

R.E.C. CAMPAIGN

"Recreation Enhances Our Community"

In an economy where every dollar counts, it's good to know that the dollars invested in the R.E.C. Campaign can provide such positive returns for our kids and our community. Your contribution to R.E.C. will provide after school programming and recreational scholarships for youth.

These programs provide a fun and safe environment, teach new skills, promote healthy lifestyles and build assets such as teamwork, confidence and problem solving. These are just a few positive returns on a R.E.C. Campaign investment.

"I am a single mother of four and a full-time student. Without the Scholarship Program, I would not have been able to enroll my 11, 10, and 8 year old sons in sports activities due to the lack of finances in my home. My oldest son has improved his stamina, and sportsmanship, my 10 year old son learned what it takes to be a member of a team and my 8 year old son's team experience allowed him to really shine."

"In great appreciation for your scholarship fund...I'm writing to say 'Many Thanks!' We are seniors and are raising our 6 year old granddaughter. Putting her in your classes has greatly increased her self-esteem and confidence!"

.....
please detach and return

Yes, I would like to invest in the R.E.C. Campaign with my donation.

Your tax deductible donation is greatly appreciated.
