City Council Agenda Report

DATE: July 9, 2024

TO: Honorable Mayor and City Councilmembers

FROM: Yazmin Arellano, Director of Public of Works

SUBJECT: Continuation of Emergency for Storm Damage Repairs to Public Facilities

RECOMMENDATION:

That the City Council adopts the next Resolution, in order, proclaiming the Continuation of Emergency for Storm Damage Repairs to Public Facilities.

BACKGROUND:

This report provides an update on the Emergency Storm Damage Repairs to public facilities incurred by our City due to recent storms. On February 15, 2024, the City Manager declared an emergency for immediate repairs to protect surrounding property, maintain the integrity of critical stormwater infrastructure, and preserve life and safety. On February 27, 2024, the City Council ratified the City Manager's Declaration and established a Declaration of Emergency with Resolution No. 021-24. The following is an overview of actions taken and next steps:

Stormwater Channels - COMPLETED

On March 27, 2024, Jimenez Inc. dba MJC Construction (MJC Construction) completed the concrete channel bottom and wall repairs on the County Channel and Forester Creek. The repairs included water diversion and the removal and replacement of steel-reinforced concrete. The initial anticipated cost estimate for repairs was \$200,000. With all work completed, the final amount was \$150,000.

Collapsed Trees - COMPLETED

West Coast Arborist completed the removal of a collapsed tree on Avocado Avenue and a tree obstructing the natural storm channel along the east side of Avocado Avenue. The estimated cost for removal is \$10,000, with the final cost being \$11,281.25.

Slope Erosion - IN PROCESS

On March 12, 2024, Kleinfelder, a geotechnical engineering company, visited the site to observe the slide area. The geologist completed the geologic mapping of the western slope of Avocado Avenue north of Skywood Drive and provided preliminary recommendations on addressing the slope erosion. The recommendations included methods to mitigate the existing slope erosion, including digging back the upper ten feet of the slope to a shallower gradient, removing overhangs and vertical slope sections, and installing a catchment structure along the slope toe to impede or slow any failed material. Staff coordinated the work to remove immediate hazards with contractors experienced with slope remediation techniques.

Montano Pipeline completed the work associated with the upper slope area (digging back to a shallower gradient) on April 30, 2024. The approximate cost for this work is \$262,656. Kleinfelder is performing the catchment structure design. A sonic core drilling subcontractor performed work on May 15 and 16, 2024. The data generated from the sonic core drilling subcontractor will allow Kleinfelder to specify the type, length, and spacing/layout of the rock anchors for the rock netting mitigation system. Geotechnical engineering work is estimated to cost \$225,000. Once the design of the catchment structure is completed, Montano Pipeline will provide the installation cost for approval.

A professional Land Surveying consultant marked the City of El Cajon's slope-and-drainage easement, recorded in 1973, and confirmed the jurisdictional boundaries. The #2 southbound lane of Avocado Avenue remains closed to traffic. Initially, there were some assumptions that several private property owners had liability in the slope failure. However, after further investigation, it is apparent that the City will bear responsibility for repair and mitigation measures.

Wells Park Baseball Dugouts - IN PROCESS

The Wells Park dugout roofs on the baseball fields collapsed during the storm due to heavy rain and moisture. Public Works staff demolished and disposed of both collapsed dugout roofs. Staff has coordinated the structural design and replacement of both structures with MJC Construction. Construction of the replacement roofs will begin once the structural drawings are complete and approved by the City. The estimated cost is \$36,260.

On March 12, 2024, City staff attended a mandatory meeting regarding authorized California Disaster Assistance Act (CDAA) funding for San Diego County for the January 2024 Winter Storm to help impacted communities recover from the event. City staff submitted the necessary documentation to apply for reimbursement utilizing the CDAA Program. If it is determined that our emergency expenditures are eligible costs, Cal OES will reimburse the City for up to 75% of eligible repair work costs related to this emergency.

In June 2024, the City received three letters of approval from Cal OES, approving the 75% reimbursement for the completed work on the stormwater channels, collapsed trees, and the purchase of sand/sandbags, plus an administration allowance. Staff will submit the pending reimbursement requests after the slope and dugout repair work is completed.

CALIFORNIA ENVIRONMENTAL QUALITY ACT:

Emergency repairs to publicly-owned service facilities necessary to maintain service essential to the public health, safety, or general welfare are exempt from the California Environmental Quality Act ("CEQA") pursuant to section 15269(b) (Emergency Projects) of the State CEQA Guidelines

FISCAL IMPACT:

In the Fiscal Year 2024-25 Budget, funding is available in the amount of \$700,000 in Wastewater Maintenance Account (650720).

City Council Agenda Report

DATE: July 9, 2024

TO: Honorable Mayor and City Councilmembers

FROM: Dave Richards, Interim Director of Public Works - Operations

SUBJECT: Continuation of Emergency for Sewer System Repairs

RECOMMENDATION:

That the City Council adopts the next Resolution, in order, proclaiming the Continuation of Emergency for Sewer System Repairs.

BACKGROUND:

This report provides an update on the Emergency Sewer System Repairs of the sewer pipe running north up Graves Avenue from Beech Street to Lloyd Street, passing under Interstate 8. On May 29, 2024, the City Manager declared an emergency, recognizing the potential public health and environmental impacts, risks to existing utilities and infrastructure, private property, and potential impacts on freeway travel. On June 11, 2024, the City Council ratified the City Manager's declaration and established a Declaration of Emergency with Resolution No. 087-24. On June 25, 2024, the City Council proclaimed the continuation of emergency repairs to the sewer system with Resolution No. 093-24.

The following is an overview of actions taken and next steps:

City staff immediately contracted with A1 Total Service Plumbing (A1) upon the Declaration of Emergency. The A1's assessment determined that the top portion of the pipe's liner had failed, causing the liner to fold inward and reduce the pipe's capacity by over 80%. The recommended repair method was to use a robotic cutter to remove the failed liner and replace it with a new one. During the liner removal operation, A1's equipment was compromised by a partial collapse of pipe and soil on the northern portion of the pipe closer to Lloyd Street, impeding the rehabilitation of the existing sewer pipeline. A1's approximate cost is \$1,060,000, and it includes around-the-clock sewer bypass operations until June 29, 2024.

Staff coordinated with Caltrans, Ardurra Engineering, and Rove Engineering Construction Company (Rove) the installation of a parallel sewer pipeline across Interstate 8. Ardurra Engineering's support services proposal is \$65,000, and Rove's proposal is \$1,972,491 to bore a steel-encased sewer pipeline within Caltrans right of way and provide 24-hour sewer and stormwater bypass services. The work is estimated to be completed in August 2024. Staff notified residents adjoining the construction areas.

CALIFORNIA ENVIRONMENTAL QUALITY ACT:

Emergency repairs to publicly-owned service facilities necessary to maintain service essential to the public health, safety, or general welfare are exempt from the California Environmental Quality Act ("CEQA") pursuant to section 15269(b) (Emergency Projects) of the State CEQA Guidelines.

FISCAL IMPACT:

In the Fiscal Year 2024-2025 Budget, funding is available in the amount of \$3,097,491 in Wastewater Maintenance Annual (650720).

City Council Agenda Report

DATE: July 9, 2024

TO: Honorable Mayor and City Councilmembers

FROM: Yazmin Arellano, Director of Public of Works

SUBJECT: Fifth Amendment to National Pollutant Discharge Elimination System San

Diego Regional Stormwater Copermittees Memorandum of Understanding

(MOU)

RECOMMENDATION:

That the City Council approves the Fifth Amendment to the National Pollutant Discharge Elimination System (NPDES), San Diego Regional Stormwater Copermittees Memorandum of Understanding (MOU), and authorizes the City Manager to execute the amendment on behalf of the City.

BACKGROUND:

On January 24, 2007, the San Diego Regional Water Quality Control Board adopted the National Pollution Discharge Elimination System (NPDES) Municipal Permit (Permit). The Permit governs stormwater discharge into San Diego County's receiving waters. It requires that the Copermitees (County, Port, Airport, and Cities) cooperate in implementing various Water Quality Improvement Plans and watershed management strategies to comply with the Permit and any future amendments and/or reissuances thereto. As the Principal Permittee, the County of San Diego developed the MOU with input from the Copermittees.

The Copermittees entered into the First Amendment of the MOU on June 15, 2010, to allow the refund of budgeted but unspent funds at the conclusion of each fiscal year. On May 8, 2013, the Regional Board adopted a new NPDES Municipal Permit. The Second Amendment to the MOU was made to extend the termination date of the MOU through August 31, 2015, and helped in the transition to the new NPDES Municipal Permit. The Third Amendment to the MOU was made to continue to comply with and assist in implementing requirements under the new Municipal Permit. The Fourth Amendment to the MOU was made to continue the collaborative efforts to comply with the current Municipal Permit and is said to expire in August 2024.

This Fifth Amendment to the MOU is intended to continue the Copermitees' collaborative efforts to comply with the current Permit and continue those efforts into the next Permit cycle. The Regional Board is preparing a new Municipal Permit, which may be adopted in Winter 2025. The shared cost values in this amendment represent the maximum amount that may be shared for each spending category for the duration of the MOU. The values do not represent funding commitments. City staff reviewed all documents associated with this amendment, and approval is recommended.

CALIFORNIA ENVIRONMENTAL QUALITY ACT:

This action does not constitute a "Project" under the California Environmental Quality Act ("CEQA") pursuant to State CEQA Guidelines section 15378(b)(5) because it is an administrative action that does not result in any change in the environment and is therefore exempt.

FISCAL IMPACT:

The City's contribution to the shared costs to implement the programs outlined in this MOU amendment is budgeted in Fiscal Year 2025 Account 650740.

WHEREAS, the County, the Port, the Airport, and the Cities desire to implement an integrated stormwater management program with the objective of improving surface water quality in the County of San Diego, but do so without waiving and expressly subject to any and all objections and appeals made by any Copermittee in response to any NPDES Permit; and

WHEREAS, the California State Water Resources Control Board (CSWRCB) as designee of the U.S. EPA has delegated authority to the San Diego Regional Water Quality Control Board (Regional Board) for administration of the NPDES stormwater permit within the boundaries of its region; and

WHEREAS, on, May 8, 2013, the Regional Board issued an NPDES permit as Order No. R9-2013-0001, as amended by Order Nos. II. RESPONSIBILITIES OF ALL COPERMITTEES

The following apply to General Programs.

A. Performance and Reimbursement of Tasks

- 1. Any individual Copermittee performing tasks necessary to fulfill budgeted General Program responsibilities for a Working Body is entitled to reimbursement of the costs incurred in accordance with section II.B.
- 2. Any Copermittee performing contract administration tasks to fulfill budgeted General Program responsibilities for a Working Body is entitled to reimbursement of contract management costs at a rate of 5% of the total contract cost or as otherwise agreed on by the participating Copermittees.
- 3. Any Copermittee performing tasks other than contract administration or voluntarily serving as a Working Body Chair, Co-chair, or Secretary, is entitled to reimbursement of the Direct Costs of performing those services in accordance with section II.B.
- 4. A Copermittee shall not be obliged to conduct work, enter into any contract, continue with any work or contract, or incur any other cost on behalf of other Copermittees if each Copermittee has not contributed the funds that it is obliged to contribute toward the activity or program, or if the Copermittee has not received adequate assurances that such funds will be received before payments become due. The Copermittee shall have sole discretion to determine whether assurances that require funds will be timely received or adequate.
- 5. A member of a Working Body providing Working Body Support may terminate those obligations for convenience, but shall first make a good faith effort to carry out or transfer existing responsibilities to another party by providing written notification of termination to the Copermittees within the Working Body 90 days prior to the intended date of termination.

B. Fiscal Responsibilities

- 1. Division of Shared General Program Costs
 - a. Prior to the allocation of shared costs, each proposed or approved budget task or sub-task shall be identified as either a Regional General Program cost or a Watershed General Program cost, and the Copermittees sharing that cost shall be identified. The cost of any particular budget element shall be subject to the approval of only the Copermittees to which it applies. The associated costs shall be divided among participating Copermittees as described below.
 - (1) <u>Default Formula</u>. Shared costs shall be divided according to a Default Formula of 45% Urbanized Land Area, 45% Population, and 10% Equal Division unless a Special Formula is approved by the Copermittees to which the cost applies. This formula applies only to the geographic boundary of the Regional General Program or Watershed General Program being considered.
 - (a) Population costs shall be divided among the Copermittees as follows:
 Whenever any geographic portion of the Port or Airport jurisdiction(s),
 respectively, lies(s) within the geographic area to which the shared program or
 activity is applicable, the Port or Airport, respectively, will each pay a fixed
 0.5% of total Population costs. The remaining percentage of the population
 costs shall be divided among Copermittees by dividing the total population of
 each Copermittee by the combined total Copermittee population within the
 geographic area applicable to the shared program or activity. These
 percentages shall be calculated at least once every 5 years using the most
 recently available population data available from the San Diego

- Association of Governments (SANDAG), unless more recent data are available from an equivalent source such as the U.S. Census Bureau, and are determined to be acceptable by the Copermittees sharing the cost.
- (b) Urbanized Land Area costs shall be divided among Copermittees by dividing the total Urbanized Land Area of each Copermittee by the combined total Urbanized Land Area of all participating Copermittees within the geographic area applicable to the shared program or activity. Urbanized Land Area shares shall be calculated using the most recently available San Diego Association of Governments (SANDAG) land use statistics. The Urbanized Land Area share for the County shall include those urbanized lands in the unincorporated portion of the County that are west of the County Water Authority (CWA) service area boundary as it exists on the date of this MOU or as formally amended by the CWA.
- (c) Ten Percent (10%) of the total cost to be shared shall be divided equally amongst all of the Copermittees.
- (d) Modification of the Default Formula requires the unanimous vote of all Copermittees. For cost sharing that applies only to a group that contains fewer than all Copermittees, a unanimous vote is required of all affected Copermittees.
- (2) <u>Special Formulas.</u> Special Formulas may be applied to any shared Regional or Watershed General Program cost and require the unanimous vote of the Copermittees participating in the cost.
- (3) <u>In-kind Contributions</u>. Subject to approval by the Copermittees participating in a particular shared General Program budget, a Copermittee may provide an In-kind contribution of equal value rather than a monetary contribution toward all or part of the cost of an activity. Copermittee In-kind contributions may include Working Body Support.
- 2. Work Plans and Shared Cost Budgets
 - a. Limitations on Cost-sharing

General Program activities that are cost-shared by all Copermittees include collaborative municipal stormwater and watershed management activities which are

- (1) mandated by or necessary to implement requirements of the Permit,
- (2) necessary to anticipate the requirements, or prepare for renewal, of the Permit,
- (3) required to comply with Regional Board Orders or other directives required of Copermittees as dischargers of municipal stormwater (e.g., 13267 Orders, Total Maximum Daily Loads, etc.), or
- (4) other watershed management activities conducted with the unanimous approval of Copermittees sharing the cost or responsibility.

Examples of such activities include:

(1) Development or implementation of any program requirements of the MS4 Permit, such as, the BMP Design Manual, regional education and outreach, or Water Quality Improvement Plans;

- (2) Public participation activities, such as facilitating public meetings and workshops;
- (3) Program assessment;
- (4) Plan updates;
- (5) Water quality monitoring, assessment and reporting;
- (6) Annual reporting, including establishment and management of data and information clearinghouses;
- (7) Preparation of technical analyses, recommendations and comments regarding the MS4 Permit, total maximum daily loads, and other relevant storm water quality regulations;
- (8) Preparation of documents required by the MS4 Permit, such as Reports of Waste Discharge; and
- (9) Special studies related to storm water quality-related pollutants, their sources, and potential best management practices.

b. Work Plans and Shared Cost Budgets

- (1) **No later than October 31**st **of each year**, each Working Body shall prepare and submit to the Planning Subcommittee a proposed Work Plan and Shared Costs Budget for the upcoming Fiscal Year.
- (2) Each Work Plan shall identify the parties that will serve as a Working Body Chair, Cochair, or Secretary for the upcoming Fiscal Year. These assignments will be served on a fiscal year basis and shall be for a minimum term of one year.
- (3) A Copermittee may not be compelled to act, or continue acting, as a Working Body Chair, Co-chair, or Secretary, and may at any time terminate an existing assignment. Before doing so, the Copermittee shall first make a good faith effort to carry out or transfer existing responsibilities.
- (4) Each budget shall describe major tasks, schedules, and projected costs, which Copermittees will provide Working Body Support, Contract Administration, Inkind contributions, and any other information applicable to regional general program costs.
- (5) To ensure that each Copermittee governing body has sufficient time to consider fiscal impacts, the Planning Subcommittee shall prepare a consolidated draft Regional Work Plan and Shared Costs Budget no later than December 31st of each year for the Regional General Programs. After consideration of comments and discussion, a final Regional Work Plan and Shared Costs Budget shall be prepared, approved by the Management Committee, and distributed to the Copermittees no later than January 31st of each year. The consolidated Regional Work Plan and Shared Costs Budget shall also identify the party or parties serving as Regional General Program operations fund managers.
- (6) Modifications to any adopted Regional Work Plan and Shared Costs Budget that will result in an overall increase in cost require the approval of the Regional Management Committee.
- (7) Copermittees from each Working Body, for which costs will be shared, shall prepare, agree upon and distribute to the participating Copermittees in that watershed, a watershed work plan and Shared Costs Budget.
- (8) Approval of the Shared Costs Budget for each fiscal year is subject to approval by Copermittee governing bodies as part of their regular annual budgeting process.

a. The total Shared Cost Budget authorized under this MOU may not exceed the cumulative limits specified for each spending category in **Table 1**. These values represent the maximum amount that may be cost-shared for each spending category for the duration of this MOU. **They do not represent funding commitments.** Once a cumulative limit has been reached, the Copermittees must establish separate agreements for sharing additional costs for that budget category. The estimated annual limits shown for each fiscal year are for planning purposes only. Where an estimated annual limit is not reached in any fiscal year, the surplus amount may be carried over into subsequent fiscal years, so long as the cumulative limit is not exceeded. Budget limits apply only to their designated budget category. They may not be exchanged or credited across budget categories. Spending in each budget category may not exceed the applicable cumulative limit under any circumstances.

Refunds shall be provided to Copermittees no later than 90 days after final accounting.

At its discretion, a Copermittee managing a General Program operations fund may, prior to the completion of a fiscal year, make payment to any Copermittee providing Working Body Support, Contract Administration, In-kind services, or incurring other budgeted expenditures on behalf of other Copermittees so long as all of the conditions of Section II B.4.f above have been satisfied and there are sufficient funds available to make a payment without requiring additional contributions or jeopardizing program objectives. - 1. Mandatory Non-binding Mediation. If a dispute arises out of, or relates to this MOU, or the breach thereof, and if the dispute cannot be settled through the meet and confer process as described above, the Parties agree to attempt to settle the dispute in an amicable manner, using mediation under the Mediation Rules of the American Arbitration Association [AAA] or any other neutral organization agreed to by the parties. A mediation session is required before having recourse in a court of law. The cost of mediation shall be borne by the parties equally.

The Mediator may be selected from lists furnished by the AAA or any other agreed upon Mediator. To initiate mediation, the initiating Party shall serve a Request for Mediation on the opposing Party.

V. GENERAL PROVISIONS

A. Term of Agreement

- 1. This MOU shall become effective on the date the last party executes the MOU.
- 2. The life of the MOU shall be effective through August 2029, or with the life of the current Permit plus twelve months, whichever is longer. - 1. Participation in this MOU may be withdrawn by any Copermittee for any reason only after the Copermittee complies with all of the following conditions of withdrawal:
 - a. The Copermittee shall notify all of the other Copermittees in writing 90 days prior to its intended date of withdrawal.

C. Non-Compliance with MOU Requirements

- 1. Any participant to this MOU found to be in non-compliance with the conditions of this MOU shall be solely liable for any lawfully assessed penalties resulting from such non-compliance. Failure to comply with MOU conditions within specified or agreed upon timelines shall constitute non-compliance with the MOU.
- 2. Limitations on Use of Funds. Notwithstanding the rights and obligations of the Parties created by this MOU, no Party may be found in breach of this MOU where compliance would require that Party to violate any law or grant assurance, including but not limited to provisions of the Federal Aviation Administration 1999 Policy and Procedure Concerning the Use of Airport Revenue [64Fed. Reg. 7696, dated Feb. 16, 1999]; the Airport and Airway Improvement Act of 1982 codified at 49 U.S.C. § 47107(b); the Federal Aviation Administration Authorization Act of 1994, P.L. 103-305 (Aug. 23, 1994); the Airport Revenue Protection Act of 1996, Title VIII of the Federal Aviation Administration Act of 1996, P.L. 104-264 (Oct. 9, 1996), 110 Stat. 3269 (Oct. 9, 1996); 49 U.S.C. § 46301(n)(5); and 49 U.S.C. § 47133. The Parties recognize that the Authority has received federal Airport Improvement Project ("AIP") grants containing grant assurance 25,

which provides: "All revenues generated by the airport will be expended by it for the capital or operating costs of the airport; the local airport system; or other local facilities which are owned or operated by the owner or operator of the airport and which are directly and substantially related to the actual air transportation of passengers or property; or for noise mitigation purposes on or off the airport."

D. Amendments to the Memorandum of Understanding

This MOU may be amended only by unanimous vote of approval of all 21 Copermittees at a meeting of the Regional Management Committee. No amendment shall be effective unless it is in writing and signed by the duly authorized representatives of the Copermittees.

E. Governing Law

This MOU shall be governed and construed in accordance with the laws of the State of California. If any provision or provisions shall be held to be invalid, illegal, or unenforceable, the validity, legality, and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

F. Headings

The headings used throughout this MOU are for convenience only and do not in any way limit or amplify the terms or provisions of the MOU.

G. Consent and Breach Not Waiver

No term or provision hereof shall be deemed waived and no breach excused, unless such waiver or consent shall be in writing and signed by the Copermittee to have waived or consented. Any consent by any Copermittee to, or waiver of, a breach by the other, whether expressed or implied, shall not constitute a consent to, waiver of, or excuse for any other different or subsequent breach.

H. No Indemnification

- 1. Each Copermittee shall have the sole responsibility to comply with the Permit.
- 2. Each Copermittee shall pay all fines, penalties, and costs which may arise out of such Copermittee's non-compliance with the Permit.
- 3. By entering into this MOU, no Copermittee assumes liability for claims or actions arising out of the performance of any work or actions or omissions, by any other Copermittee, its agents, officers, and employees under this MOU.
- 4. By entering into this MOU, each Copermittee agrees to defend itself from any claim, action or proceeding arising out of the acts or omissions of itself and retain its own legal counsel and bear its own defense costs.

I. Application of Prior Agreements

This MOU constitutes the entire Agreement between the parties with respect to the subject matter; all prior agreements, representations, statements, negotiations, and undertakings are superseded hereby.

J. Right to Audit

Each Party retains the right to review and audit, and the reasonable right of access to other Parties' respective premises to review and audit the other Parties' compliance with the provisions of this MOU (Party's Right). The Party's Right includes the right to inspect and photocopy same, and to retain copies, outside of the Parties' premises, of any and all records, including any and all books, records, and documents, related to this MOU with appropriate safeguards, if such retention is deemed necessary by the

auditing Party in its sole discretion. This information shall be kept by the auditing Party in the strictest confidence allowed by law.

K. Execution of Agreement

This MOU may be executed in counterpart and the signed counterparts shall constitute a single instrument. In the event that any Copermittee is unable to execute this amendment prior to August 31, 2024, execution of this amendment after that date shall constitute ratification of this amendment, and the MOU and extensions shall be in effect once all signatures are obtained.

City Council Agenda Report

DATE: July 9, 2024

TO: Honorable Mayor and City Councilmembers

FROM: Mike Moulton, Chief of Police

SUBJECT: FY 2024-25 California Department of Alcoholic Beverage Control Alcohol

Policing Partnership (ABC-APP) Grant

RECOMMENDATION:

That the City Council adopts the next Resolution, in order, authorizing the City Manager or designee to accept, appropriate, and expend the grant in the amount of \$70,000 from the California Department of Alcoholic Beverage Control Alcohol Policing Partnership (ABC-APP) and to execute any grant documents and agreements necessary for the receipt and use of these funds

BACKGROUND:

In 1995, Alcoholic Beverage Control embarked on a new and innovative approach to broaden and increase the level of alcoholic beverage law enforcement by working in cooperation with cities and counties through a grant assistance project. The Alcohol Policing Partnership Program works with law enforcement agencies to develop an effective, comprehensive, and strategic approach in eliminating the crime and public nuisance problems associated with alcoholic beverage outlets.

The El Cajon Police Department was awarded a grant from ABC to fund increased education, inspection, and enforcement in efforts to reduce alcohol-related crimes in Fiscal Year 2024-25. The grant will fund overtime in the amount of \$62,000, supply minor decoys with "buy" funds (i.e., money used to purchase alcohol) in the amount of \$2,500, fund the purchase of equipment in the amount of \$2,500, and training and travel-related expenses in the amount of \$3,000.

CALIFORNIA ENVIRONMENTAL QUALITY ACT:

The approval of the ABC-APP Grant and related project expense for law enforcement activities, inspections, and education is not subject to the California Environmental Quality Act ("CEQA"). It is exempt pursuant to State CEQA Guidelines sections 15321(b) and 15378(b)(5).

FISCAL IMPACT:

This grant will provide \$70,000 in funding to the Police Miscellaneous Grants Special Revenue Fund (226380, ABC25-APP) with no City match required. These funds will only be used by the Police Department for the identified programs above or as indicated by approved modifications to the grant.

Congratulations! Your agency has been selected by the Department of Alcoholic Beverage Control (ABC) to receive a 2024/2025 Alcohol Policing Partnership (APP) grant. We look forward to working with your department to meet the goals and objectives in your proposal.

A grant agreement will be forthcoming in the next couple of weeks which requires a resolution from your agency's governing body. A sample resolution was included in the Request for Proposal packet. Due to the fact that these resolutions typically have to be on your governing body's calendar, we ask that you do so as soon as possible.

We will be hosting a two and half day training conference beginning at 8:30 am on July 8, 2024 and ending at approximately 12:00 pm on July 10, 2024. City Council Agenda Report

DATE: July 9, 2024

TO: Honorable Mayor and City Councilmembers

FROM: Mike Moulton, Chief of Police

SUBJECT: FY25 California Highway Patrol - Cannabis Tax Fund Grant Program

(CTFGP) Award

RECOMMENDATION:

That the City Council takes the following actions:

- Authorizes the City Manager, or designee, to accept the FY25 California Highway Patrol -Cannabis Tax Fund Grant Program (CTFGP) Award in the amount of \$68,524.50 and to execute any grant documents and agreements necessary for the receipt and use of these funds; and
- 2. Appropriates \$68,524.50 of the FY25 California Highway Patrol Cannabis Tax Fund Grant Program (CTFGP) Award to be allocated as follows:
 - Procure one SoToxa Mobile Test System in an amount not to exceed \$14,000, and one Light Tower Trailer in an amount not to exceed \$20,000, to be used during traffic enforcement details including DUI/DL Checkpoints and DUI Saturation patrols; and
 - Fund \$34,524.50 in overtime costs associated with operating (4) DUI Saturation patrol enforcement details and (2) DUI/DL Checkpoints.

BACKGROUND:

With the passage of Proposition 64 in 2016, The Control, Regulate and Tax Adult Use Marijuana Act (AUMU), California voters mandated the state to set aside funding for the CHP to provide grants to local governments and qualified non-profit organizations for the education, prevention, and enforcement of impaired driving laws pursuant to Section 34019 (f)(3)(B) of the Revenue and Taxation Code (RTC). These Law Enforcement grants provide financial assistance to allied agencies for the education, prevention, and enforcement of laws related to driving under the influence of alcohol and other drugs, including cannabis. The intent of the program is to educate the public regarding the dangers of impaired driving, enforce impaired driving laws on the roadway, and improve an agency's effectiveness through the training and development of new strategies.

Increased traffic enforcement by police officers directly correlates with a decrease in traffic collisions and several studies support the effectiveness of DUI Checkpoints in reducing collisions and educating the public about the dangers of impaired driving. The objective of the enforcement details and checkpoints is to increase the total number of DUI arrests during those detail hours and decrease the total number of DUI-related collisions during the entire grant year period.

For Fiscal Year 2025, the City of El Cajon Police Department has been awarded \$34,524.50 in CTFGP grant funds to conduct (4) DUI Saturation patrol enforcement details and (2) DUI/DL Checkpoints in an effort to continue to reduce the number of collisions involving impaired driving in our jurisdiction. In addition, the department received \$14,000 to purchase a SoToxa Mobile Test System which will provide law enforcement officers with a non-invasive, rapid means of testing drivers suspected of driving under the influence of drugs. Grant funds of \$20,000 have also been awarded to purchase an LED Light Tower Trailer for enhanced illumination and visibility during nighttime operations.

CALIFORNIA ENVIRONMENTAL QUALITY ACT:

The proposed acceptance and implementation of the California Highway Patrol - Cannabis Tax Fund Grant is exempt from the California Environmental Quality Act ("CEQA") pursuant to section 15321 (Enforcement Actions) of the State CEQA Guidelines. Law enforcement activities are exempt from CEQA.

FISCAL IMPACT:

The City of El Cajon Police Department has been awarded \$68,524.50 in funding from the FY25 California Highway Patrol - Cannabis Tax Fund Grant Program (CFTGP). These grant funds will be appropriated to activity 226380 - Police Miscellaneous Grants, and there will be no fiscal impact to the City's General Fund.

 - b. Grantee agrees to provide written notice of an event of force majeure under this Grant Agreement within ten (10) calendar days of the commencement of such event, and within ten (10) calendar days after the termination of such event, unless the force majeure prohibits Grantee from reasonably giving notice within this period. Grantee will give such notice at the earliest possible time following the event of force majeure.
- 2. Any violations of law committed by the Grantee, misrepresentations of Project information by the Grantee to the State, submission of falsified documents by the Grantee to the State, or failure to provide records by the Grantee to the State when requested for audit or site visit purposes may be cause for termination. If the Project is terminated for the reasons described in this paragraph, the State will have no obligation to reimburse the Grantee for any additional costs once the Grant Agreement has been terminated.

In 2021, our department experienced an alarming increase in the number of drivers under the age of 21 involved in alcohol-related incidents, elevating our ranking to 7th in the state. Additionally, alcohol-related crashes surged from 48 to 73. Furthermore, impairment is suspected to have played a role in four fatal collisions, albeit involving only one deceased individual each, thus precluding prosecution. Addressing the hazards of impaired driving through targeted education is paramount, focusing on both adolescents and adults to raise awareness about the dangers of operating a vehicle while under the influence.

DUI checkpoints and saturation patrols represent proactive law enforcement strategies aimed at mitigating the prevalence of driving under the influence (DUI) in our city. Here's how these initiatives contribute to our efforts:

<u>Deterrence:</u> The presence of DUI checkpoints and saturation patrols serves as a deterrent to potential intoxicated drivers. The proactive enforcement measures signal to individuals that law enforcement is actively monitoring for impaired driving, dissuading them from engaging in such behavior.

<u>Enhanced Enforcement:</u> These operations afford law enforcement the opportunity to actively locate and apprehend impaired drivers. By ramping up enforcement efforts, we send a resolute message that DUI violations will not be tolerated, thereby promoting compliance with drunk driving laws.

<u>Public Awareness:</u> The announcement of DUI checkpoints and saturation patrols helps raise public consciousness regarding the hazards of intoxicated driving. This heightened awareness prompts individuals to plan ahead and make responsible decisions, such as designating a sober driver or utilizing alternative transportation methods.

<u>Identification and Apprehension:</u> DUI checkpoints and saturation patrols provide law enforcement personnel with the means to identify and apprehend impaired drivers who might otherwise evade detection. Through the administration of field sobriety tests and breathalyzer assessments, officers can accurately gauge the level of impairment and initiate appropriate enforcement action.

<u>Removal of Impaired Drivers:</u> One of the primary objectives of DUI checkpoints and saturation patrols is to promptly remove impaired drivers from our roadways. By intercepting and apprehending drunk drivers, law enforcement plays a pivotal role in averting potentially catastrophic accidents caused by impaired driving.

In summation, DUI checkpoints and saturation patrols constitute vital components of our comprehensive strategy to enhance road safety and curb DUI incidents within our jurisdiction. Through deterrence, enforcement, public awareness, identification, and removal of impaired drivers, these initiatives collectively contribute to fostering safer streets and communities for all residents.

Schedule A

Performance Measures/Scope of Work

One DUI Saturation enforcement detail will take place each quarter. Two DUI checkpoints will take place over the grant year. Data from the DUI Saturation enforcement details will be reported, including the number of contacts, citations, arrests, SFSTs conducted, and vehicles impounded. Statistics from the DUI Checkpoints will be reported, including the total number of vehicles through the checkpoint, number of vehicles stopped, number of vehicles sent to secondary screening, SFSTs completed, DUI Arrest, and vehicles impounded. ECPD had 69 DUI related collisions in 2023. ECPD's goal is to reduce the number of DUI-related collisions by 10% during the 2024 calendar year.

- 4 DUI Saturation Patrols (Q1=1, Q2=1, Q3=1, Q4=1)
- 2 DUI Checkpoints (Q2=1, Q3=1)

Project Performance Evaluation

Statistics outlining the activities conducted during enforcement details and checkpoints will be meticulously reported. To foster community involvement, the El Cajon Police Department plans to collaborate with established community organizations like Mothers Against Drunk Driving (MADD), inviting their participation during details to assist in educating the public about our initiatives.

Furthermore, prior to each DUI checkpoint, a press release will be circulated to the public to raise awareness about both the operation and the hazards associated with impaired driving. Additionally, the El Cajon Police Department will leverage its social media platforms to amplify our enforcement efforts.

Program Sustainability

The funds for this grant period will be used during the department's fiscal year 2024/2025. When collision data is made available, the effectiveness of the enforcement details can be measured against data from prior periods to determine the overall impact this program had.

Administrative Support

In the past, the City of El Cajon has effectively utilized various grants for a range of projects, including the one allocated during the FY2023-24 period. Our fiscal team is proficient in submitting payment requests and managing funds through different grant platforms. Additionally, sworn staff within the El Cajon Police Department responsible for grant administration have received training through workshops, including sessions specific to this grant.

The O.T.S. STEP grant shares similarities with the current grant. Both grants are overseen by the Traffic Sergeant, who manages implementation, procurement, quarterly reporting, and requisite documentation for both grants. Our department has a track record of successfully managing these aspects across multiple grant programs.

In conducting grant-funded enforcement details, we have consistently maintained sufficient staffing levels. Typically, officers from the ECPD Traffic Unit, who possess specialized knowledge in primary collision factors and DUI enforcement, are assigned to these details. This approach has proven successful, and we have encountered no staffing issues during previous grant-funded periods.

Rapid Testing: Mobile oral drug tests provide law enforcement officers with a rapid means of testing drivers suspected of driving under the influence of drugs. This allows for immediate assessment of impairment, enabling officers to take appropriate actions swiftly.

Non-Invasive: Unlike blood or urine tests, oral fluid tests are non-invasive and can be administered quickly and easily at the roadside. This reduces the inconvenience for both the driver and law enforcement personnel. Detection of Recent Drug Use: Oral fluid tests can detect the presence of drugs that have been consumed recently,

City Council Agenda Report

DATE: July 9, 2024

TO: Honorable Mayor and City Councilmembers

FROM: Mike Moulton, Chief of Police

SUBJECT: 2023 Operation Stonegarden Grant (OPSG) - Funded by the Office of

Homeland Security

RECOMMENDATION:

That the City Council takes the following actions:

- 1. Authorizes the City Manager or designee to accept the 2023 Operation Stonegarden Grant (OPSG) in the amount of \$230,333, and to execute any grant documents and agreements necessary for the receipt and use of these funds; and
- 2. Appropriates funding in the amount of \$230,333 to reimburse the El Cajon Police Department for overtime (\$138,392), fringe benefits (\$5,527), mileage (\$6,081), and equipment costs (\$80,333) while participating in OPSG coordinated operations.

BACKGROUND:

Operation Stonegarden Grant (OPSG) is funded by the U.S. Department of Homeland Security and administered by the San Diego County Sheriff's Department. Through a partnership with the Office of Homeland Security, Customs and Border Protection/Border Patrol, and several local law enforcement agencies, the Stonegarden mission is to:

- Disrupt and degrade targeted transnational criminal organizations (TCOs);
- Expand opportunities to work cooperatively with several regional agencies on border-related crime; and
- Maximize intelligence gathering and enforcement opportunities targeting drug and weapons smuggling, criminal transportation cells, and other border-related crimes.

Multi-agency operations, funded through OPSG, will saturate areas known to be used by transnational drug and smuggling groups. The large law enforcement presence will serve as a criminal deterrent and help to maintain secure borders. These operations promote cooperation in the region and lead to drug and vehicle seizures, as well as arrests. These multi-agency operations include target-based, intelligence-led operations, high-profile saturation patrols, undercover operations, and interdiction details. The primary areas of focus will be the I-8 egress and the surrounding feeder roads and areas. In order to participate in these coordinated operations, the El Cajon Police Department will utilize \$150,000 of the 2023 OPSG funding for overtime, mileage, and fringe benefit costs. In addition, the City was awarded \$80,333 to purchase one fully outfitted police vehicle.

CALIFORNIA ENVIRONMENTAL QUALITY ACT:

The proposed acceptance and implementation of the Operation Stonegarden grant is exempt from the California Environmental Quality Act ("CEQA") pursuant to section 15321 (Enforcement Actions) of the State CEQA Guidelines. Law enforcement activities are exempt from CEQA.

FISCAL IMPACT:

The 2023 Stonegarden grant will provide \$230,333 in funding to be appropriated to activity 226380 – Police Miscellaneous Grants and will not impact the General Fund. No matching funds are required for this grant. These funds will be used by the El Cajon Police Department for the projects listed above or as modified in the grant workbook and approved by the granting agency.

- **7.3.6** PARTIES shall obtain a performance bond from vendors prior to procuring equipment over \$250,000, or any vehicle, aircraft, or watercraft, to be paid at the time of purchase, to ensure delivery of the equipment within ninety (90) days of the performance period end date.

- **7.3.6.1** Performance bond shall be included for reimbursement with invoice.
- **7.3.7** Within ninety (90) days of receipt of valid invoice and supporting documentation specified in subparagraphs under 7.3, SHERIFF will reimburse PARTIES for the Basic Services agreed to.
- **7.3.8** Each PARTY shall manage their allocation and track their claims to remain within their allocated amount as specified in Exhibit A FY 2023 OPSG Budget Worksheet.

7.4 Reimbursement Disallowances

PARTIES not in compliance with procedures in paragraph 7.3 above risk having incurred expenditures disallowed for reimbursement by SHERIFF. PARTIES that fail to submit claims for reimbursement within ninety (90) days will be notified in writing by SHERIFF that the claim(s) is/are past due, and funds allocated to the PARTY for that period may be redistributed among other PARTIES.

PARTIES shall adhere to the procurement methods found in 2 CFR 200, Subpart D, § 200.320.

8.1.3 **Grant Requirements**

PARTIES shall comply with the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, <u>2 C.F.R. 200 Subpart D</u>, including requiring their contractors to comply with the applicable Federal Requirements contained in Exhibit C hereto.

9. REPAYMENT OF REIMBURSEMENTS

9.1 Any PARTY found through compliance assessments, audits, or monitoring site visits, to be out of compliance with paragraphs 7.3 and 8 above, shall retroactively repay SHERIFF, within ninety (90) days of notification, any reimbursement found out of compliance which was paid to PARTY during the term of, and even after the term, of this Agreement. This provision shall survive termination or expiration of this Agreement.

10. <u>INDEMNIFICATION – WORKERS' COMPENSATION, EMPLOYMENT AND CLAIMS AND LIABILITY ISSUES</u>

- 10.1 The COUNTY shall fully indemnify and hold harmless non-County PARTIES and their respective officers, employees and agents, from any claims, losses, fines, expenses (including attorneys' fees and court costs and/or arbitration costs), costs, damages or liabilities arising from or related to (1) any workers' compensation claim or demand or other workers' compensation proceeding arising from or related to, or claimed to arise from or relate to, employment which is brought by an employee of the COUNTY or any contract labor provider retained by the COUNTY, or (2) any claim, demand, suit, or other proceeding arising from or related to, or claimed to arise from or relate to, the status of employment (including without limitation, compensation, demotion, promotion, discipline, termination, hiring, work assignment, transfer, disability, leave or other such matters) which is brought by an employee of the COUNTY or any contract labor provider retained by the COUNTY.

11. INDEMNIFICATION RELATED TO ACTS OR OMISSIONS; NEGLIGENCE

11.1 Claims Arising from Sole Acts or Omissions of a PARTY

Each PARTY to this Agreement hereby agrees to defend and indemnify the other PARTIES to this Agreement, their agents, officers, and employees, from any claim, action, or proceeding against the other PARTIES, arising solely out of its own acts or omissions in the performance of this Agreement. At each PARTY's sole discretion, each PARTY may participate at its own expense in the defense of any claim, action, or proceeding, but such participation shall not relieve any PARTY of any obligation imposed by this Agreement. PARTIES shall notify each other promptly of any claim, action, or proceeding and cooperate fully in the defense.

11.2 Claims Arising from Concurrent Acts or Omissions

The PARTIES hereby agree to defend themselves from any claim, action, or proceeding arising out of the concurrent acts or omissions of the PARTIES. In such cases, PARTIES agree to retain their own legal counsel, bear their own defense costs, and waive their right to seek reimbursement of such costs, except as provided in paragraph 11.4 below.

11.3 Joint Defense

Notwithstanding paragraph 11.2 above, in cases where PARTIES agree in writing to a joint defense, PARTIES may appoint joint defense counsel to defend the claim, action, or proceeding arising out of the concurrent acts or omissions of PARTIES. Joint defense counsel shall be selected by mutual agreement of PARTIES. PARTIES agree to share the costs of such joint defense and any agreed settlement in equal amounts, except as provided in paragraph 11.4 below. PARTIES further agree that no PARTY may bind the others to a settlement agreement without the written consent of the others.

11.4 Reimbursement and/or Reallocation

Where a trial verdict or arbitration award allocates or determines the comparative fault of the parties, PARTIES may seek reimbursement and/or reallocation of defense costs, settlement payments, judgments, and awards, consistent with such comparative fault.

12.3 Entire Agreement

This Agreement constitutes the complete and exclusive statement of agreement among the COUNTY and non-County PARTIES with respect to the subject matter hereto. As such, all prior written and oral understandings are superseded in total by this Agreement.

12.4 Construction

This Agreement will be deemed to have been made and shall be construed, interpreted, governed, and enforced pursuant to, and in accordance with, the laws of the State of California. The headings and captions used in this Agreement are for convenience and ease of reference only and shall not be used to construe, interpret, expand, or limit the terms of the Agreement and shall not be construed against any one PARTY.

12.5 Waiver

A waiver by COUNTY or non-County PARTIES of a breach of any of the covenants to be performed by COUNTY or non-County PARTIES shall not be construed as a waiver of any succeeding breach of the same or other covenants, agreements, restrictions, or conditions of this Agreement. In addition, the failure of any PARTY to insist upon strict compliance with any provision of this Agreement shall not be considered a waiver of any right to do so, whether for that breach or any subsequent breach. The acceptance by COUNTY or non-

County PARTIES of either performance or payment shall not be considered a waiver of PARTY's preceding breach of this Agreement.

12.6 Authority to Enter Agreement

COUNTY and non-County PARTIES have all requisite power and authority to conduct their respective business and to execute, deliver, and perform the Agreement. Each PARTY warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and to bind each respective PARTY.

12.7 Cooperation

COUNTY through SHERIFF and Non-County PARTIES will cooperate in good faith to implement this Agreement.

12.8 Counterparts

This Agreement may be executed in one or more counterparts, each of which shall be deemed to be an original, but all of which together shall constitute one and the same instrument. SHERIFF will provide each PARTY with a copy of this Agreement once fully executed.

12.9 Severability

This Agreement is subject to all applicable laws and regulations. If any provision of this Agreement is found by any court or other legal authority, or is agreed upon by the PARTIES, to conflict with any law or regulation, then the conflicting provision shall be considered null and void. If the effect of nullifying any conflicting provision is such that a material benefit of this Agreement to any PARTY is lost, then the Agreement may be terminated at the option of the affected PARTY, with the notice as required in this Agreement. In all other cases, the remainder of this Agreement shall be severable and shall continue in full force and effect.

12.10 Legislative Changes

If any changes are made to regulations pursuant to which this Agreement is made or to any successor legislation or regulations, or if the U. S. DHS imposes any budget requirements or limitations applicable to this Agreement and the services to be provided hereunder, then (1) to the extent any of the changes are of mandatory application, such change(s) shall apply to the PARTIES in this Agreement, and this Agreement shall be deemed to be amended to be consistent with such changes(s) except to the extent that such change(s) alter(s) a material provision of this Agreement in which case such material provision shall be voidable and the PARTIES will negotiate in good faith to amend the Agreement as necessary, and (2) to the extent any of the changes are not of mandatory application, such change(s) shall not affect this Agreement or the right or obligations of COUNTY and non-COUNTY under this Agreement unless the PARTIES mutually agree to subject themselves to such changes(s).

12.11 Representation

Each PARTY's Chief, and/or Sheriff, or their respective designee, shall represent its PARTY in all discussions pertaining to this Agreement. SHERIFF, or his or her designee, shall represent COUNTY in all discussions pertaining to this Agreement.

City Council Agenda Report

DATE: July 9, 2024

TO: Honorable Mayor and City Councilmembers

FROM: Ryan Villegas, Senior Management Analyst

SUBJECT: ARPA Budget Adjustments

RECOMMENDATION:

That the City Council accepts the proposed ARPA adjustments to:

- Re-allocate \$299,997 from ARPA-Economic Development (ARP08) to ARPA-Cybersecurity (ARP02);
- 2. Appropriate an additional \$67,000 of ARPA-Recreation Center Upgrades (ARP06) to increase the Recreation Center Upgrades project (223752PWCP) budget;
- Cancel and de-appropriate Solar PV and Battery Storage Improvements #1
 (213740PWCP) and Solar PV and Battery Storage Improvements #2 (223753PWCP) projects;
- Re-allocate \$3.0 million from ARPA-Solar PV & Battery (ARP07) to ARPA-Public Safety & Public Works Vehicles (ARP23); and
- Re-allocate the remaining \$752,463 from ARPA-Solar PV & Battery (ARP07) to ARPA-Economic Development (ARP08).

BACKGROUND:

On May 11, 2021, the City Council adopted a resolution allocating the City's approximately \$30 million in American Rescue Plan Act (ARPA) funds. Since then, several re-allocation amendments have been adopted by the City Council as projects have concluded and the deadline to spend the funds approaches.

Three amendments are recommended in this report:

ARP02 - City Network, Cybersecurity, Video Equipment Upgrades

At the June 11, 2024 City Council Meeting, RFP No. 026-024 - Audio Visual Upgrades & As-Needed Support Services Re-Bid was presented and approved by the City Council. The fiscal impact associated with this RFP is \$299,997 and while this project is funded within ARP02, these audiovisual upgrades are an expansion of the ARP02 project and the increase is supported by a re-appropriation of \$299,997 from ARP08 (Economic Development) to ARP02. This brings the total budget appropriation for ARP02 to \$1,654,997.

APR06 - Cool Zones/Evacuation Site Upgrades at Recreation Centers

ARP06 supports Engineering Services project #223752PWCP in upgrading the HVAC equipment at various Recreation Centers across the City. An appropriations increase of \$67,000 to Engineering Services project #223752PWCP for additional a/c units is proposed, bringing the

total budget for this project to \$3,067,000.

ARP07 - Solar PV & Battery Storage / ARP23 - Public Safety & Public Works Vehicle Purchases

ARP07 is a canceled project with unspent funds totaling \$3,752,463. Staff recommends appropriating \$3 million from ARP07 to a new project ARP23, to fund the purchase of Public Safety & Public Works vehicles. Additionally, staff recommends appropriating the remaining \$752,463 in unspent ARP07 funds to ARP08, bringing the new ARP08 budget to \$1,534,517.

CALIFORNIA ENVIRONMENTAL QUALITY ACT:

The proposed actions are exempt from the California Environmental Quality Act ("CEQA") in accordance with sections 15301 and 15378 of the State CEQA Guidelines because it involves the operation and maintenance of existing public facilities and equipment, and the purchase of vehicles.

FISCAL IMPACT:

Adoption of this action will not increase total ARPA appropriations, and will increase the Recreation Center Upgrades project (223752PWCP) by \$67,000.

CAPITAL IMPROVEMENT PROJECT FISCAL YEAR 2022 - 2023

PROJECT NAME:

Recreation Center Upgrades - Cool Zones and Evacuation Sites ACTIVITY:

PROJECT NO: 2

501590 223752PWCP

Description:

The project will install modern heating, ventilation and cooling (HVAC) systems for gymnasiums and large indoor spaces able to serve as evacuation sites at existing recreation centers. Included with the project are electrical system upgrades, including new service connections, that are necessary to serve the new building equipment.

Justification:

Currently, several of the large rooms and gymansiums at the City's existing recreation centers are without air conditioning. The installation of HVAC in these portions of the centers will allow for expanded use by residents, serve as a refuge areas or "cool zones" during extreme heat days, and allow for emergency evacuation sites if needed.

Scheduling:

Planning, design and construction will occur in FY2022-23 with testing and commissioning occuring in the early part of FY2023-24.

Operating Budget Impact:

While additional energy needs are expected to be required from installing new HVAC systems, these will be offset by planned solar photovoltaic and battery storage systems planned for each recreation facility.

City Council Agenda Report

DATE: July 9, 2024

TO: Honorable Mayor and City Councilmembers

FROM: Yazmin Arellano, Director of Public of Works

SUBJECT: City of El Cajon Annual Sewer Charges Report for Fiscal Year 2024-2025

RECOMMENDATION:

That the City Council:

- 1. Opens the Public Hearing and receives testimony;
- 2. Closes the Public Hearing;
- 3. Determines if a majority protest has been received; and (if not)
- 4. Adopts the next Resolution, in order, to:
 - Determine the lack of majority protest;
 - Overrule objections to the report;
 - Accept the City of El Cajon Annual Sewer Charges Fiscal Year 2024-2025 Report;
 - Accept Appendix B, which identifies by parcel number, each parcel of real property receiving sewer services, and the amount of sewer charges for each parcel for Fiscal Year 2024-2025 at the currently adopted rates, as required by the California Health and Safety Code section 5473, et seq., pertaining to collection of sewer charges on the tax roll;
 - Direct the City Clerk to file the reports with the San Diego County Auditor; and
 - Direct the Finance Department to file a certification of the sewer service charges with the San Diego County Auditor.

BACKGROUND:

The City provides sewer services to over 17,000 properties. On May 12, 2020, the City moved to place the annual sewer charges on the tax roll.

A public hearing is required to consider adopting a specific annual sewer charge for each property. The City of El Cajon Annual Sewer Charges Fiscal Year 2024-2025 Report (Report) identifies each parcel of real property receiving sewer services and the amount of sewer charges for each parcel for FY25, as required by the California Health and Safety Code section 5473, et seq., pertaining to collecting sewer charges on the tax roll. The Report is on file with the Office of the City Clerk.

In preparing the sewer billing for the tax roll, the methodology used to develop the bills has remained unchanged. The County of San Diego will continue to split annualized costs between the two tax bill installments received by property owners.

For most single-family residential customers, the City's sewer service fees are billed based on a fixed winter average (FWA) and a base monthly charge. The FWA is adjusted annually based on the previous winter's water usage. The annual charges for commercial and industrial customers vary based on water consumption and the strength of the sewage they generate (categorized as low, medium, or high).

The water usage billed as part of the FY25 sewer bill relies on water usage data obtained from the City's two water purveyors (Helix Water District and Padre Dam Municipal Water District) for the period of May 2023 through April 2024. This data is used to develop the total annualized usage for most classifications and the FWA rates for residential customers who do not have separate irrigation meters.

Accounts that do not receive a property tax bill, such as properties owned by public entities (government agencies and school districts), will continue to receive manual bills under a separate process. Several multi-family properties and homeowners associations (HOAs) with master water meters for their properties will also continue to receive manual bills.

Some multi-family properties have historically managed sewer charges for their owners based on water usage from private meters. These accounts had initially been manually billed in at least the first annual period since the billing transition in 2020. Since then, additional outreach has been performed to understand better how these property owners have managed charges and formulated equitable allocations. With this new data, staff has effectively transitioned multiple properties to tax roll billing for this and previous subject periods, thus reducing the number of manual bills required each year. Outreach will continue to help transition the remaining applicable multi-family properties to tax roll collection.

All affected property owners have been sent notices with the projected billing amount to be placed on the upcoming tax roll. Entities receiving manual bills will continue to receive them in or around the month of September, which closely aligns with the timeline for property tax billings. This provides these entities with the same notice as other property owners.

Sixteen thousand two hundred forty-three mailers were sent to property owners. There will be approximately 140 invoices sent to entities in September as manual semi-annual bills. Property owners may also use the City's online lookup tool to review their previous annual sewer charges and the current FY25 charges after being approved by the City Council. This tool may be accessed via the City's dedicated sewer page at www.elcajon.gov/sewer.

Appendix B lists the annual sewer charge assessments for all affected properties at the rates adopted in November 2018. FY25 sewer rates remain the same as those in FY24.

CALIFORNIA ENVIRONMENTAL QUALITY ACT:

This proposed action is exempt from the California Environmental Quality Act ("CEQA") pursuant to State CEQA Guidelines section 15378(b)(5) because it is an administrative government action that does not result in any direct or indirect physical change in the environment.

FISCAL IMPACT:

The total amount to be assessed on Tax Roll for 17,297 parcels to be submitted to the County Auditor for collection on the associated FY2024-2025 property tax bills is \$29,276,353.54.

Background

Based upon the City Council's direction on May 12, 2020, in Resolution 971-20, the City's sewer billings are no longer sent to customers bi-monthly. The annual sewer charges are currently placed on the County's property tax roll. The following table summarizes the five-year rate plan initially adopted by the City Council on October 8, 2019, in Ordinance No. 689-19 and revised by Resolutions 971-20 and 066-22. An update rate study is planned following an update to the Sewer Master Plan in FY25, where the current and future wastewater capital improvement program needs will be reviewed and projected for the next 15-25 years. As such, FY25 rates remain the same as those implemented in FY24.

Rates may increase each year by any amount of pass-through charges per Section 53756 of the California Government Code; however, FY24 marked the final rate increase implementation of the Rate Study approved on October 8, 2019.

Billing Methodology

The methodology used to develop the sewer charges has not changed from the time of the approved sewer rate development. The County will split the annualized bill total across the two equal tax bill payments. The City's sewer service fees for most single-family residential customers are billed based on a Fixed Winter Average (FWA), calculated as the average water usage from November through March, and a base monthly charge. Annually, the FWA is adjusted based upon the previous winter's water usage.

For multi-family residential, commercial, and industrial customers, the annual charges are variable and based on the specific water consumption. Commercial and industrial accounts have additional rate variances based on the strength of the sewage they each generate (rated as low, medium, or high). The water use billed as part of the FY24-25 sewer bill is water use data from April to March. Water usage data was obtained from Helix Water District and Padre Dam Municipal Water District.

The bills are calculated as follows:

- Fixed Winter Average (FWA) = the average water usage from about November through March (varies based on actual water district read dates).
- For Fixed Winter Average accounts = (FWA x Consumption Charge) x 6 + (12 x Monthly Base Charge)
- Although most single-family residences are billed on an FWA, some accounts are billed on a consumption basis. For all consumption-based accounts, including commercial and multi-family accounts:
 Annual Sewer Charge = (Total Consumption x Consumption Charge) + (12 x Monthly Base Charge)
- Total Consumption = all water usage from April through March.

Home Owners Associations Equal Split

Quite a few properties have condo overlays or have Home Owners' Associations (HOAs) that have master meters for the properties. Because residential billing is based on actual water usage and not a flat rate per customer, the size of individual units would generally affect the water use and, subsequently, wastewater generation. For example, an HOA or condominium complex may have varying unit sizes that range from 1 (one) bedroom - 1 (one) bathroom studio to 3 (three) bedroom - 2 (Two) bath units. Some HOAs, however, have uniform units that would have relatively consistent water use and wastewater generation.

Over the past four years, the City has been reaching out to the HOAs and has asked them to fill out documentation outlining how they split their sewer bills among their property owners. 49 HOAs have responded that they split the bill evenly and had no concerns about the bill going on the tax roll. The corresponding 1,373 condominium owners in those situations are included in these tax roll assessments.

Annual Property Owner Notices

Individual notices were sent to all property owners with their projected bills on the tax roll based on the currently approved rate increases. HOA representatives whose charges are being collected with the tax roll have received notice about the charges in addition to the notices sent directly to the individual condominium owners. Entities receiving handbills will receive a separate mailing outlining the official bills they will receive in September, around the same time as the property tax billings are received. This allows the remaining HOAs and governmental entities to have the same planning information that the other property owners are given. Samples of the letters sent to property owners are included in Appendix A. A total of 16,243 mailers were sent to property owners and 49 mailers to HOA management contacts. There will be about 140 mailers sent to entities that will receive handbills. Following City Council's confirmation, all sewer charges will be uploaded to the City's Sewer Account Lookup Tool on the City's website:

https://docs.cityofelcajon.us:8552/arcgis/rest/directories/apps/sewer lookup tool/index.html.

Wastewater Treatment Costs/Pass-Through Costs

The costs of wastewater collection, transportation, and treatment have increased dramatically in recent years, and the forecast is for costs to continue to increase in the coming years. The City of El Cajon is a member of the

Metro Wastewater Joint Powers Authority (Metro JPA). This twelve-member agency uses the City of San Diego treatment facilities, primarily the Point Loma Wastewater Treatment Plant, to treat their wastewater. Currently, 100% of the City of El Cajon's wastewater effluent is transported to the City of San Diego for treatment and disposal. However, the City is also a member of the East County Advanced Water Purification Joint Powers Authority (ECAWP JPA); a three-wastewater member agency established in 2019 to manage the construction of the East County Advanced Water Purification Program (ECAWP Program) and future operation projected to start in Fiscal Year 2026. Once the ECAWP plant is completed, nearly all of the City of El Cajon's standard wastewater will be diverted to ECAWP, other than minor flows that will continue to the Metro through La Mesa and wetweather peak flows.

The Metro JPA shares the cost of the operation and maintenance of this plant and related infrastructure with the City of San Diego. The Point Loma Wastewater Treatment Plant is currently undergoing upgrades, and the City of San Diego is implementing the Pure Water Program, which also requires some cost-sharing for the infrastructure associated with the treatment of the wastewater generated from the Metro JPA agencies. The City continues to closely monitor the actual impact on treatment costs as the Pure Water Program costs become more specific. The City has the authority, by State statute, to pass through any increases from other agencies with any annual billing (such as treatment by the City of San Diego). For the FY24-25 tax roll billing, no proposed pass-through increase is required.

Summary of Annual Sewer Charges

Below is a summary of charges presented by Classification at the approved FY25 rates for Council approval. The separate charges to be assessed for each parcel for the tax roll are included in Appendix B.

Customer Classification	FY2025 Total Charges
All Billing Types	\$29,276,353.54
Commercial/Gov	\$5,839,977.28
Multi-Family Res	\$12,509,030.56
Single-Family Res	\$10,927,345.70

Appendix C will be added to this report just before the July 9, 2024 Hearing. Appendix C shows amendments to reduce specific assessments included in Appendix B. These adjustments are calculated by Staff using updated information based on property owner requests received after the creation of this report. Adjustments such as these have been typical past practice and are warranted when the initial water data used to calculate the sewer charge is not representative of a specific property's general sewage generation, especially when a property experiences water leaks or occupancy changes.

DATE: July 9, 2024

TO: Honorable Mayor and City Councilmembers

FROM: Jose Dorado, Housing Manager

SUBJECT: Issuance of Tax-Exempt Revenue Bonds for La Maestra Family Clinic, Inc.

by the California Municipal Finance Authority

RECOMMENDATION:

That the City Council:

- 1. Conducts the Tax and Equity Fiscal Responsibilities Act ("TEFRA") public hearing in consideration of the issuance of tax-exempt revenue bond financing by the California Municipal Finance Authority for the benefit of La Maestra Family Clinic, Inc., to provide for the acquisition and renovation of several buildings at 1242-1248 East Main Street, El Cajon, California, for the development of a new heath clinic; and
- 2. Adopts the next Resolution, in order, approving the issuance of Bonds by the California Municipal Finance Authority not to exceed \$15,000,000 for the benefit of La Maestra Family Clinic, Inc., to provide for the acquisition and renovation of several buildings at 1242-1248 East Main Street, El Cajon, California, for the development of a new heathcare clinic.

BACKGROUND:

A Tax Equity and Fiscal Responsibility Act ("TEFRA") public hearing is a requirement of the IRS when non-profit organizations borrow money through tax-exempt revenue bonds issued by a conduit entity like the California Municipal Finance Authority ("CMFA"). The purpose of this hearing is to give the public a chance to share their thoughts – they can comment, support, oppose, or question the use of tax-exempt revenue bonds by a non-profit that's doing something good for the community. Providing health care services for the community is one example of a public benefit.

The CMFA was created on January 1, 2004 pursuant to a joint exercise of powers agreement to promote economic, cultural and community development, through the financing of economic development and charitable activities throughout California. To date, over 350 municipalities, including the City of El Cajon, have become members of CMFA.

The CMFA was formed to assist local governments, non-profit organizations and businesses with the issuance of taxable and tax-exempt bonds aimed at improving the standard of living in California. The CMFA's representatives and its Board of Directors have considerable experience in bond financings.

Prior to this TEFRA Hearing, a public hearing notice was published in the San Diego Daily Transcript on June 25, 2024 (Attachment 2: Public Hearing Notice). Moreover, the notice was posted in the kiosk at City Hall and on the City's website under "Public Hearings/Public Notices." The notice was also mailed to the two public libraries in the City of El Cajon, located at 201 East Douglas Avenue and 576 Garfield Avenue.

Proposed Project

La Maestra Family Clinic, Inc. (the "Borrower") has requested that CMFA serve as the municipal issuer of tax-exempt revenue bonds for an aggregate principal amount not to exceed \$15,000,000. The proceeds of the bonds will be used for the purpose of making a loan to the Borrower, to enable the Borrower to finance the acquisition and renovation of several buildings at 1242-1248 East Main Street for the development of a new health clinic (the "Project"), which will be owned by the Borrower (Attachment 1: Location Map).

Please note that the City Council's adoption of the proposed resolution is solely for the purposes of satisfying the requirements of TEFRA. No other participation of the City in the bond financing will be required. The debt issued that is financed by the bonds is not debt of the City, and all repayment of debt is the strict obligation of the Borrower. Furthermore, all administrative actions related to this issuance are the responsibility of CMFA. The City's participation will not impact the City's appropriation limits and will not constitute any type of indebtedness by the City.

Proposed Use of Bond Proceeds

In November 2021, La Maestra Family Clinic, Inc. (LMFC) purchased the commercial retail property at 1242-1248 E. Main Street for \$6,450,000. The site is developed with three buildings, parking, landscaping and lighting. The current use of the property is as follows:

- 1242 E. Main Street is 3,542 sq. ft, currently occupied by LMFC and used for dental services.
- 1246 E. Main Street (suites 101 113) is 14,310 sq. ft and is currently under renovation. The renovations began on December 14, 2023, and are expected to be complete by September. LMFC intends to provide the following services in this building: primary medical care, behavioral health, chiropractic, optometry, acupuncture, and dental. Additional services to be provided at this location include pharmacy, community outreach, enhanced care management/community support and administrative services for programs such as senior services, liver and asthma health programs. Suite 113 consists of 2,400 sq. ft. and is currently leased by a retail tobacco business. This lease is scheduled to end on May 30, 2025, but the tenant has indicated he will exercise the option to lease the space for an additional five years. At the end of the five-year option period (May 30, 2030), LMFC intends to occupy the space and provide additional services.
- 1248 E. Main Street consists of 2,468 sq. ft. which is currently leased by City Bistro restaurant. This lease is scheduled to expire on February 28, 2026, but the tenant has two sixty-month extensions which it can exercise. It is unknown at this time whether the tenant plans to exercise either of the options which could extend the lease term to February 28, 2036. Once the lease terminates, LMFC intends to remodel the space for additional health services. The Bond proceeds from the 2024 Bonds will be used to reimburse LMFC for the purchase of the site, the renovation of the 1246 building, and other related development costs. The current budget for the remodel construction is \$6,318,020.
- Additional work includes new underground utilities, upgraded trash enclosures, parking lot resurfacing and striping, new energy efficient parking lot light fixtures, a new landscape

irrigation drip system, ground cover, shrubs, and new signage. The exterior of the existing clinic building will be patched and repainted, and rooftop solar will be installed.

Conclusion

After this project is completed, LMFC will be able to provide over 80,000 critical primary care visits annually at this site to over 22,000 low-income patients. In addition, this will be a primary site for LMFC staff to connect patients and their families with programs addressing other critical social determinants of health.

CALIFORNIA ENVIRONMENTAL QUALITY ACT:

This project is exempt pursuant to the California Environmental Quality Act ("CEQA") State Guidelines section 15061(b)(3), the "Common Sense Rule," which states that CEQA applies only to projects which have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. The proposed project will result in a new owner and substantial rehabilitation of an existing affordable housing development, and therefore does not raise this project to a level of significance that warrants CEQA analysis because the intensity of the existing development does not change and there are no potentially significant environmental effects.

FISCAL IMPACT:

There is no fiscal impact on the City. The bonds will be issued as limited obligations of CMFA, payable solely from revenues and receipts derived from loan repayments to be made to CMFA by Borrower. The City bears no liability with respect to the issuance of the bonds. Further, the City is not a party to any of the financing documents related to the bond issuance and is not named in any of the disclosure documents describing the bonds or the proposed financing.

SUBJECT: El Cajon Parkway Plaza Reimaged Market Analysis

RECOMMENDATION:

That the City Council receives the report, shares feedback, and provides direction on possible next steps.

BACKGROUND:

On June 27, 2023, the City Council directed staff to conduct a market analysis of possible redevelopment options for the Parkway Plaza property. Following this directive, the City solicited interest from capable firms and reviewed proposals from seven firms, ultimately interviewing four. Based on the evaluations, Hunden Partners and 505Design at Cooper Carry (505Design) were selected to provide the economic analysis and architectural renderings of redevelopment options.

Hunden Partners began work on December 12, 2023. Their efforts included:

- Meeting with stakeholders, including mall property owners,
- Analyzing current activity at the mall property,
- Consulting with brokers and developers in the San Diego area,
- Identifying potential missing uses, and
- Conducting a financial analysis of possible redevelopment opportunities.

Based on the market analysis, 505Design created an architectural rendering envisioning a redevelopment project. These preliminary renderings were shared with the various ownership groups at Parkway Plaza. Subsequently, staff requested an additional architectural concept to illustrate an alternative design approach.

The intent of this agenda item is for Hunden Partners and 505Design to present their study and solicit feedback. It is important to emphasize that the renderings presented are not proposals but illustrations showcasing the redevelopment potential of Parkway Plaza.

At the conclusion of the presentation, staff will present possible next steps for the City Council to consider.

CALIFORNIA ENVIRONMENTAL QUALITY ACT:

This is an informational item being considered by the City Council. Therefore, it is exempt from the California Environmental Quality Act ("CEQA") because it is not a "project" under section 15378(b)(5) of the State CEQA Guidelines. City Council feedback or next steps may require environmental review which will be addressed prior to project approval.
