Description: Thank you for submitting the subject application for a "Proposed Accessory Dwelling Unit." Unfortunately, staff regret to inform you that the plans cannot be accepted for review as drawn. Primary issues that must be addressed prior to review include, but may not be limited to:

- 1. The proposed accessory dwelling unit exceeds available lot coverage for the parcel. The Planned Unit Development has approximately 10% lot coverage available which is divided across the three separate residential parcels in the development. The available lot coverage equates to an approximate maximum of 600 square feet of coverage per parcel.*
- 2. The proposed accessory dwelling unit does not meet the minimum 6 foot distance between single-family structures in section 17.140.080.*
- 3. The proposed accessory dwelling unit does not comply with the design requirements in El Cajon Municipal Code section 17.140.170. Please be advised that state exemption ADUs (less than 800 square feet, 4 foot setbacks side and rear, less than 16 feet tall) are exempt.*
- 4. Apparent discrepancies include:*
 - a. Minimum transparency requirements pursuant to 17.140.170(F)(2).*
 - b. Minimum design features pursuant to 17.140.170(F)(3).*
 - c. Minimum relief and projection pursuant to 17.140.170(F)(6).*

For these reasons, the current application will be closed. When a revised submittal is available, you may reapply through www.elcajon.gov/paco.

Respectfully,

*Mike Viglione
