*Description: Good Afternoon,*

*Thank you for submitting Appl-2024-8735 for an accessory dwelling unit at 751 W Chase Avenue. Unfortunately, the plans cannot be accepted for review as drawn.*

1. *The plans must be revised to comply with the design standards in El Cajon Municipal Code section 17.140.170. Please review these standards carefully. Apparent discrepancies include:
 
  - a. *Architectural relief and/or projection is required consistent with 17.140.170(E)(6). A minimum four foot wide, 18 inch deep relief or projection is required at 30 feet along the elevation facing Chase Avenue.*
  - b. *The plans do not include design features consistent with 17.140.170(E)(3).*
  - c. *The plans do not indicate that the proposed ADU will be consistent with the existing residences through the use of the same colors, textures, and materials as required by 17.140.170(D).**
2. *All rights of way and property lines must be consistent with the legal lot description. The lot width shown appears to be inconsistent with the legal description lot width of 93 feet. Please confirm and update drawing as necessary for accuracy.*
3. *Permit records indicate that both 753 and 757 Chase Avenue have permitted areas of 1,108 square feet. See permits 38189 and 38190 for reference. Pursuant to section 17.140.180(C)(2), the maximum size of an attached or detached accessory dwelling unit shall be not more than one thousand two hundred (1,200) square feet, but under no circumstances shall the attached or detached accessory dwelling unit be larger than the primary dwelling unit. The Residential Building Record from the County Assessor will be required to confirm the original dimensions of the largest structure to confirm the maximum permissible ADU size.*

*Please also be advised of the following:*

4. *Typically, all portions of a structure must be within 150 feet of a fire access. A turnaround, other improvements, or structure relocation may be necessary to comply with the California Fire Code. Please contact Frankie Rodriquez at [FRodriquez@HeartlandFire.org](mailto:FRodriquez@HeartlandFire.org) or Kevin Johnson at [KJohnson@heartlandfire.org](mailto:KJohnson@heartlandfire.org) for additional information regarding fire requirements.*
5. *A lot coverage calculation should be included demonstrating compliance with the 40% RM-6000 limitation.*

*For these reasons, the current application will be closed. When a revised submittal is available, you may reapply through [www.elcajon.gov/paco](http://www.elcajon.gov/paco).*

*"PROPOSED ADU MANUFACTURED 1,120 SQ FT 3 BEDROOM 2 BATHROOM . HOME TO BE PLACED ON A STATE-APPROVED PERMANENT FOUNDATION."*
