	<i>Description: The scope of work will consist of pot-holing existing utilities on W Douglass Avenue and at the Alley as shown in the scope of work attachment. After excavations are complete and elevations are recorded, the holes will be filled with sand, backfilled, and compacted. The temporary and permanent patches will be poured back on the concrete and asphalt, respectively in the localized area. Once construction of the building starts in July 2024, which will last for 16 months, the permanent concrete patchbacks will be completed. Balfour Beatty will provide all necessary notifications and traffic control while work is being completed.</i>
