I bring extensive experience in local government and a clear vision for our city. For five years, I worked with Mayors across the US, including some right here in Southern California. I helped municipalities leverage meaningful data, streamline processes, and use taxpayer resources responsibly. I have direct experience in government as Senior Statistician for the New Mexico Public Education Department and, currently, Principal Data and Research Analyst for the County of San Diego.

El Cajon faces challenges - from homelessness to economic development - and I'm committed to addressing these issues head-on. I will explore new ways to bring revenue into our city and support local businesses without raising taxes. I'm not afraid to get my hands dirty - literally. I have volunteered over 125 hours cleaning kennels and walking dogs at the El Cajon branch of the San Diego Humane Society. I was Volunteer of the Month in June 2023.

I believe our government will be stronger with more community perspectives and voices at the table. I'll offer plenty of ways for you to engage with the Council outside of formal meetings. Let's work together to use data, save money, and make life better for the whole community! I humbly ask for your vote.
