	<i>Description: Good Evening, Thank you for submitting the subject application for a "Permit for a Detached ADU." Unfortunately, staff regret to inform you that the plans cannot be accepted for review as drawn. Primary issues that must be addressed prior to review include, but may not be limited to: 1. The plans propose a 20.5 foot tall Accessory Dwelling Unit which requires compliance with primary RS-6 setbacks pursuant to 17.140.180(E)(2)(a). The unit may either be reduced to 20 feet total to rely on 5 setbacks or, alternatively, the plans may be revised to demonstrate that the unit observes the required RS-6 15 foot setback from the assumed rear lot line is observed. The assumed rear lot line is a line 10 feet wide furthest removed and parallel to the front lot line as shown in the attached image . 2. Please also be advised that the proposed accessory dwelling unit does not comply with the design requirements in El Cajon Municipal Code section 17.140.170. These must be observed unless an Administrative Zoning Permit is approved by the Director of Community Development. Apparent discrepancies include: a. Minimum transparency requirements pursuant to 17.140.170(F)(2). 10% minimum transparency is required across all building faces. Only the west elevation appears to comply. b. Minimum design features pursuant to 17.140.170(F)(3).</i>						
	<i>For these reasons, the current application will be closed. When a revised submittal is available, you may reapply through <a href="http://www.elcajon.gov/paco">www.elcajon.gov/paco</a>.</i>

	<p><i>Description: Good Morning,</i></p> <p><i>Thank you for submitting the subject building permit application for a "SB9 - 2 FLOORS 2 UNITS ADU". Unfortunately, staff regret to inform you that the plans for these ADUs cannot be accepted for review without submittal of a Non-Refundable Fee Authorization. Primary issues include:</i></p> <ol style="list-style-type: none"> <li><i>The site must have two attached primary dwelling units to be eligible for two additional detached accessory dwelling units. The existing accessory dwelling unit above the garage has not yet been converted to a second primary unit pursuant to SB 9 nor do the plans include details regarding the conversion of the existing ADU to a primary unit beyond a reference on the site plan. The SB 9 unit would, among other potential requirements, need an off-street garaged parking space to be identified and fire sprinklers.</i></li> <li><i>The proposed accessory dwelling unit structure does not comply with the section 17.140.170 objective design standards. Apparent discrepancies include: transparency, relief/projection, and design features. Compliance with these standards is required unless an Administrative Zoning Permit is approved. For reference, an Administrative Zoning Permit is a staff level discretionary planning permit described in chapter 17.40 and may result in project conditions if approved. The fee for an Administrative Zoning Permit is \$395 and would require a separate Planning Permit Application and submit all applicable items from the Submittal Checklist.</i></li> </ol> <p><i>The Non-Refundable Fee Authorization Form is thus a requirement to proceed with submittal given that the proposed site would not currently be eligible for the proposed structure and that a planning permit would be required to authorize the design. If the Non-Refundable Fee Authorization is received from the applicant then the application may be accepted for plan check however resolution of these issues would still be required prior to issuance.</i></p> <p><i>Please let me know how you would like to proceed.</i></p> <p><i>Mike Viglione Senior Planner mviglione@elcajon.gov 619-441-1773</i></p>
