of El Cajon is banded in the 'B' Group based on population. In 2018, El Cajon was ranked 4/58 and in 2019 El Cajon was ranked 5/59 for total number of victims injured or killed in crashes. In 2019, El Cajon was #2 for pedestrian injury collisions, #3 for motorcycle injury collisions, #4 for alcohol involved injury collisions, and #3 for composite ranking. More recent crash data from O.T.S. has not been made available yet.

The neighboring city on our northern border is Santee, which is similar in size with 16.7 square miles but almost half the population at 57,000. In 2019, Santee was ranked 104/105 in the Composite ranking for C group cities with only 27 total injury collisions compared to 815 in the City of El Cajon.

Alcohol and/or drugs have also proven to be a factor in many of our serious collision. In 2017 there was one (1) fatal collision where the driver was under the influence and subject to prosecution. In 2018 there were two (2) fatal collision where the drivers were under the influence and both have been prosecuted successfully with guilty verdicts. In 2019 and 2020 there has been one (1) fatal collision for each year respectively. In each, impairment was the primary factor and both have been forwarded to the District Attorney for prosecution. In 2021, there were a total of 92 collisions involving alcohol including 1 fatal injury and 46 other injuries.

Additionally, in 2021 a single vehicle collision occurred which had two fatal injuries and two additional severe injuries. All four occupants were high school students or had recently stopped attending high school. The toxicology report has not been completed yet, but marijuana was found in the vehicle and impaired driving is believed to be a factor in the collision.

To address these issues, the City of El Cajon is requesting grant funding to purchase a marked police vehicle to be used for enforcement purposes. The City of El Cajon is also requesting funding to operate 4 DUI Saturation patrol enforcement details and 2 DUI / DL Checkpoints.

Statistical Data/Report(s)

If applicable, please upload any statistical data/reports to support your problem statement.

6. Proposed Solution

Provide a proposed solution for the problem and/or need by describing what will be accomplished during the project. Include why it is important to address and the need for funding in order to alleviate the problem. In addition, provide a brief overview of resources (budgeted items) needed/requested to successfully complete the project. Note: detailed budget line items and narrative will be requested within the Budget form.

Studies support that increased traffic enforcement by police officers correlates with a decrease in traffic collisions. Studies also support the effectiveness of DUI Checkpoints in reducing collisions and in educating the public about the dangers of impaired driving. Grant funds will be used to purchase a police vehicle which will be used in traffic enforcement details including DUI saturation patrols and DUI Checkpoints.

Grant funds will be used to pay overtime for four officers and one sergeant at each of four total DUI Saturation patrols. Grant funds will also be used to pay overtime for staffing of two DUI / DL Checkpoints. Staffing for Checkpoints includes one sergeant, twelve officers, 2 police service officers, and one records specialist. Our agency already has all other necessary items for the Checkpoints including signage, cones, lighting, a dedicated DUI trailer, and additional equipment. We also already have all necessary training for Checkpoints including staff trained at a POST certified DUI Checkpoint Management course.

One budgeted item, a fully equipped and marked police vehicle, is requested.

7. Performance Measures

Provide project goals and objectives (goals and objectives should be directly related to impaired driving and applicable to the proposed project), activities with estimated timelines (e.g., monthly, quarterly), and quantitative measurements (e.g., reduction of DUI/DUID by %).

A quarterly performance report will be completed upon receipt of the purchased operational police vehicle. Ongoing quarterly performance reports will be submitted for future quarters in which the vehicle is used. These reports will show the number of times the vehicle is used during special enforcement events.

One DUI Saturation enforcement detail will take place each quarter. Two total DUI Checkpoints will take place over the grant-year.

Statistics from the DUI Saturation enforcement details including total number of contacts, citations, DUI arrests, SFST's completed, and impounds will be reported. Statistics from the Checkpoints including number of vehicles through the checkpoint, number of vehicles stopped, number of vehicles sent to secondary screening, SFST's completed, DUI arrests, and impounds will be reported.

The objective of the enforcement details and checkpoints is to increase the total number of DUI related arrests during those detail hours and to decrease the total number of DUI related collisions during the entire grant-year period. In 2021, the City of El Cajon had 92 total DUI related collisions. The specific quantitative goal for these enforcement actions is to reduce that total by at least 10%, to 83 or fewer, during the grant-year.

8. Project Performance Evaluation

Provide the method of evaluation to show project effectiveness and positive impact(s) on the community. These strategies shall include quantitative/qualitative data captured and communication plan in place to share project results with both internal and external stakeholders.

Statistics documenting the enforcement actions taken during the enforcement details and checkpoints will be reported. To incorporate community stakeholders, the El Cajon Police Department will engage with existing community organizational contacts, such as contacts with MADD, and ask them to join us to help educate the public during enforcement details. MADD usually is able to provide informational pamphlets that can be given to drivers by MADD volunteers during DUI Checkpoints.

Additionally, a press release will be disseminated prior to each DUI Checkpoint to inform the public about both the operation and the general dangers of impaired driving.

9. Program Sustainability

Describe the plan for reducing reliance on future state funding. Include a summary and timeframe to continue efforts when the funds are either not available or significantly reduced.

The funds for this grant period will be used during the grant fiscal year 2022-2023. When collision data is made available, the effectiveness of the enforcement details can be measured against prior data from prior years to determine the overall impact this program had.

Once there is no longer a need to conduct enforcement details, the request for grant funding for enforcement details will not be made.

10. Administrative Support

Describe administrative support including the organization's grant experience, personnel, and physical resources needed for successful implementation of this project.

The City of El Cajon has used several grants in the past for a variety of projects. Our fiscal team is trained on submitting requests for payment and funds through various grant platforms. Our sworn staff in charge of the grant have attended grant workshops, including the implementation workshop for this grant.

The O.T.S. STEP grant is similar to this grant in that funds are used to conduct enforcement details. The Traffic Sergeant currently manages both this grant and the O.T.S. STEP grant. Our City has used the O.T.S. STEP grant for several consecutive years and has not had any funding revoked. We have a history of successfully meeting grant criteria and benchmarks, submitting quarterly performance reports thoroughly and in a timely manner, and being approved for additional grant funding during subsequent grant fiscal years.

To operate the details themselves, we have a history of completing these details with sufficient staffing. Generally, officers from within the Traffic Unit and the Metropolitan Division are able to work these details and provide adequate staffing. All of our DUI Checkpoints and DUI Saturation enforcement details have had sufficient staffing over the previous grant periods.

11. Other Grant Programs

Impaired Driving Enforcement Funding

Has grant funding been received in the past for impaired driving enforcement?

- Yes
 No

If yes, what was the outcome?

The City of El Cajon has used the O.T.S. STEP grant for several years. Each grant fiscal year, we use grant funding for DUI Checkpoints (1 or 2) and DUI Saturation patrol enforcement details (2-4). These details have led to increased contacts related to impaired driving, increased arrests for impaired driving, and an increase in public awareness about the dangers of impaired driving.

Application to Other Grant Programs

Has or will a proposal be submitted to another grant program for this project (i.e., that would fund the same project components applied for in this project, or for related project components to be completed during the same time period as those described in this project)?

- Yes
 No

If yes, identify granting agency or organization(s), grant program name(s), proposal title, date submitted (or to be submitted), and relationship between proposals. In addition, clearly distinguish which tasks would be funded by CHP, and which would be funded by other organizations.

The O.T.S. STEP grant is currently in Fiscal Year 2021-2022. We conducted one DUI Saturation patrol enforcement detail in quarter one and plan on conducting one additional detail in each of the remaining quarters. We conducted one DUI Checkpoint in quarter one and plan on conducting one additional Checkpoint in quarter 4.

An application was recently submitted for the O.T.S. STEP grant Fiscal Year 2022-2023. We won't know what will be approved for that grant until some time in the summer of 2022. This grant request included four additional DUI Saturation patrol enforcement details and two additional DUI Checkpoints.

We do not have any grant funds approved to purchase a marked police vehicle.

We do not plan on applying for any additional grants related to this grant or similar enforcement.

Proposed Budget Narrative

Personnel

Personnel costs include direct compensation for salaries and fringe benefits for grant funded positions. Please itemize employees' salaries, overtime, and benefits. Narrative shall include: classification, monthly or hourly rate, percent applicable to the project and project related duties.

Personnel costs for DUI Checkpoints

Two total DUI Checkpoints each staffed with: 1 Sergeant for 8 hours at \$99.75 per hour, 12 Officers for 8 hours at \$82.88 per hour, 2 Police Service Officers for 8 hours at \$46.74 per hour, 1 Records Specialist for 8 hours at \$35.54 per hour All staff are on overtime and the listed pay rates reflect the overtime rate. The Records Specialist is required for data entry during the checkpoint including but not limited to creating cases, entry of impounded vehicles into SVS, and records checks such as vehicle registration and driver's license status. These tasks are necessary for the organization and functionality of the DUI Checkpoint, which directly relates to impaired driving enforcement.

Personnel costs for DUI Saturation patrol enforcement details

Four total details each staffed with: 1 Sergeant for 6 hours at \$99.75 per hour, 4 Officers for 6 hours at \$82.88 per hour All staff are on overtime and the listed pay rates reflect the overtime rate.

Equipment

Equipment are non-expendable, tangible, personal property having a normal useful life of more than one year and an acquisition cost of at least \$5,000. For each line item, narrative shall include: description, how it will be used for the project, how it will enhance/support the project, quantity, unit cost and total cost for each equipment purchase. Note: equipment costs include all accessories. Please only include the portion of the cost that will be used for project activities.

Marked Police SUV

One fully equipped marked black and white police SUV for use in DUI / DL Checkpoints and DUI Saturation patrols. All marked vehicles in our current fleet are already assigned for use, such as our fleet of vehicles used for patrol operations. One additional police vehicle for use during DUI enforcement details relieves the burden of having to find a vehicle and enables us to conduct the event. Some officers who work the enforcement details have vehicles assigned to them but other officers do not and we would have difficulty staffing the details and equipping staff with vehicles without an additional vehicle dedicated to DUI enforcement. Additionally, this vehicle will be marked with a decal similar to "DUI ENFORCEMENT VEHICLE" to indicate it is primarily used for these details. The specific message will be pre-approved by the Grant Program Manager. The estimated cost of the vehicle was obtained from a Ford dealer quote from Oct 2021 with an individual vehicle price of \$45,430 which includes multiple non-stock add-ons such as black and white paint scheme, stop lamps, and ballistic door panels. The additional cost is based on a quote from a fleet mechanic specialist company, AEP, from July 2021 which includes upgrading the vehicle to a police vehicle by adding items such as the emergency lighting and siren, center equipment console, computer mount, and prisoner transport area. The quote per vehicle was \$21,177. The sum total for vehicle and police package was \$66607. Our fleet manager estimates that costs have increased dramatically though due to a variety of reasons, which is why the requested amount is increased to up to \$85,000.

RESOLUTION NO. ____-22

A RESOLUTION OF THE CITY COUNCIL OF
THE CITY OF EL CAJON APPROVING THE
FY23 CALIFORNIA HIGHWAY PATROL
CANNABIS TAX FUND GRANT PROGRAM AWARD

WHEREAS, with the passage of Proposition 64 in 2016, the Control, Regulate and Tax Adult Use of Marijuana Act, California voters mandated the state to set aside funding for the California Highway Patrol ("CHP") to provide grants to local governments and qualified non-profit organizations for the education, prevention, and enforcement of impaired driving laws pursuant to section 34019(f)(3)(B) of the California Revenue and Taxation Code; and

WHEREAS, these law enforcement grants provide financial assistance to allied agencies for the education, prevention, and enforcement of laws related to driving under the influence of alcohol and other drugs, including cannabis, with the intent to educate the public regarding the dangers of impaired driving, enforce impaired driving laws on the roadway, and improve an agency's effectiveness through the training and development of new strategies; and

WHEREAS, fiscal year 2023 marks the first year that the El Cajon Police Department ("ECPD") has been awarded funding through the CHP Cannabis Tax Fund Grant Program ("CTFGP"); and

WHEREAS, increased traffic enforcement by police officers directly correlates with a decrease in traffic collisions, and several studies support the effectiveness of driving under the influence ("DUI") checkpoints in reducing collisions and in educating the public about the dangers of impaired driving; and

WHEREAS, in an effort to reduce the number of collisions involving impaired driving in our jurisdiction, ECPD has requested \$29,923.76 in CTFGP grant funds to conduct four (4) DUI saturation patrol enforcement details and two (2) DUI / driver license ("DL") checkpoints; and

WHEREAS, in addition, ECPD was awarded \$75,000 to purchase a fully-equipped police dedicated vehicle to be used for traffic enforcement details, which will increase visible enforcement, help reduce collisions caused by impaired driving, and improve public safety.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF EL CAJON AS FOLLOWS:

1. The City Council hereby approves acceptance of the FY23 CHP-CTFGP Award in the amount of \$104,923.76, and authorizes the City Manager, or designee, to execute any grant documents and agreements necessary for the receipt and use of these funds.

2. The City Council hereby further approves appropriation of \$104,923.76 of the FY23 CHP-CTFGP Award to include \$75,000 for the purchase one fully-equipped marked black and white police SUV to be used for traffic enforcement details including DUI / DL checkpoints and DUI saturation patrols, and \$29,923.76 to fund overtime costs associated with operating four (4) DUI saturation patrol enforcement details and two (2) DUI / DL checkpoints.

Reso – Approve FY23 CHP Cannabis Tax Fund Grant Program 062222

City Council
Agenda Report

DATE: July 12, 2022
TO: Honorable Mayor and City Councilmembers
FROM: Mara Romano, Purchasing Agent
SUBJECT: Award of Bid No. 002-23 – ADA Concrete Improvements 2022

RECOMMENDATION:

That the City Council adopts the next Resolutions, in order, to:

1. Approve Plans and Specifications for ADA Concrete Improvements 2022, Bid No. 002-23;
2. Find the second and third low bidders non-responsive for the reasons set forth in the agenda report; and
3. Award the bid to the lowest responsive, responsible bidder, Portillo Concrete, Inc., in the amount of \$878,600.

BACKGROUND:

The ADA Concrete Improvements 2022 project scope of work includes pedestrian curb ramps, sidewalks, curbs, gutters, cross gutters, and other concrete improvements.

This bid was advertised on May 5, 2022. The City received five bids on June 6, 2022, and evaluated the four lowest submissions.

This project is federally-funded by the Community Development Block Grant (CDBG), and in order to receive CDBG funding, the Bidder's Outreach Plan/Good-Faith Effort must be submitted. Failure to complete this document as delineated in the bid specifications indicates non-compliance with federal regulations, which may result in the City repaying any federal funds spent on this project. The second and third low bidders (Jerusalem Construction Inc. dba Miramar General Engineering and Crest Equipment) provided the documentation; however, the second low bidder submitted a fillable form with no verbiage and the third low bidder did not address targeting certified Section 3 subcontractor businesses.

In addition, the bid specifications required all bidders to submit an electronic and original bid bond in an amount not less than 10% of the bid amount due at bid submittal. Bidders were provided until June 8, 2022 to submit the original documentation. The original bid bond was not submitted by the second lowest bidder.

Furthermore, the second low bidder had an inactive registration status on the System for Award Management (SAM). In accordance with Federal Acquisition Regulations Section 4.1102, offerors and quoters are required to be registered in SAM at the time an offer or quotation is submitted in order to comply with the annual representations and certifications requirements.

Staff recommends that the City Council deems the bids of the second and third low bidders, as cited above, non-responsive and awards the bid to the lowest responsive, responsible bidder, Portillo Concrete, Inc., in the amount of \$878,600. The summary of bids is attached and complete proposals are on file in the Purchasing Division.

FISCAL IMPACT:

The fiscal impact is \$878,600. Sufficient funds are available in Fiscal Year 2022-23 Annual Budget: ADA Concrete Improvements (213021PWCP).

TO: Honorable Mayor and City Councilmembers
FROM: Mara Romano, Purchasing Agent
SUBJECT: Agreement for Fire Station 7 Architectural and Construction Administration Services

RECOMMENDATION:

That the City Council adopts the next Resolution, in order, to enter into an Agreement for Professional Services with Tucker Sadler Architects, Inc. (TSAI), to perform architectural and construction administration services for the Fire Station No. 7 Renovation Project in the not-to-exceed amount of \$420,760.06 for a two-year term.

BACKGROUND:

On October 22, 2019, the City Council approved SOQ No. 004-20 – On-call Professional Services. The Statement of Qualifications (SOQ) resulted in a pre-qualified list of firms for on-call professional services covering multiple disciplines such as architectural, building/fire plan check, civil engineering, construction management, electrical/mechanical engineering, geotechnical, land surveying, and storm water management. The list included approximately three consultants for each discipline to provide services on an “as-needed” basis when projects or services cannot be completed by City staff. Contracts greater than \$75,000 require City Council approval.

Selection of pre-qualified firms is on a rotating basis for individual tasks within each discipline; however, at this dollar amount, staff considered it in the best interest of the City to permit all prequalified architectural firms the opportunity to submit proposals. TSAI provided a proposal and the remaining two consultants either declined or proposed conducting a portion of the scope of work. Staff determined that TSAI was the most qualified firm to deliver architectural services for the Fire Station No. 7 Renovation project.

FISCAL IMPACT:

The fiscal impact of this service is \$420,760.06 for the two-year term. Sufficient funds are available in Fiscal Year 2022-23 Annual Budget: Fire Station No. 7 Renovation (210051PWCP).

 - Direct the City Clerk to file the reports with the San Diego County Auditor; and
 - Direct the City Finance Department to file a certification of the sewer service charges with the San Diego County Auditor.

BACKGROUND:

The City provides sewer services to over 17,000 properties. On May 12, 2020, the City moved to place the annual sewer charges on the tax roll.

A public hearing is required to consider adopting a specific annual sewer charge for each property. The City of El Cajon Sewer Tax Roll Fiscal Year 2022-2023 Report (Report) identifies each parcel of real property receiving sewer services and the amount of sewer charges for each parcel for FY 2021-2022, as required by the California Health and Safety Code section 5473, et seq., pertaining to collecting sewer charges on the tax roll. The Report is on file with the Office of the City Clerk.

In preparing the sewer billing for the tax roll, the methodology used to develop the bills has remained unchanged. The County of San Diego will continue to split annualized costs between the two tax bill installments received by property owners.

For most single-family residential customers, the City's sewer service fees are billed based on a fixed winter average (FWA) and a base monthly charge. Annually, the FWA is adjusted based on the previous winter's water usage. For commercial and industrial customers, the annual charges vary based on water consumption and the strength of the sewage they generate (categorized as low, medium, or high).

The water usage billed as part of the FY 2022-2023 sewer bill relies on water usage data obtained from the City's two water purveyors (Helix Water District and Padre Dam Municipal Water District) for the period of May 2021 through April 2022. This data is used to develop the total annualized usage for most classifications and the FWA rates for residential customers who do not have separate irrigation meters.

Accounts that do not receive a property tax bill, such as properties owned by public entities (government agencies and school districts), will continue to receive manual bills under a separate process. Several multi-family properties and homeowners associations (HOAs) with master water meters for their properties will also receive manual bills.

Historically, some multi-family properties have managed sewer charges for their owners based on water usage from private meters. These accounts were manually billed over the last annual period. Since this time, additional outreach has been performed to better understand how these property owners have managed charges and formulated equitable allocations. With this new data, staff has effectively transitioned additional properties to tax roll billing for this subject period, thus reducing the number of manual bills required. Outreach will continue to help transition the remaining multi-family properties to tax roll collection.

All affected property owners have received notices with the projected billing amount that is to be placed on the upcoming tax roll. Entities receiving manual bills will continue to receive them in the month of September, which closely aligns with the timeline for property tax billings. This provides these entities with the same notice as other property owners.

Approximately 16,400 mailers were sent to property owners. There will be approximately 150 invoices sent to entities in September as manual bills. Property owners may also use the City's online lookup tool to review their previous annual sewer charges and the current charges, once approved by the City Council. This tool may be accessed via the City's dedicated sewer page at www.elcajon.gov/sewer.

Appendix A lists the annual sewer charge assessments for all affected properties at the rates that had been adopted in November 2018 to be enacted in FY23. For this year, the City Council is also receiving an option to approve a partial suspension of the adopted FY23 rate, bringing the rate increase down from about 11% to approximately 10%. This option is being proposed as Appendix B due to reductions in the anticipated wastewater capital improvement spending over the last few years and a healthy build-up of the necessary wastewater reserve fund.

FISCAL IMPACT:

Two options for total amount on Tax Roll for 17,228 parcels to be submitted to the County Auditor for collection on the FY 2022-2023 property tax bill.

City of El Cajon Sewer Tax Roll Fiscal Year 2022-2023 Report

Upon City Council direction on May 12, 2020, in Resolution 971-20, the City's sewer billings are no longer sent to customers on a bi-monthly basis. The annual sewer charges are now placed on the County's property tax roll. The following table summarizes the five-year rate plan originally adopted by the City Council on October 8, 2019 in Ordinance No. 689-19 and revised by Resolution 971-20. Also included in the table is a proposed partial suspension of the FY 23 rate increase, which will be implemented if approved by Council during the July 12, 2022 Public Hearing:

**Rates for 2020-2021 were partially suspended so that the effectiveness of the approved rate increase did not exceed 9% of the actual rate for Fiscal Year 19/20.

***Rates for 2022-2023 proposed to have partial suspension equal to approximately 1% of the FY 22 rates.

Rates may increase in the future year by any amount of pass-through charges, per Section 53756 of the California Government Code.

The methodology used to develop the sewer charges has not changed from the time of the sewer rate development. The County will split the annualized bill total across two equal tax bill payments. The City's sewer service fees for most single-family residential customers are billed based upon a fixed winter average (FWA) and a base monthly charge. Annually, the FWA is adjusted based upon the previous winter's water usage. For commercial and industrial customers, the bi-monthly charges are variable and based on water consumption and the strength of sewage they generate (rated as low, medium or high). The water consumption used as part of the FY22-23 sewer charge is water use data from May 2021 to April 2022. Water usage was obtained from both Helix Water District and Padre Dam Municipal Water District. This data was used to develop total annualized usage for most classifications and a FWA usage for residential customers that do not have separate irrigation meters.

The charges are calculated as follows:

- Fixed Winter Average (FWA) = the average of the water usage from approximately November through March (varies based on actual water district read dates).
- For Fixed Winter Average accounts:
Annual Sewer Charge = ((FWA x Consumption Charge) x 6 (six)) + (Monthly Base Charge x 12 (twelve))

City of El Cajon Sewer Tax Roll Fiscal Year 2022-2023 Report

- Although most single-family residences are billed on an FWA, there are accounts that are billed on a consumption basis. For all consumption-based accounts, including commercial and multi-family accounts:
Annual Sewer Charge = (Total Consumption x Consumption Charge) + (Monthly Base Charge x 12 (twelve))
- Total Consumption = all water usage from April 2021 through March 2022.

Home Owners Associations Equal Split

There are many properties that are Home Owners Associations (HOAs), or have condo overlays, with master meters for the entire properties. Because sewer billing is based on actual water usage, and not a flat rate per customer, the size of individual units may affect respective wastewater costs paid by the residents to the HOA.

Over the past two years, the City has been conducting outreach to HOAs asking for documentation outlining how their sewer costs are split amongst property owners. Forty-six (46) representatives have responded that bills are evenly split and that there were no concerns about the charges being collected with the tax roll. Many condominium owners for these properties were included in the transition to the tax roll last year, and this process has continued for additional HOAs this year.

Notices

Individual notices were sent to all property owners with their projected bills, based on the currently approved rate increases that will be on the tax roll. HOA representatives having their bills collected with the tax roll were sent notice of the charges in addition to the notices sent directly to the individual condominium owners. Samples of the letters sent to property owners are included in Appendix C. A total of 16,444 mailers were sent to property owners and 46 mailers to HOA management contacts. Entities that cannot be billed through tax roll will be sent a separate invoice in September, mirroring the time-frame property tax bills are mailed. This allows the remaining HOAs and governmental entities the same planning information that the other property owners are being given. There will be roughly 150 mailers sent to entities that will receive handbills. The City has also uploaded the corresponding billing charges to a GIS page developed by a third party consultant.

Wastewater Treatment Costs/Pass Through Costs

The costs of wastewater collection, transportation, and treatment have increased dramatically in recent years and the forecast is for costs to continue to increase in the coming years. The City of El Cajon is a member of the Metro Wastewater Joint Powers Association (Metro JPA), a twelve-member agency, which uses the City of San Diego facilities to treat their wastewater; primarily the Point Loma Treatment Plant located in Point Loma, San Diego.

The Metro JPA shares the cost of the operation and maintenance of this plant and related infrastructure with the City of San Diego. The Point Loma Wastewater Treatment Plant is currently undergoing upgrades and the City of San Diego is implementing the Pure Water Program, which also requires some cost sharing for the infrastructure associated with the treatment of the wastewater generated from the JPA. The City continues to closely monitor the actual impact on treatment costs as the Pure Water Program costs become more certain.

The City is also a member of the East County Advanced Water Purification JPA (AWP JPA), formed to develop and construct an advanced purified water program in conjunction with Padre Dam Municipal Water District, the

City of El Cajon Sewer Tax Roll Fiscal Year 2022-2023 Report

County of San Diego, and Helix Water District to treat a large portion of the City's wastewater in the future. The AWP JPA is developing a new advanced treatment plant, which will help the City more closely control their treatment costs in the coming years. The City has the authority by State statute to pass through any increases from other agencies (such as treatment by the City of San Diego) with any annual billing. For the FY22-23 tax roll billing, there is no proposed pass through increase required.

City Council
Agenda Report

DATE: July 12, 2022
TO: Honorable Mayor and City Councilmembers
FROM: Yazmin Arellano, Director of Public of Works
SUBJECT: Approval and Authorization of the Execution of a Caltrans Restricted Grant Agreement for the Oakdale Alameda Gateway Beautification Project (Clean California Grant)

RECOMMENDATION:

That the City Council adopts the next Resolution, in order, approving and authorizing the execution of a Caltrans Clean California Grant Agreement Number CCL-5211-044 for the Oakdale Alameda Gateway Beautification project.

BACKGROUND:

The Caltrans-administered Clean California Grant program, includes funding for a variety of actions to address waste reduction in the public right of way. The Clean California Local Grant Program has the following goals:

1. Reduce the amount of waste and debris within public rights-of-way, pathways, parks, transit centers, and other public spaces.
2. Enhance, rehabilitate, restore, or install measures to beautify and improve public spaces and mitigate the urban heat island effect.
3. Enhance public health, cultural connections, and community place-making by improving public spaces for walking and recreation.
4. Advance equity for an underserved community.

In March 2022, the City was awarded a Clean California Grant in the amount of \$5 million to beautify the entrance at the Second Street-Interstate 8 interchange including Oakdale Avenue and the Walter Way alley from Oakdale Avenue to East Madison Avenue. The project includes public art elements including decorative paving coatings, traffic signal cabinet decoration, and interpretive signage that will create a gateway entrance into the City. The project will have a positive impact through the reduction of impervious areas, the creation of native landscape and tree canopy, installation of efficient irrigation systems, a green alley conversion, installation of waste and recycling receptacles, installation of State-certified storm drain waste filters, construction of thematic sidewalks and crosswalks, and installation of decorative pedestrian scale street lighting. Together, these improvements will reduce carbon and greenhouse gases, reduce the urban heat island effect, improve the public space for accessibility, foster safe pedestrian connections to critical goods and services, reduce waste and debris, and improve storm water quality.

Upon the execution of this grant agreement, staff will solicit a request for proposals from the City's on-call consultant engineers list for the project design and construction management.

CALIFORNIA ENVIRONMENTAL QUALITY ACT:

This item is statutorily exempt from CEQA.

FISCAL IMPACT:

Grant funds in the amount of \$5 million will be received from Caltrans. ARPA Street Beautification funds in the amount of \$1.793 million will be used as a 12.5% mandatory cash match for this project. The project will be included in the Fiscal Year 2022-23 Capital Improvement Program.

Costs that are reimbursed and later determined to be ineligible for reimbursement shall be returned by **AGENCY** to **CALTRANS**.

14. Budget Contingency Clause

- a. It is mutually agreed that if the US Congress or the State Legislature fail to appropriate or allocate funds during the current year and/or any subsequent years covered under this RGA do not appropriate sufficient funds for the program, this RGA shall be of no further force and effect. City Council
Agenda Report

DATE: July 12, 2022
TO: Honorable Mayor and City Councilmembers
FROM: Steve Swaney, Fire Chief
SUBJECT: One-Year Nurse Navigator Pilot Program

RECOMMENDATION:

That the City Council adopts the next Resolution, in order, authorizing the City Manager or designee to appropriate the previously allocated \$300,000 of General Fund Carryover Reserves and to execute any necessary agreements for the Nurse Navigator Pilot Program.

BACKGROUND:

On March 22, 2022, City Council approved the allocation of \$300,000 from the General Fund Reserves for a one-year Nurse Navigator Pilot Program. On June 24, 2022, the San Diego County Office of Emergency Medical Services approved the City's request to implement the program.

This program will work in conjunction with the current 9-1-1 dispatch services provided by Heartland Communications Facility Authority (HCFA). HCFA utilizes the nationally recognized Medical Priority Dispatch System, adhering to the County's approved Emergency Medical Dispatch Plan to triage incoming 9-1-1 calls. Calls that fall into specific physician-approved triage categories will be referred to the nurse navigator service. When clinically appropriate, the nurse navigation program will match low-acuity 9-1-1 callers to the right level of care based on the callers' reported medical needs. The program utilizes nurses/physician-approved protocols to guide callers to the right level of care. Following these national standards and physician-approved protocols, this program will limit the City's exposure to additional risk by providing this service. An estimated 3,500 calls each year will qualify for this program and be referred to the nurse navigator service.

Implementation of the program will take approximately 90 days once the agreement is fully executed. The vendor's, Access2Care, implementation team will ensure that: HCFA personnel receive appropriate training, agreements with clinics and urgent cares are secured, and that an education campaign for the public is implemented.

The ultimate benefit of this program will be the City's ability to navigate non-emergency cases away from unnecessary ambulance runs and emergency department visits, and move those cases toward more appropriate healthcare settings. The long-term goal is to improve the patient's long-term health care literacy, reduce their reliance on 9-1-1 for non-emergency needs, and improve their health outcomes by facilitating their access to primary care.

FISCAL IMPACT:

This action will decrease the General Fund Carryover Reserve, and increase appropriations in the Fiscal Year 2022-23 General Fund Fire Administration Annual Budget (101400) by \$300,000.
